Moving A Mountain Cultural Change In China

Bonnie S. McDougall

Moving A Mountain Cultural Change In China:

Moving a Mountain Godwin C. Chu, Francis L. K. Hsu, 1979 *Moving a Mountain* East-West Center, 1979 **The Great Wall in Ruins** Godwin C. Chu, Yanan Ju, 1993-09-30 This book presents a survey of rural and urban Chinese people examining the dramatic changes in traditional culture that have taken place and documenting the nature of contemporary Chinese culture Chu and Ju examine attitudes about family relations social relations job preferences and work ethic organizational relations community life and belief systems Although there remains some limited continuity with the past mainly in family stability the book shows how lifestyle and values in post Mao China today reveal a radical departure from traditional Chinese culture The authors discover that Chinese people no longer endorse the Confucian precepts of harmony and tolerance nor do they submit compliantly to authority as previous generations did They now demonstrate in an environment of rising aspirations and mounting frustration a new assertiveness as seen in the tragic outburst in the Tiananmen demonstrations *Problems of Communism* , 1981 **Zoning China** Luzhou Li, 2024-02-06 An examination of cultural zoning in China considers why government regulation of online video is so much more lenient than regulation of broadcast television In *Zoning China* Luzhou Li investigates why the Chinese government regulates online video relatively leniently while tightly controlling what appears on broadcast television Li argues that television has largely been the province of the state even as the market has dominated the development of online video Thus online video became a space where people could question state media and the state's preferred ideological narratives about the nation history and society Li connects this relatively unregulated arena to the second channel that opened up in the early days of economic reform piracy in all its permutations She compares the dual cultural sphere to China's economic zoning the marketized domain of online video is the cultural equivalent of the Special Economic Zones which were developed according to market principles in China's coastal cities Li explains that although the relaxed oversight of online video may seem to represent a loosening of the party state's grip on media the practice of cultural zoning in fact demonstrates the state's strategic control of the media environment She describes how China's online video industry developed into an original creative force of production and distribution that connected domestic private production companies transnational corporations and a vast network of creative labor from amateurs to professional content creators Li notes that China has increased state management of the internet since 2014 signaling that online and offline censorship standards may be unified Cultural zoning as a technique of cultural governance however will likely remain *The Oxford Handbook of Chinese Psychology* Michael Harris Bond, 2010 In recent years China has witnessed unprecedented economic growth emerging as a powerful influential player on the global stage Now more than ever there is a great interest and need within the West to better understand the psychological and social processes that characterize the Chinese people *The Oxford Handbook of Chinese Psychology* is the first book of its kind a comprehensive and commanding review of Chinese psychology covering areas of human functioning with unparalleled

sophistication and complexity In 42 chapters leading authorities cite and integrate both English and Chinese language research in topic areas ranging from the socialization of children mathematics achievement emotion bilingualism and Chinese styles of thinking to Chinese identity personal relationships leadership processes and psychopathology With all chapters accessibly written by the leading researchers in their respective fields the reader of this volume will learn how and why China has developed in the way it has and how it is likely to develop In addition the book shows how a better understanding of a culture so different to our own can tell us so much about our own culture and sense of identity A book of extraordinary breadth The Oxford Handbook of Chinese Psychology will become the essential sourcebook for any scholar or practitioner attempting to understand the psychological functioning of the world's largest ethnic group Popular Chinese Literature and Performing Arts in the People's Republic of China, 1949-1979 Bonnie S. McDougall, 2024-06-21 The essays in this volume constitute an exceptionally broad and inclusive account of Chinese literature and performing arts since 1949 Extending beyond fiction to poetry and drama and covering song opera and film as well these essays reveal a more lively and varied cultural life than that disclosed by studies confined to fiction and literary politics Rather than stopping at the assumption that art reflects Party or government policy the essays uncover the traditional roots of popular literature and performing art by employing literary and artistic methods of analysis While often lacking in appeal to Western audiences these popular arts nonetheless have their own artistic validity and convey complex meanings to broadly based Chinese audiences The materials and analyses presented here have social as well as cultural relevance Variety and change rather than monolithic uniformity have characterized post 1949 cultural bureaucracies writers performers and audiences This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1984 *China, a Country Study* Frederica M. Bunge, In-söp Sin, 1981 The End of the Maoist Era: Chinese Politics During the Twilight of the Cultural Revolution, 1972-1976 Frederick C Teiwes, Warren Sun, 2014-12-18 This book launches an ambitious reexamination of the elite politics behind one of the most remarkable transformations in the late twentieth century As the first part of a new interpretation of the evolution of Chinese politics during the years 1972-82 it provides a detailed study of the end of the Maoist era demonstrating Mao's continuing dominance even as his ability to control events ebbed away The tensions within the gang of four the different treatment of Zhou Enlai and Deng Xiaoping and the largely unexamined role of younger radicals are analyzed to reveal a view of the dynamic of elite politics that is at odds with accepted scholarship The authors draw upon newly available documentary sources and extensive interviews with Chinese participants and historians to develop their challenging interpretation of one of the most poorly understood periods in the history of the People's Republic of China Postsocialist Cinema in Post-Mao China Chris Berry, 2004-06-01 This book

argues that the fundamental shift in Chinese Cinema away from Socialism and towards Post Socialism can be located earlier than the emergence of the Fifth Generation in the mid eighties when it is usually assumed to have occurred. By close analysis of films from the 1949-1976 Maoist era in comparison with 1976-81 films representing the Cultural Revolution it demonstrates that the latter already breaks away from Socialism.

Chinese Propaganda Posters: From Revolution to Modernization Stefan Landsberger, 2020-11-25 Brightly coloured prints portraying model behaviour or a better future have been a ubiquitous element of Chinese political culture from Imperial times until present. As economic reform swept the People's Republic in the 1980s visual propaganda ceased to depict the tanned and muscular labourers in a proletarian utopia so typical of preceding decades. Instead Western icons of progress and development were employed: high speed bullet trains, spacecraft, high rise buildings, gridlocked free ways and projections of general affluence. Socialist Realism was phased out by design and mixed media techniques that were influenced by Western advertising. This lavishly illustrated study traces the development of the style and content of the Chinese propaganda poster in the decade of reform from its traditional origins to its use as a tool for political and economic purposes.

Countercultures J. Milton Yinger, 1984-04 In this important study Yinger successfully demonstrates his central point: countercultures are best understood as a continuous part of human experience and social organization. *Library Journal*

Toward a Sociological Theory of Religion and Health Anthony Blasi, 2011-07-12 This book seeks to involve recognized researchers in the social scientific study of health, medicine and religion, which has burgeoned across the past twenty years toward more general theoretical development within the field, particularly with respect to the elderly and disadvantaged.

[China's Continuous Revolution](#) Lowell Dittmer, 2024-03-29 *China's Continuous Revolution: The Post Liberation Epoch 1949-1981* explores the ambitious and transformative era of China's political landscape after the founding of the People's Republic in 1949. This meticulously researched volume delves into the ideology of continuous revolution under the dictatorship of the proletariat and its profound impact on Chinese politics. Drawing from extensive interviews and historical analysis, the book examines key elements such as charismatic leadership, mass mobilization, and the complex restructuring of authority, highlighting the successes, failures, and eventual exhaustion of revolutionary zeal. It provides a nuanced perspective on China's socio-political evolution during a pivotal era of change, grappling with questions about legitimacy, power dynamics, and the role of ideology in shaping policy and governance. Dittmer's work also contrasts China's revolutionary trajectory with global ideological movements, presenting a critical examination of the enduring tensions between utopian aspirations and practical governance. By analyzing the Cultural Revolution, agricultural collectivization, and the broader socio-political reforms of the era, the book offers a compelling narrative of a nation's struggle to reconcile revolutionary ideals with the realities of modern state building. Scholars, students, and readers interested in China's contemporary history and political development will find this an invaluable resource for understanding the complexities of revolution and reform in a rapidly transforming society. This title is part of UC Press's Voices Revived

program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1987 China's Media, Media's China Chin-Chuan Lee,2019-04-08 This book explores the rapidly evolving conditions of political communication in China It examines how ideology and professional roles affect both scholarly and journalistic understanding of China The book offers insights into Chinese journalism and Sino American relations **Law and Politics in Modern China** Sharron Gu,2009 This is an original interdisciplinary study of Chinese law its language and political institution Evolving within a complex literary framework over thousands of years Chinese language has lost its conceptual distinctiveness to its multilevel and overlapping meanings and connotations Chinese law has become inflated with contrary rulings and exceptions This mass of rules requires an extra lingual legal authority to redefine boundaries and specify applications This book follows and continues the author's *The Boundaries of Meaning and the Formation of Law* McGill University Press by illustrating how language shapes the formation application and administration of law in various cultural environments *Law and Politics in Modern China* is an important book for those interested in Chinese history culture law and politics It also provides refreshing insights about the way that law continues to function after its language matures and creates contradictions and loopholes within its system of rules one of the most important issues facing Western legal administration in the immediate future **Rats, Cats, Rogues, and Heroes** Robert J. Antony,2023-01-09 History has many untold stories In *Rats Cats Rogues and Heroes* the author provides glimpses into China's hidden past through the native's point of view Rather than simply writing about ordinary people this book is written from the perspective of ordinary people how they told their own stories about themselves their communities and their pasts The author examines historical consciousness as revealed in people's everyday lives and as expressed through customary rituals sociocultural conventions language and the complex symbolism of common human experiences The focus is on ethnic groups and individuals who have been routinely discriminated against in mainstream society and treated by officials as rogues and criminals They were denizens of the underworld of rivers and lakes jianghu a sociocultural category that includes bandits sorcerers conmen and prostitutes To get at their silent history the author spent decades conducting field research in rural areas of southern China collecting rarely used unconventional sources folklore legends myths rumors and hearsay that reveal nuggets of new information and insights not found in the conventional sources in libraries and archives This book challenges many commonplace assumptions about how academics write history by offering alternative possibilities for China's past

Ethnicity, Race, and Nationality in Education N. Ken Shimahara,Ivan Z. Holowinsky,Sandra Tomlinson-Clarke,2001-07 Explores contemporary issues of ethnic cultural and national identities and their influence on the social construction of identity from the perspectives of seven nations China Israel Japan South Africa Ukraine Wales the U S

Rhetoric of the Chinese Cultural Revolution Xing Lu, 2020-08-05 A startling look at revolutionary rhetoric and its effects Now known to the Chinese as the ten years of chaos the Chinese Cultural Revolution 1966-76 brought death to thousands of Chinese and persecution to millions In *Rhetoric of the Chinese Cultural Revolution* Xing Lu identifies the rhetorical practices and persuasive effects of the polarizing political language and symbolic practices used by Communist Party leaders to legitimize their use of power and violence to dehumanize people identified as class enemies Lu provides close readings of the movement's primary texts political slogans official propaganda wall posters and the lyrics of mass songs and model operas She also scrutinizes such ritualistic practices as the loyalty dance denunciation rallies political study sessions and criticism and self-criticism meetings Lu enriches her rhetorical analyses of these texts with her own story and that of her family as well as with interviews conducted in China and the United States with individuals who experienced the Cultural Revolution during their teenage years In her new preface Lu expresses deep concern about recent nationalism xenophobia divisiveness and violence instigated by the rhetoric of hatred and fear in the United States and across the globe She hopes that by illuminating the way language shapes perception thought and behavior this book will serve as a reminder of past mistakes so that we may avoid repeating them in the future

[Marginalization and Social Welfare in China](#) Linda Wong, 2005-07-25 This book provides a systematic analysis that defines and accounts for the contours and operation of China's welfare system It is underpinned by recent empirical research and strong comparative theory and will be welcomed as a significant advance in furthering our understanding of social welfare in China

Getting the books **Moving A Mountain Cultural Change In China** now is not type of inspiring means.
