**The Department of State Bulletin**, 1942 **US-Singapore Relations, 1965-1975** Daniel Wei Boon Chua, 2017-06-23 At the height of the Cold War in Southeast Asia the foreign relations between the United States and Singapore demonstrated the interplay between America's strategy of containment and Singapore's efforts at a

non aligned foreign policy But there is a deeper story American involvement in the Vietnam War not only held back the spread of communism in Southeast Asia but also catalysed economic and strategic cooperation between the United States and Singapore The author argues that Singapore might not have achieved its success so rapidly without the support of the US As the war in Vietnam raged on Singapore became a critical refueling point also providing ship and aircraft repair for the US military Commercial and strategic support from the United States lifted Singapore out of the economic doom predicted for the city state after secession from Malaysia cessation of Indonesian trade during Konfrontasi and Britain's military withdrawal By considering the importance of the US's role in Singapore's nation building this book provides an important supplement to the well trodden narrative that attributes Singapore's success to good governance *Developing International Understanding* United States. House of Commons, 1925 Contains the 4th session of the 28th Parliament through the 1st session of the 48th Parliament **A Chinese from Singapore** Samuel Wong, 2009-03-23 A young Chinese came to the U S for theological training His goal was to become a pastor teacher in Singapore Upon graduation he returned to Singapore with his Caucasian wife to fulfill his obligations and to do post graduate study concurrently Unwittingly the young couple was entangled in church and secular politics and they had to leave Singapore They began a new life in America At several critical junctures of the protagonist's career when he was in a relatively comfortable environment he moved out of the comfort zone to tackle a new challenge in response to a higher calling The detours in his life journey the prejudice and discrimination in the workplace the consistent acts of fairness of people of good will the secrets of his success and the mellowing of his worldview and religious faith are the substance of this unusual book of inspiration For a deeper appreciation of one who has led a life full of challenges a life characterized by many successes against high odds and a life replete with recognitions and awards in secular and religious settings I invite you to read on *Planning Singapore* Stephen Hamnett, Belinda Yuen, 2019-05-08 Two hundred years ago Sir Stamford Raffles established the modern settlement of Singapore with the intent of seeing it become a great commercial emporium and fulcrum But by the time independence was achieved in 1965 the city faced daunting problems of housing shortage slums and high unemployment Since then Singapore has become one of the richest countries on earth providing in Sir Peter Hall's words perhaps the most extraordinary case of economic development in the history of the world The story of Singapore's remarkable achievements in the first half century after its independence is now widely known In *Planning Singapore The Experimental City* Stephen Hamnett and Belinda Yuen have brought together a set of chapters on Singapore's planning achievements aspirations and challenges which are united in their focus on what might happen next in the planning of the island state Chapters range over Singapore's planning system innovation and future economy housing biodiversity water and waste climate change transport and the potential transferability of Singapore's planning knowledge A key question is whether the planning approaches which have served Singapore so well until now will

suffice to meet the emerging challenges of a changing global economy demographic shifts new technologies and the existential threat of climate change Singapore as a global city is becoming more unequal and more diverse This has the potential to weaken the social compact which has largely existed since independence and to undermine the social resilience undoubtedly needed to cope with the shocks and disruptions of the twenty first century The book concludes however that Singapore is better placed than most to respond to the challenges which it will certainly face thanks to its outstanding systems of planning and implementation a proven capacity to experiment and a highly developed ability to adapt quickly purposefully and pragmatically to changing circumstances
