

Wren

W R E N

When wren whirs from stone to fence the world around
her slows, for wren is quick, so quick she flares the air
through which she flows, yes -

Rapid wren is needle, rapid wren is pin - and wren's song
is sharp-song, brier-song, thorn-song, and wren's flight
is dart-flight, flick-flight, light-flight, yes -

Each wren stitches, stitches, stitches, glitches, yes -
Now you think you see wren, now you know you don't.

Lost Words

Robert MacFarlane

Lost Words:

The Lost Words ,2022-05 The Lost Words by composer James Burton takes its inspiration and text from the award winning cultural phenomenon and book of the same name by Robert Macfarlane and Jackie Morris a book that was in turn a creative response to the removal of everyday nature words like acorn newt and otter from a new edition of a widely used children s dictionary Both the book and Burton s 32 minute work which is written in 12 short movements for upper voice choir in up to 3 voice parts with either orchestral or piano accompaniment celebrates each lost word with a beautiful poem or spell magically brought to life in Burton s music At its heart the work delivers a powerful message about the need to close the gap between childhood and the natural world Burton s piece was co commissioned by the Hall Concerts Society for the Hall Children s Choir and the Boston Symphony Orchestra The piano accompaniment version was premiered at the Tanglewood Festival in 2019 by the Boston Symphony Children s Choir of which Burton is founder and director The Hall Children s Choir will premiere the orchestral version of the full work in Manchester UK post pandemic Vocal Score Co commission by Boston Symphony and Hall Concerts Society for their respective Children s Choirs Two versions with orchestral or with piano accompaniment The vocal score is the same for both versions James Burton is a composer but also a conductor He is conductor of the Tanglewood Festival Chorus and choral director of the Boston Symphony The book The Lost Words exquisitely designed has won multiple awards and is an international best seller The vocal score includes Jackie Morris s beautiful imagery in its cover design

The Ineffable Name is the Great Mystery of Creation and Salvation Helena Petrovna Blavatsky,2017-07-31

Unknown and Unknowable is the Supreme Mystery God It is the Voice of the Ineffable Name and the Wisdom of the Initiates Epopteia It is the Holy of Holies the Unity of Unities more ineffable than all Silence more occult than all Essence It is Plato's Unspeakable All He whom no person has seen except the Son It is Pythagoras Ineffable God's Name and key to the mysteries of the Kabbalah It is the Holy Word of God that no man knew but He himself The Name is Ineffable because non-existent It permeates the Moon and Stars yet It is different from the Moon and Stars It never differentiates but only emanates There is no need travelling to distant places to find It The Name is very nigh unto thee in thy mouth and in thy heart It may rush into infinite worlds in sleepless whirling yet It remains latent in the deepest recesses of thy heart The Ineffable Name is Deity Itself but not God Nameless unpronounceable yet universally diffused Essence the Ineffable is Kama Eros Phanes or noumenon of Fohat i.e Divine Will or Eternal Desire of manifesting Itself through visible creation The Name lies hidden within the Pythagorean Tetrad or Tetractys It is expressed by the Tau Cross signet of the Living God The double motion of the philosophical cross is the great arcanum of life and being Deity is Nameless Numberless No thing Absolute Darkness God is quaternary Ineffable Silence Father Truth All powers and great symphonies of physical and spiritual nature lie inscribed within the Perfect Square That is why the Ineffable Name was replaced by the Sacred Tetrad or Tetractys the most binding and solemn oath with the ancient mystics There are three Tetrads the Unfathomable Father First Logos Its creative emanation or Heavenly Man Second Logos and the embodied reflection of the latter in humanity at large Third Logos or the Tetragrammaton of the Jews Only the first is the real Pythagorean Tetractys the other two are counterfeit The Ineffable Word is identical with the Ineffable Name of the Masons and the Kabbalists The Word itself is only a substitute for the Masonic Lost Word and a comparatively modern invention The Lost Word is no word at all as in the case of the Ineffable Name It ought to stand as lost words and lost secrets in general Nor the Name is a name but Sound or rather Motion The Name is not ineffable it is unpronounceable or rather not to be pronounced *Tales From the Word* Guy Jonathan Berkowitz,2022-07-18

Tales from the Word Guy is a collection of essays adapted from the author's segments on CBC Radio One's North by Northwest Jonathan Berkowitz takes the reader on a delightful journey through the history idiosyncrasies and sheer

pleasures of the English language He covers how English evolved and expanded over the centuries And he reminds us of long forgotten aspects of how to use the language properly You will chuckle at how it is used improperly often with amusing results With enthusiasm humour and plenty of infectious fun Berkowitz offers up a deep appreciation for the beauty of our language If you love our language you ll love this look at it Environmental Communication for Children Erin

Hawley,2022-09-05 This book explores the nexus between children media and nature during a time of planetary crisis marked by climate change biodiversity loss and environmental degradation In this time of planetary emergency children have become an increasingly visible part of conversations about the human nature relationship they have also become an important market for environmentally themed media content Indeed recent years have seen a proliferation of environmental texts products and narratives for young people children are recognised and addressed as audiences for environmental content across a range of media including news films television programs magazines videogames and transmedia franchises Through analysis of a range of case studies this book examines the construction of children as green audiences the intersection between media and environmental literacies and the mainstreaming of children s voices in environmental communication The book will appeal to readers with an interest in children s media and the industry imperatives that shape the production of children s culture as well as to students scholars and practitioners in the field of environmental communication **Dystopia(n) Matters** Fátima Vieira,2013-07-16 The volume is divided into two parts separated by an

Intermezzo The first part Dystopia Matters benefits from the contribution of reputed scholars of the field of Utopian Studies who were asked to make a statement explaining why dystopia is important The Intermezzo completes this part and offers the reader an informed discussion of the concepts of utopia dystopia and anti utopia whilst providing ground for the case studies presented in the second part in the sections devoted to literature film and theatre In one way or another despite the variety of approaches all contributors argue for the idea that if dystopia has invaded most forms of contemporary discourse its sibling utopia has not been eradicated from the scene Furthermore the studies show that the tension between the two concepts is instrumental to our cautious conscious and tentative construction of the future Kalevala; The Epic Poem of Finland into English, Book I Elias Lönnrot,2023-02-09 Reproduction of the original , Kalevala; The Epic Poem of Finland into English, Complet Elias Lönnrot,2025-09-01 Reproduction of the original The Antigonos publishing house

compiled and edited by the mysterious author known only as Anonymous The book is a collection of ancient Finnish oral poetry full of magic myth and heroism that captivates readers with its evocative imagery and unique storytelling Written in a lyrical and rhythmic style Kalevala transports readers to a world filled with gods heroes and supernatural creatures making it

a cornerstone of Finnish national identity and culture This epic poem is a must read for anyone interested in folklore mythology or the power of storytelling It presents a vivid picture of ancient Finnish traditions and beliefs offering valuable insights into the collective imagination of a nation

The Architecture of Ruins Jonathan Hill, 2019-03-25 The Architecture of Ruins Designs on the Past Present and Future identifies an alternative and significant history of architecture from the sixteenth century to the twenty first century in which a building is designed occupied and imagined as a ruin This design practice conceives a monument and a ruin as creative interdependent and simultaneous themes within a single building dialectic addressing temporal and environmental questions in poetic psychological and practical terms and stimulating questions of personal and national identity nature and culture weather and climate permanence and impermanence and life and death Conceiving a building as a dialogue between a monument and a ruin intensifies the already blurred relations between the unfinished and the ruined and envisages the past the present and the future in a single architecture Structured around a collection of biographies this book conceives a monument and a ruin as metaphors for a life and means to negotiate between a self and a society Emphasising the interconnections between designers and the particular ways in which later architects learned from earlier ones the chapters investigate an evolving interdisciplinary design practice to show the relevance of historical understanding to design Like a history a design is a reinterpretation of the past that is meaningful to the present Equally a design is equivalent to a fiction convincing users to suspend disbelief We expect a history or a novel to be written in words but they can also be delineated in drawing cast in concrete or seeded in soil The architect is a physical novelist as well as a physical historian Like building sites ruins are full of potential In revealing not only what is lost but also what is incomplete a ruin suggests the future as well as the past As a stimulus to the imagination a ruin s incomplete and broken forms expand architecture s allegorical and metaphorical capacity indicating that a building can remain unfinished literally and in the imagination focusing attention on the creativity of users as well as architects Emphasising the symbiotic relations between nature and culture a building designed occupied and imagined as a ruin acknowledges the coproduction of multiple authors whether human non human or atmospheric and is an appropriate model for architecture in an era of increasing climate change
