

First-Year Summer Experiences

The First-Year Summer Experiences staff members were very excited to announce the student facilitators for summer 2016 experiences. There was a record high number of 44 applicants this spring, and we are excited to announce that they all did an amazing job with our incoming first years.

We just had our annual First Year Summer Experiences Reunion where students were given the chance to meet people who participated in other programs this summer and learn about the different experiences they had.

Summer Experiences are something available to all incoming students and gives them the opportunity to take part in something before making their way on campus.

How did participating in a First-Year Summer Experience help you?

"I wanted to get to know like-minded people before coming to Elon. I also was interested in familiarizing myself with service opportunities in Alamance County. The program played a huge role in helping me feel comfortable when I got to campus. I hang out with my Engage friends almost every day and they've been a great cohort to have at Elon."

"During the program, I learned how to delve deeply in service work beyond just showing up sometimes once and never thinking about it again. Engage stressed the importance of understanding why service work is important and investing in causes that matter to me. Engage helped me learn how to be comfortable trying new things I'm uncomfortable with. In my college career, I plan to do things outside of my comfort zone and challenge myself as much as I can."
