Los Mejores Del Merengue 2002:

Merengue and Dominican Identity Julie A. Sellers, 2004-10-15 The merengue is internationally recognized as the Dominican Republic's national dance. It is an integral and unifying element of Dominican identity both within that nation and among emigrants abroad. Although Dominicans often make the claim that merengue has always been in their blood, the dance is relatively young and its popularity among Dominicans of all social classes and ages is an even more recent occurrence. This book presents three convincing arguments about the merengue's longevity as a unifying symbol of Dominican identity. Dominican identity and the merengue have necessarily been extremely fluid in order to encompass the different cultural and ethnic groups present historically; the merengue has become a stronger identity symbol when the nation is or is perceived to be threatened from outside and the white Catholic Hispanic Dominican has long been held as the true Dominican identity, causing the dance to become progressively whitened in terms of performers and style to reflect this notion and gain wider appeal at home and abroad. A map of the Dominican Republic, related photographs of key figures of Dominican history and merengue artists across the decades, and a complete bibliography are included. **Billboard**, 2002-04-06 In its 114th year, **Billboard** remains the world's premier weekly music publication and a diverse digital events brand, content, and data licensing platform. **Billboard** publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital, and mobile entertainment issues and trends. **Bassist's Bible** Tim Boomer, Mick Berry, Chaz Bufe, 2014-01-01 Newly enhanced with embedded audio and video tracks, the incredible versatility of the bass guitar is revealed in this newly revised all-inclusive style guide. Each chapter covers particular styles or families of styles, gradually introducing players to techniques that will allow them to get the most out of their instruments and easily increase their bass repertoire. More than 400 bass grooves are presented in standard percussion notation along with 192 embedded audio grooves. The book also includes helpful information on the development of all styles covered. All musical samples in this updated edition are in both standard notation and tablature, and the style histories, bibliography, and discography are up to date. The book also includes 50 new grooves and 93 embedded videos of the proper way to play the examples. **Billboard**, 2002-04-13 In its 114th year, **Billboard** remains the world's premier weekly music publication and a diverse digital events brand, content, and data licensing platform. **Billboard** publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital, and mobile entertainment issues and trends. **Focus: Music of the Caribbean** Sydney Hutchinson, 2019-10-22 **Focus: Music of the Caribbean** presents the most important issues of Caribbean musical history and current practice, discussing thought-provoking questions in a student-friendly fashion.
