Spanish for Veterinarians Bonnie Frederick, Juan Mosqueda, 2011-11-16 Spanish for Veterinarians Second Edition is designed to help you rapidly learn working Spanish for clinical conversations Packed with the practical vocabulary information and conversational tools found in the first edition the new edition now includes a new chapter on exotics and expanded information on the Spanish required for pre consultation discussion The pronunciation exercises available online as audio files to help veterinary team members effectively and confidently use Spanish in their client communications have also been revised and expanded This new edition is a lively presentation of the Spanish that working vets increasingly need to know

Investigating Local Knowledge Paul Sillitoe, 2019-05-23 Originally published in 2004 Local knowledge reflects many generations of experience and problem solving by people around the world increasingly affected by globalizing forces Such knowledge is far more sophisticated than development professionals previously assumed and as such represents an immensely valuable resource A growing number of governments and international development agencies are recognizing that local level knowledge and organizations offer the foundation for new participatory models of development that are both cost effective and sustainable and ecologically and socially sound This book provides a timely overview of new directions and new approaches to investigating the role of rural communities in generating knowledge founded on their sophisticated understandings of their environments devising mechanisms to conserve and sustain their natural resources and establishing community based organizations that serve as forums for identifying problems and dealing with them through local level experimentation innovation and exchange of information with other societies These studies show that development activities that work with and through local knowledge and organizations have several important advantages over projects that operate outside them Local knowledge informs grassroots decision making much of which takes place through indigenous organizations and associations at the community level as people seek to identify and determine solutions to their problems

The Auk, 1884

Vedette Stephen Siciliano, 2004-04 Born to a Gothic social order branded a haunter of men's dreams Vedette is traumatized when her small town in the magical wetlands of southern Spain's Guadalquivir River is overrun by hashish smoking anarchists promising free love and a life without sadness to those who would follow them Entranced by their flamenco music their philosophy of revenge and the concrete ability to deliver political results the young woman joins a movement destined to annihilation and becomes its sole survivor burdened with the task of keeping its memory and project for a better world alive through conversations with their flamenco shadows Transcending political viewpoints Mr Siciliano opens a new chapter in the understanding of the Spanish Civil War opting for a literary interpretation that looks beyond right and wrong to more

universal lessons only the passage of decades and the healing effects of time can reveal *A Field Guide to the Birds of Mexico and Adjacent Areas* Ernest Preston Edwards, 1998 More than a thousand species of birds occur in Mexico and in the adjacent countries of Belize Guatemala and El Salvador Of these birds a unique mixture of temperate zone and tropical species less than half are found in the United States and many cross the border only a short distance into the southwestern states This practical field guide contains detailed annotations for easy identification of all of Mexico's regular species The descriptions include the English Spanish and Latin names a general range statement for each bird along with its specific occurrences in the region its typical habitats and abundance and its physical characteristics including size and plumage Excellent color plates with drawings of over 850 species make this the most fully illustrated guide to the region Published by the author in 1972 and 1989 this convenient take along guide is now totally revised updated and redesigned to provide handy assistance and enjoyment to professional ornithologists and amateur birders alike *The Fishes of North and Middle America* David Starr Jordan, Barton Warren Evermann, 1898 *Tobacco* Charles A.
