Mozart John Suchet, 2016 We think we know the story of Wolfgang Amadeus Mozart's life Austrian born to a tyrannical father who worked him fiercely unhappily married to a spendthrift woman a child like character ill at ease amid the aristocratic splendor of the Viennese court a musical genius who died young thus depriving the world of future glories Yet only that last point is actually true In this comprehensive biography John Suchet examines the many myths and misunderstandings surrounding the world's best loved composer From his early days as a child prodigy performing for the imperial royal family in Vienna to the last months of his short life driven to exhaustion by a punitive workload one thing remained constant his happy disposition Through trials and tribulations grand successes and disheartening setbacks Suchet shows us the real Mozart blessed with an abundance of talent yet sometimes struggling to earn a living His mischievous nature and earthy sense of humor his ease and confidence in his own incredible abilities these were traits that never left him His music has brought comfort to countless generations his life though brief is no less fascinating **The Letters of Wolfgang Amadeus Mozart, 1769-1791, Tr., from the Collection of L. Fictional Immorality and Immoral Fiction Garry Young, 2021-01-15 It is commonplace for fictional content to depict immoral activities the kidnapping of a politician for example or the elaborate theft of a national treasure or perhaps the gruesome proclivities of a sadistic murderer These and similar depictions can be found across a range of media and in varying degrees of detail and realism Fictional Immorality and Immoral Fiction examines potential conditions for transforming fictional immorality into immoral fiction in order to establish what makes a depiction of fictional immorality and or one s engagement with it immoral To achieve this aim Garry Young analyzes fictional content its meaning one s motivation for engaging with it and the medium in which the fiction is presented such as film literature theatre video games using philosophical inquiry The end result is a systematic examination of fictional immorality which contributes toward debates on the morality of depicting and engaging with fictional immorality as well as the reach of censorship and other forms of prohibition especially when the act depicted is of the kind that would be most egregious if carried out in reality **Mozart's**

Tragic Method and Tragic Theology Larry D. Bouchard, 2010-11 The book moves in a nonreductive way between literary and theological criticism to show how drama and religious thought discern the experience of evil tragic theology refers to how drama and theology render in thematic or symbolic form certain irreducible dimensions of evil and negativity Bouchard defines no single tragic method or any single view of evil but searches for the distinctive interplay of tragic method of theology in each dramatist The work opens by scrutinizing certain important interpretations of Greek tragedy Paul Ricoeur s interpretation of the Wicked God and the Tragic Vision receives major focus as does Sophocles who as a tragedian dramatized the action of inquiry and interpretation Bouchard then examines Augustine s views of evil and sin Reinhold Niebuhr s critique of the ironies of history and Tillich s conceptions of the demonic By interpreting tragedy in terms of sin or the effects of sin each theologian resists implications in his own thought pointing to a less resolvable tragic theology And yet these theologians also contribute very creative understandings of the irreducible character of evil and tragic experience Substantive and original readings of three playwrights are offered Rolf Hochhuth s tragedy of vocation *The Deputy* Robert Lowell s trilogy of American historical blindness *The Old Glory* and Peter Shaffer s dreams of tragic awareness and accountability in *Equus* and *Amadeus* revealing new permutations of the irreducibility of evil in contemporary Christian and Jewish religious thinkers who may be helpful in this task and concludes with a description of the experience of perplexed thought self critical in view of tragedy s witness to irreducibility of evil
