Early Modern European Society Henry Kamen,2021-08-31 A new edition of a seminal work one that explores crucial changes within Europe from the fifteenth to the eighteenth century The early modern period was one of profound change in Europe It was witness to the development of science religious reformation and the birth of the nation state As Europeans explored the world looking to Asia and the Americas for new peoples and lands their societies grew and adapted Eminent historian Henry Kamen explores in depth the issues that most affected those living in early modern Europe from leisure work and migration to religion gender and discipline and the way in which population change impacted the aristocracy the bourgeoisie and the poor The third edition of this pioneering study includes new and updated material on gender religion and population movement Richly illustrated this is essential reading for all those interested in early modern European society

Migration and the European City Christoph Cornelißen,Beat Kümin,Massimo Rospoher,2022-03-07 Looking back over the centuries migration has always formed an important part of human existence Spatial mobility emerges as a key driver of urban evolution characterized by situation specific combinations of opportunities restrictions and fears This collection of essays investigates interactions between European cities and migration between the early modern period and the present Building on conceptual approaches from history sociology and cultural studies twelve contributions focus on policies representations and the impact on local communities more generally Combining case studies and theoretical reflections the volume s contributions engage with a variety of topics and disciplinary perspectives yet also with several common themes One

revolves around problems of definition both in terms of demarcating cities from their surroundings and of distinguishing migration in a narrower sense from other forms of short and long distance mobility Further shared concerns include the integration of multiple analytical scales contextual factors and diachronic variables such as urbanization industrialization and the digital revolution

Mobile Europe Ettore Recchi, 2015-03-09 With a particular focus on their integration paths political participation and identifications this book draws on large cross national surveys of this specific population carried out between 2004 and 2012 as well as in depth interviews and aggregate statistical data from a plethora of sources

What is Europe? Anna Triandafyllidou, Ruby Gropas, 2015-11-02 Europe is imbued with a multitude of social cultural economic and political meanings The authors of this comprehensive text present an authoritative yet accessible introduction to understanding Europe today moving beyond accounts of European integration to provide a holistic and nuanced study of contemporary Europe and its historical development This book explores evolving definitions of Europe from antiquity to the Cold War right through to Europe in the midst of the Eurozone and global financial crises By examining the different roles and meanings that Europe has held inside and outside of the continent including the European Union's branding of Europe the text grounds its analysis in an understanding of Europe's plural Chapters explore concepts of Europe as civilization Europe as progress Europe as unity and Europe as diversity How do Europeans think of themselves and their respective national identities in a multicultural and multi ethnic age How has modernity and the pre and post industrial values of Europe affected the Europe of now and what are the political legacies of Europe To what extent are notions of social solidarity shared across the continent This is the first text to systematically answer these questions and others in order to better determine what is Europe

European Identity Jeffrey T. Checkel, Peter J. Katzenstein, 2009-02-05 An ambitious volume which asks why hopes are fading for a single European identity despite decades of European integration

Gated Communities? Anne Winter, 2012 Contrary to earlier views of pre industrial Europe as an essentially sedentary society research over the past decades has amply demonstrated that migration was a pervasive characteristic of early modern Europe In this volume the theme of urban migration is explored through a series of historical contexts journeying from sixteenth century Antwerp Ulm Lille and Valenciennes through seventeenth century Berlin Milan and Rome to eighteenth century Strasbourg Trieste Paris and London Each chapter demonstrates how the presence of diverse and often temporary groups of migrants was a core feature of everyday urban life which left important marks on the demographic economic social political and cultural characteristics of individual cities The collection focuses on the interventions by urban authorities and institutions in a wide ranging set of domains as they sought to stimulate channel and control the newcomers movements and activities within the cities and across the cities borders While striving for a broad geographical and chronological coverage in a comparative perspective the volume aims to enhance our insight into the different factors that shaped urban migration policies in different European settings west of the Elbe By laying bare the complex interactions of actors interests conflicts

and negotiations involved in the regulation of migration the case studies shed light on the interrelations between burghership guilds relief arrangements and police in the incorporation of newcomers and in shaping the shifting boundaries between wanted and unwanted migrants By relating to a common analytical framework presented in the introductory chapter they engage in a comparative discussion that allows for the formulation of general insights and the identification of long term transformations that transcend the time and place specificities of the case studies in question The introduction and final chapters connect insights derived from the individual case study chapters to present wide ranging conclusions that resonate with both historical and present day debates on migration Dust jacket *The History and Politics of Free Movement within the European Union* Saila Heinikoski, 2020-11-26 The right to free movement is the one privilege that EU citizens value the most in the Union but one that has also created much political controversy in recent years as the debates preceding the 2016 Brexit referendum aptly illustrate This book examines how European politicians have justified and criticized free movement from the commencement of the first Commission of the EU 25 in November 2004 to the Brexit referendum in June 2016 The analysis takes into account the discourses of Heads of State Governments and Ministers of the Interior or Home Secretaries of six major European states the UK Germany France Italy Spain and Romania In addition to these national leaders the speeches of European Commissioners responsible for free movement matters are also considered The book introduces a new conceptual framework for analysing practical reasoning in political discourses and applies it in the analysis of national free movement debates contextualised in respective migration histories In addition to results related to political discourses the study unearths wider problems related to free movement including the diversified and variegated approaches towards different groups of movers as well as the exclusive attitudes apparent in both discourses and policies *The History and Politics of Free Movement within the European Union* is of interest to anyone studying national and European politics and ideologies contemporary history migration policies and political argumentation **Cross-Border Governance in the European Union** Barbara Hooper, Olivier Kramsch, 2004-08-02 This book discusses and evaluates the problems of governance within the European Union's cross border regions from diversity of perspectives and over a range of selected case studies

Citizenship and Migration Stephen Castles, Alastair Davidson, 2020-06-30 This book argues that basing citizenship on singular and individual membership in a nation state is no longer adequate since the nation state model itself is being severely eroded It examines issues of citizenship and difference in the Asia Pacific region *Childhood in Modern Europe* Colin Heywood, 2018-09-06 This invaluable introduction to the history of childhood in both Western and Eastern Europe between c 1700 and 2000 seeks to give a voice to children as well as adults wherever possible The work is divided into three parts covering in turn childhood in rural village societies during the eighteenth and nineteenth centuries in the towns during the Industrial Revolution period c 1750 1870 and in society generally during the late nineteenth and twentieth centuries Each part has a succinct introduction to a number of key topics such as conceptions of childhood infant and child mortality

the material conditions of children their cultural life the welfare facilities available to them from charities and the state and the balance of work and schooling Combining a chronological with a thematic approach this book will be of particular interest to students and academics in a number of disciplines including history sociology anthropology geography literature and education

Pioneers of European Integration Ettore Recchi, Adrian Favell, 2009-01-01 Pioneers of European Integration contributes greatly to European sociology by offering unique quantitative data on the so far uncharted group of intra EU movers Theresa Kuhn European Sociological Review Free movement has become a defining feature of European society This important study answers the question who are these free movers Using both quantitative and qualitative research evidence it brings new perspectives to the sociology of European migration and integration broadening the analysis from traditional labour migrants to various new kinds of spatial and social mobility in the continent Russell King University of Sussex and Sussex Centre for Migration Research UK The free movement of EU citizens is the most visible sociological consequence of the remarkable process of European integration that has transformed the continent since the Second World War Pioneers of European Integration offers the first systematic analysis of the small but symbolically potent number of Europeans who have chosen to live and work as foreigners in another member state of the EU Based on an original survey of 5000 people moving to and from the EU's five largest countries the book documents the demographic profile migration choices cultural adaptation social mobility political participation and media use of these pioneers of a transnational Europe as well as opening a window to the new waves of intra EU East West migrations Students and scholars of sociology political science human geography anthropology migration studies and European studies will all warmly welcome the volume Civil servants and policymakers will also find this book an essential tool in coming to terms with the implications of EU citizenship and the transformative effects of this unprecedented European integration from below

Migrants and the Making of the Urban-Maritime World Christina Reimann, Martin Öhman, 2020-09-03 This volume explores the mutually transformative relations between migrants and port cities Throughout the ages of sail and steam port cities served as nodes of long distance transmissions and exchanges Commercial goods people animals seeds bacteria and viruses technological and scientific knowledge and fashions all arrived in and moved through these microcosms of the global Migrants made vital contributions to the construction of the urban maritime world in terms of the built environment the particular sociocultural milieu and contemporary representations of these spaces Port cities in turn conditioned the lives of these mobile people be they seafarers traders passers through or people in search of a new home By focusing on migrants their actions and how they were acted upon the authors seek to capture the contradictions and complexities that characterized port cities mobility and immobility acceptance and rejection nationalism and cosmopolitanism diversity and homogeneity segregation and interaction The book offers a wide geographical perspective covering port cities on three continents Its chapters deal with agency in a widened sense considering the activities of individuals and collectives as well as the decisive impact of sailing and

steamboats trains the built environment goods or microbes in shaping urban maritime spaces
