American Sociological Society

Moving Urban America Proceedings Of A Co:

Proceedings of the American Institute of Electrical Engineers, 1927 Vols for 1887 1946 include the preprint pages of the institute s Transactions **Try Us**, 1975 **Movement in Cities** P.W. Daniels, A.M. Warnes, 2013-09-05 Movement in Cities describes and analyses urban travel in terms of purpose distance and frequency of journeys and modes and routes used concentrating mainly on British towns with many references to the United States and Australia The authors elucidate the all important interrelations between location of activities and the patterns of transport supply and use within towns The issues they raise are of pressing practical and intellectual importance This book was first published in 1980 *New York Court of Appeals. Records and Briefs*. New York (State)., **The Nature Study Movement** Kevin C. Armitage, 2009 The first comprehensive history of the nature study movement and its significance to American environmental thought and politics Argues that nature study advocates through their systematic program or educating children about nature formed a critical foundation for the launching of the conservation movement Pavement Management Methodologies to Select Projects and Recommend Preservation Treatments Kathryn A. Zimmerman, 1995 This synthesis will be of interest to highway administrators pavement management system PMS maintenance and computer engineers and technologists involved with data collection and computer programming for the purposes of a PMS This synthesis describes the state of the practice with respect to pavement management methodologies to select projects and recommend preservation treatments This report of the Transportation Research Board also describes the predominant pavement management methodologies being used by U S state and Canadian provincial transportation agencies provides a general description of each methodology and summarizes the requirements benefits hindrances and constraints associated with each It includes a review of domestic literature and a survey of current practices in North America In addition case studies are included to illustrate the use of these methodologies within transportation agencies Operational and soon to be implemented technologies are also discussed and an extensive bibliography is provided for further reference The Consumers' Co-operative Movement in Illinois Colston Estey Warne, 1926 *Jewish Reform Movement in the US* Mara W. Cohen Ioannides, 2017-11-20 This volume examines the development of the non liturgical parts of the Central Conference of American Rabbis Haggadot Through an understanding of the changes in American Jewish educational patterns and the CCAR s theology it explores how the CCAR Haggadah was changed over time to address the needs of the constituency While there have been many studies of the Haggadah and its development over the course of Jewish history there has been no such study of the non liturgical parts of the Haggadah that reflect the needs of the audience it reaches How the CCAR the first and largest of American born Judaism's addressed the changing needs of its members through its literature for the Passover Seder reveals much about the development of the movement This in turn provides for the readers of this book an understanding of how American Judaism has developed Creating a Democratic Public Kevin Mattson, 2010-11 During America s Progressive Era at the beginning of the twentieth

century democracy was more alive than it is today Social activists and intellectuals of that era formed institutions where citizens educated themselves about pressing issues and public matters While these efforts at democratic participation have largely been forgotten their rediscovery may represent our best hope for resolving the current crisis of democracy in the United States Mattson explores the work of early activists like Charles Zueblin who tried to advance adult education at the University of Chicago and Frederic Howe whose People s Institute sparked the nationwide forum movement He then turns to the social centers movement which began in Rochester New York in 1907 with the opening of public schools to adults in the evening as centers for debate over current issues Mattson tells how this simple program grew into a national phenomenon and cites its achievements and political ideals and he analyzes the political thought of activists within the movement notably Mary Parker Follett and Edward Ward to show that these intellectuals had a profound understanding of what was needed to create vigorous democratic practices Creating a Democratic Public challenges us to reconsider how we think about democracy by bringing us into critical dialogue with the past and exploring the work of yesterday s activists Combining historical analysis political theory and social criticism Mattson analyzes experiments in grassroots democracy from the Progressive Era and explores how we might foster more public involvement in political deliberation today

The Urban Community American Sociological Society,1926 Urban Goods Movement Public Technology, inc,1980 *The Practical Utopians* Steven Bernard Leikin,2005 An exploration of the ideological conflicts and practical experiences of late nineteenth century American workers who pursued cooperation as an alternative to competitive capitalism Between 1865 and 1890 in the aftermath of the Civil War virtually every important American labor reform organization advocated cooperation over competitive capitalism and several thousand cooperatives opened for business during this era The men and women who built cooperatives were practical reformers and they established businesses to stabilize their work lives families and communities Yet they were also utopians envisioning a world free from conflict where workers would receive the full value of their labor and freely exercise democratic citizenship in the political and economic realms Their visions of cooperation though were riddled with hierarchical notions of race gender and skill that gave little specific guidance for running a cooperative The Practical Utopians closely examines the experiences of working men and women as they built their cooperatives contested the meanings of cooperation and reconciled the realities of the marketplace with their various and often conflicting conceptions of democratic participation Steve Leikin provides new theories and examples of the failure and successes of the cooperative movement including how the Gilded Age s most powerful labor organization the Knights of Labor collapsed in the face of the expanding industrial economy Dealing with a critically important yet largely ignored aspect of working class life during the late nineteenth century The Practical Utopians brings crucial aspects of the cooperative movement to light and is a necessary study for all scholars of history labor history and political science

Monthly Labor Review ,1970 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews

Monthly Labor Review United States. Bureau of Labor Statistics,1970 Publishes in depth articles on labor subjects
 current labor statistics information about current labor contracts and book reviews **Records & Briefs New York State
 Appellate Division** , Library List National Agricultural Library (U.S.),1948 **Visionary Women Writers of
 Chicago's Black Arts Movement** Carmen L. Phelps,2013 A disproportionate number of male writers continue to be
 credited for constructing the iconic and ideological foundations for what would be perpetuated as the Black Art Movement
 BAM Though an increasing amount of scholarship has recognised leading women artists activists and leaders of this period
 these new perspectives have yet to recognise adequately the ways women aspired to far more than a mere dismantling of
 male oriented ideals This book examines the work of several women artists working in Chicago a key focal point for the
 energy and production of the movement **Media and the American Mind** Daniel J. Czitrom,2010-02-03 In a fascinating
 and comprehensive intellectual history of modern communication in America Daniel Czitrom examines the continuing
 contradictions between the progressive possibilities that new communications technologies offer and their use as
 instruments of domination and exploitation **Moving Picture Age** ,1921 *A Bibliography of the Negro in Africa and
 America* ,1928
