The Earliest Norwegian Laws, 2011-06 Compilation of Early Norwegian Laws The oldest Norwegian laws those of Gula and Frosta go back to a time when the culture of the Middle Ages was still a somewhat novel experience in Northern Europe Though the copies that have survived seem to date from the twelfth century and later the codes must in considerable part have taken form in the eleventh century or as early as the first generation of the Christian age Heathendom had by that time been outlawed but one seems justified in believing that the cult of strength and valor was for some time yet a force that had to be taken into account for the principles that governed in the heathen age retained much of their ancient vigor and the old civilization rooted as it was in the soil itself was able in large measure to maintain both life and validity Foreword vii Laurence M Larson 1868 1938 was a Professor of History at the University of Illinois CONTENTS Introduction THE OLDER LAW OF THE GULATHING The Church Law The Merchant Law The Law of Tenancy The
