Articulating Dinosaurs Brian Noble, 2016-01-01 In this remarkable interdisciplinary study anthropologist Brian Noble traces how dinosaurs and their natural worlds are articulated into being by the action of specimens and humans together Following the complex exchanges of palaeontologists museums specialists film and media makers science fiction writers and their diverse publics he witnesses how fossil remains are taken from their partial state and re composed into astonishingly precise animated presences within the modern world with profound political consequences Articulating Dinosaurs examines the resurrecting of two of the most iconic and gendered of dinosaurs First Noble traces the emergence of Tyrannosaurus rex the king of the tyrant lizards in the early twentieth century scientific literary and filmic cross currents associated with the American Museum of Natural History under the direction of palaeontologist and eugenicist Henry Fairfield Osborn Then he offers his detailed ethnographic study of the multi media model making curatorial and laboratory preparation work behind the Royal Ontario Museum's ground breaking 1990s exhibit of Maiasaura the good mother lizard Setting the exhibits at the AMNH and the ROM against each other Noble is able to place the political natures of T rex and Maiasaura into high relief and to raise vital questions about how our choices make a difference in what comes to count as nature An original and illuminating study of science culture and museums Articulating Dinosaurs is a remarkable look at not just how we visualize the prehistoric past but how we make it palpable in our everyday lives **Science Fiction and Fantasy Literature:**

Indexes to the literature R. Reginald, 1979 **The Bigamy Plot** Maia McAleavey, 2015-05-18 The courtship plot

dominates accounts of the Victorian novel but this innovative study turns instead to a narrative phenomenon that upends its familiar conventions the bigamy plot In hundreds of novels plays and poems published in Victorian Great Britain husbands or wives thought dead suddenly reappear to their newly remarried spouses In the sensation fiction of Braddon and Collins these bigamous revelations lead to bribery arson and murder but the same plot operates in the canonical fiction of Charlotte Brontë Dickens Eliot Thackeray and Hardy These authors employ bigamy plots to destabilize the apparently conventional form and values of the Victorian novel By close examination of this plot including an index of nearly 300 bigamy novels Maia McAleavey makes the case for a historical approach to narrative one that is grounded in the legal and social changes of the period but that runs counter to our own formal and cultural expectations **The Strand Magazine** ,1912 **HSA Books**

Arthur Conan Doyle 1859 1930 is best known for his Sherlock Holmes stories and novels yet he considered them only a small part of his literary output He expected to be remembered for his historical fiction especially The White Company He also wrote science fiction novels short stories and horror tales He was knighted for a pamphlet he wrote justifying England s actions during the Boer War in which he served as a physician in a field hospital After one of his sons was killed during World War I he turned to spiritualism for comfort He became a prominent spiritualist lecturing and writing frequently on the subject This book the first biography of Arthur Conan Doyle written for young adults provides a lively account of the writer s fascinating life Pascal considers the overlaps between the fictional Holmes and Watson and their creator and draws a memorable picture of late Victorian society Sidebars containing excerpts from Doyle s writings and numerous photographs and illustrations invigorate the captivating narrative Oxford Portraits is a new series of biographies for young adults Written by prominent writers and historians each of these titles is designed to supplement the core texts of the middle and high

background It explores how his fictions occur within a colonial context the complexity of which is evident in gothic tropes of shifting landscapes disguised criminalities spiritualism and sexual anomalies and conflicts Fiction Catalog H.W.
