Magician of the Modern Eugene R. Gaddis, 2011-11-09 The story of Chick Austin is the story in Virgil Thomson's words of a whole cultural movement in one man Becoming director of Hartford's Wadsworth Atheneum at the age of twenty six Austin immediately set about to introduce modern art to America and to transform this conservative insurance capital into a cultural mecca that would become the talk of the art world during the yeasty years between the two world wars The first in the United States to mount a major Picasso retrospective Austin was soon acquiring works by Dal Mondrian Mir Balthus Max Ernst and Alexander Calder In the museum's new theater which he designed he staged the premiere of the revolutionary Gertrude Stein and Virgil Thomson opera *Four Saints in Three Acts* with an all black cast At Lincoln Kirstein's instigation he brought Balanchine to America And he embraced all the new art forms making film photography architecture and contemporary music part of the life of his museum For his own family he built a Palladian villa now a recently restored national historic landmark filling it with the baroque and the Bauhaus and inviting all the locals in to see how it felt to be modern Austin's instinct for quality proved infallible Whether acquiring a matchless Caravaggio or a startling Dal he balanced the old masters with the modern Mounting provocative shows that linked the past to the present he created dramatic installations and he threw himself into everything hanging fabrics creating backdrops stitching up costumes He loved to teach to paint to act to give lavish costume balls and to dazzle audiences of all ages with his performances as a magician the Great Osram Brilliant at using his magician's sleight of hand he could manipulate his conservative trustees to get what he wanted but only up to a point One more purchase of an incomprehensible abstract canvas one outrageous party too many one more shocking theatrical role eventually led to a crisis Never one to be idle for long Austin left Hartford and took on a new challenge to make an artistic triumph of the pink and white palace in Sarasota Florida known as the John and Mable Ringling Museum of Art which housed the circus king's moldering but magnificent collection Here is the colorful life of Chick Austin and as we relish his audacious career the risks he took the successes he enjoyed along with the inevitable setbacks we understand what a far reaching influence he had on the way Americans look at and think about art Not only a

brilliant portrait of an extraordinary man this wonderfully American story gives us a fascinating behind the scenes glimpse into the art world as it was then and in many ways still is today

Duncan and Marjorie Phillips and America's First Museum of Modern Art Pamela Carter-Birken, 2021-07-06 He was born to privilege and sought the world of art She lived at the center of that world a working artist encouraged by the famous artists in her extended family Together Duncan Phillips and Marjorie Acker Phillips founded The Phillips Collection in Washington D C the first museum of modern art in America It opened in the grand Phillips family home in 1921 eight years before New York City's Museum of Modern Art and only a few weeks after they wed Duncan took the lead in developing the collection and showcasing it Marjorie kept space and time to paint Duncan considered Marjorie a partner in the museum even though she was not directly involved in all purchasing and presentation decisions To him her influence was omnipresent Although Duncan's writings on artists and art history were widely published he chose not to provide much instruction for visitors to the museum Instead he combined signature methods of displaying art which live on at The Phillips Collection Phillips had viewers in mind when he hung American art with European art or art of the past with modern art and he frequently rearranged works to stimulate fresh encounters With unfettered access to archival material author Pamela Carter Birken argues that The Phillips Collection's relevancy comes from Duncan Phillips's commitment to providing optimal conditions for personal exploration of art In depth collecting of certain artists was one of Phillips's methods of encouraging independent thinking in viewers Paintings by Pierre Bonnard Arthur Dove Georgia O Keeffe John Marin Jacob Lawrence and Mark Rothko provide testament to the power of America's first museum of modern art

Picasso's War Hugh Eakin, 2022-07-12 A riveting story of how dueling ambitions and the power of prodigy made America the cultural center of the world and Picasso the most famous artist alive in the shadow of World War II Eakin has mastered this material The book soars The New York Times Book Review Editors Choice ONE OF THE BEST BOOKS OF THE YEAR Vanity Fair The New York Times Book Review The New Yorker In January 1939 Pablo Picasso was renowned in Europe but disdained by many in the United States One year later Americans across the country were clamoring to see his art How did the controversial leader of the Paris avant garde break through to the heart of American culture The answer begins a generation earlier when a renegade Irish American lawyer named John Quinn set out to build the greatest collection of Picassos in existence His dream of a museum to house them died with him until it was rediscovered by Alfred H Barr Jr a cultural visionary who at the age of twenty seven became the director of New York's new Museum of Modern Art Barr and Quinn's shared goal would be thwarted in the years to come by popular hostility by the Depression by Parisian intrigues and by Picasso himself It would take Hitler's campaign against Jews and modern art and Barr's fraught alliance with Paul Rosenberg Picasso's persecuted dealer to get Picasso's most important paintings out of Europe Mounted in the shadow of war the groundbreaking exhibition Picasso Forty Years of His Art would launch Picasso in America define MoMA as we know it and shift the focus of the art world from Paris to New York Picasso's War is the never

before told story about how a single exhibition a decade in the making irrevocably changed American taste and in doing so saved dozens of the twentieth century's most enduring artworks from the Nazis Through a deft combination of new scholarship and vivid storytelling Hugh Eakin shows how two men and their obsession with Picasso changed the art world forever

Since '45 Katy Siegel, 2011-03-15 *Since 45* details the collision of American history and modern art Since World War II New York has been the indisputable center of the art world and as Katy Siegel shows it has had a profound influence on the preoccupations that contemporary art would come to have Tracing art history over the past decades she shows how anxieties over race mass culture the individual suburbia apocalypse and nuclear destruction have supplanted the legacy of European artistic traditions Siegel's study encompasses a variety of works including Rothko's planes of color Warhol's serial silkscreens Richard Prince's cowboys Robert Longo's *Men in Cities* Faith Ringgold's *Black Light* and Laurie Simmons's dollhouses and moves fluidly from discussions of artists' works art museums and galleries to cultural influences and significant historical events Rather than arguing on nationalist grounds or viewing American culture as representative of a now devalued nation Siegel explores how American culture dominated not only American artists but created conditions that now after the full globalization of the art world affect artists around the world *Since 45* will interest all readers engaged in post war and contemporary art in the United States and beyond
