Home Care Fault Lines Cynthia J. Cranford, 2020-06-15 In this revealing look at home care Cynthia J Cranford illustrates how elderly and disabled people and the immigrant women workers who assist them in daily activities develop meaningful relationships even when their different ages abilities races nationalities and socioeconomic backgrounds generate tension As Cranford shows workers can experience devaluation within racialized and gendered class hierarchies which shapes their pursuit of security Cranford analyzes the tensions alliances and compromises between security for workers and flexibility for elderly and disabled people and she argues that workers and recipients negotiate flexibility and security within intersecting inequalities in varying ways depending on multiple interacting dynamics What comes through from Cranford's analysis is the need for deeply democratic alliances across multiple axes of inequality To support both flexible care and secure work she argues for an intimate community unionism that advocates for universal state funding designs culturally sensitive labor market intermediaries run by workers and recipients to help people find jobs or workers and addresses everyday tensions in home workplaces

The Coming Age of Direct Democracy Mark Baldassare, Cheryl Katz, 2008 This book examines the new hybrid democracy that has been taking shape in California since the historic recall of Gov Gray Davis and election of former actor Arnold Schwarzenegger in 2003 During the recall and its aftermath California has reached unprecedented levels of use of direct democracy in which public policy decisions are made by voters at the ballot box rather than by elected representatives in the legislature Driven by Californians long standing populism and distrust of government a new form of governance is emerging one that seeks to avoid the pitfalls of party politics and influence by special interest groups that plague representative democracy by increasing the role of voters at the ballot box This book analyzes the hybrid democracy that has developed under Gov Schwarzenegger and how his leadership has encouraged its growth Using the Public Policy Institute of California Statewide Surveys which include interviews with more than 150 000 Californians the authors detail the transformation in the state's political climate and the public attitudes behind this change The authors conclude that this transformation will likely take place in other states perhaps even nationwide and offer recommendations for ways to improve policymaking in a hybrid democracy

Almost All Aliens Paul Spickard, 2009-05-07 Almost All Aliens offers a unique reinterpretation of immigration in the history of the United States Leaving behind the traditional melting pot model of immigrant assimilation Paul Spickard puts forward a fresh and provocative reconceptualization that embraces the multicultural reality of immigration that has always existed in the United States His astute study illustrates the complex relationship between ethnic identity and race slavery and colonial expansion Examining not only the lives of those who crossed the Atlantic but also those who crossed the Pacific the Caribbean and the North American Borderlands Almost All Aliens provides a distinct inclusive analysis of immigration and identity in the United States from 1600 until the present For additional information and classroom resources please visit the Almost All Aliens companion website at www.routledge.com

textbooks almost all aliens **Queer Screams** Abigail Waldron, 2022-08-31 The horror genre mirrors the American queer experience both positively and negatively overtly and subtextually from the lumbering flower picking monster of Frankenstein 1931 to the fearless intersectional protagonist of the Fear Street Trilogy 2021 This is a historical look at the queer experiences of the horror genre s characters performers authors and filmmakers Offering a fresh look at the horror genre s queer roots this book documents how diverse stories have provided an outlet for queer people including transgender and non binary people to find catharsis and reclamation Freaks dolls serial killers telekinetic teenagers and Final Girls all have something to contribute to the historical examination of the American LGBTQ experience Ranging from psychiatry to homophobic fear of HIV AIDS spread and most recently the alienation and self determination of queer America in the Trump era this is a look into how terror may repair a shattered queer heart *Report of the Secretary of the Senate* United States. Congress. Senate, 2006 **Taser Electronic Control Devices and Sudden In-custody Death** Howard E. Williams, 2008 After reviewing the available evidence from this extensive case study the author concludes that these conducted energy weapons are excluded as the cause of death in 182 of the 212 cases In only two cases did the evidence tend to confirm the weapon was either a cause of death or a significant contributing factor While arguing that the TASER electronic control devices are safe less lethal weapons the author also cautions that they are not completely effective School-Based Mental Health Ray W. Christner, Rosemary B. Mennuti, 2008-12-22 This volume provides school based practitioners with a comprehensive and comparative guide to the strategic interventions therapeutic modalities and treatment approaches that are most commonly and effectively used in educational settings Three main sections of the text present a foundation of universal interventions targeted interventions and alternative interventions appropriate for use in schools Unifying the chapters are two central case examples allowing the reader to see and evaluate the strengths and potential challenges of each technique in a familiar situation This emphasis on case examples and the comparative structure of the volume will provide a level of hands on and practical learning that is helpful for both students and mental health practitioners working in schools for the first time and as a resource for more seasoned professionals who need to expand the tools at their disposal *Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986*, 2002 *Working for Justice* Milkman Ruth, Joshua Bloom, Victor Narro, 2013-09-30 Working for Justice which includes eleven case studies of recent low wage worker organizing campaigns in Los Angeles makes the case for a distinctive L A Model of union and worker center organizing Networks linking advocates in worker centers and labor unions facilitate mutual learning and synergy and have generated a shared repertoire of economic justice strategies The organized labor movement in Los Angeles has weathered the effects of deindustrialization and deregulation better than unions in other parts of the United States and this has helped to anchor the city s wider low wage worker movement Los Angeles is also home to the nation s highest concentration of undocumented immigrants making it especially fertile territory for low wage worker organizing The case

studies in Working for Justice are all based on original field research on organizing campaigns among L A day laborers garment workers car wash workers security officers janitors taxi drivers hotel workers as well as the efforts of ethnically focused worker centers and immigrant rights organizations The authors interviewed key organizers gained access to primary documents and conducted participant observation Working for Justice is a valuable resource for sociologists and other scholars in the interdisciplinary field of labor studies as well as for advocates and policymakers

Propaganda and Information Warfare in the Twenty-First Century Scot Macdonald,2006-12-05 This is the first book to analyze how the technology to alter images and rapidly distribute them can be used for propaganda and to support deception operations In the past propagandists and those seeking to conduct deception operations used crude methods to alter images of real people events and objects which could usually be detected relatively easily Today however computers allow propagandists to create any imaginable image still or moving with appropriate accompanying audio Furthermore it is becoming extremely difficult to detect that an image has been manipulated and the Internet television and global media make it possible to disseminate altered images around the world almost instantaneously Given that the United States is the sole superpower few if any adversaries will attempt to fight the US military conventionally on the battlefield Therefore adversaries will use propaganda and deception especially altered images in an attempt to level the battlefield or to win a war against the United States without even having to fight militarily Propaganda and Information Warfare in the 21st Century will be of great interest to students of information war propaganda public diplomacy and security studies in general

Flak-Catchers Lindsey Lupo,2010-12-02 Flak Catchers explores the ways in which riot commissions the institutional bodies appointed by an executive in the aftermath of a race riot to determine a riot timeline investigate causes and offer prescriptions for change have dealt with racial violence in the United States over the last century In studying five riots and their commissions Chicago 1919 Harlem 1935 Los Angeles 1965 USA 1967 and Los Angeles 1992 this book shows that riot commissions only serve to give the appearance of strong and responsive government action during uncertain times They primarily benefit the instituting body by focusing on a restoration of law and order while undermining any larger civil rights message However this book also challenges the prevalent idea that riot commissions are all the same by revealing how riot commissions have changed over the last century shifting in their prominence content and focus After the 1968 Kerner Commission which studied the 1967 summer riots it has become increasingly common for the riot commission to fail to answer fundamental questions posed by the crisis
