**Ends of Cinema** Richard Grusin, Jocelyn Szczepaniak-Gillece, 2020-12-29 At the dawn of the digital era in the final decades of the twentieth century film and media studies scholars grappled with the prospective end of what was deemed cinema analog celluloid production darkened public movie theaters festival culture The notion of the end of cinema had already been broached repeatedly over the course of the twentieth century from the introduction of sound and color to the advent of television and video and in *Ends of Cinema* contributors reinvigorate this debate to contemplate the ends as well as directions and new beginnings of cinema in the twenty first century In this volume scholars at the forefront of film and media studies interrogate multiple potential ends of cinema its goals and spaces its relationship to postcinema its racial dynamics and environmental implications and its theoretical and historical conclusions Moving beyond the predictable question of digital versus analog the scholars gathered here rely on critical theory and historical research to consider cinema alongside its media companions television the gallery space digital media and theatrical environments *Ends of Cinema* underscores the shared project of film and media studies to open up what seems closed off and to continually reinvent approaches that seem unresponsive Contributors Caetlin Benson Allott Georgetown U James Leo Cahill U of Toronto Francesco Casetti Yale U Mary Ann Doane U of California Berkeley Andr Gaudreault U de Montr al Michael Boyce Gillespie City College of New York Mark Paul Meyer EYE Filmmuseum Jennifer Lynn Peterson Woodbury U Los Angeles Amy Villarejo Cornell U      **Cinema's Original Sin** Paul McEwan, 2022-12-13 For over a century cinephiles and film scholars have had to grapple with an ugly artifact that sits at the beginnings of film history D W Griffith s profoundly racist epic *The Birth of a Nation* inspired controversy and protest at its 1915 release and was defended as both a true history of Reconstruction although it was based on fiction and a new achievement in cinematic art Paul McEwan examines the long and shifting history of its reception revealing how the film became not just a cinematic landmark but also an influential force in American aesthetics and intellectual life In every decade since 1915 filmmakers museums academics programmers and film fans have had to figure out how to deal with this troublesome object and their choices have profoundly influenced both film culture and the notion that films can be works of art Some critics tried to set aside the film s racism and concentrate on the form while others tried to relegate that racism safely to the past McEwan argues that from the earliest film retrospectives in the 1920s to the rise of remix culture in the present day controversies about this film and its meaning have profoundly shaped our understandings of film race and art      **Suggestions for Instructors to Accompany Film Scripts One and Film Scripts Two** ,      **Moving Pictures** Eileen Sheahan, 1979      *Film Study* Frank Manchel, 1990 The four volumes of *Film Study* include a fresh approach
