Studies in the XXIst Century is a collection of essays which focus on themes and methods that characterize the current
research on gender in Asian countries in general under a comparative approach that tries to cut across the boundaries of
time and space In this collection ideas derived from Gender Studies as they are practised all over the world have been
subjected to scrutiny for their utility in helping to describe and understand regional phenomena But the concepts of local and
global with their discursive productions have not functioned here as a binary opposition localism and globalism are mutually
constitutive and the authors have interrogated those spaces of interaction between the self and the other bearing in mind
their own embeddedness in social and cultural structures and their own historical memory Eastwards Westwards Which
Direction for Gender Studies in the XXIst Century provides a critical transnational perspective on some of the complex effects

SLF Album Linda DeCicco, 1997 The SLF Album is the first comprehensive story of the University of Notre Dame s
Sophomore Literary Festival This portrait focuses primarily on the literary giants whose presence has made this festival one
of the nation s most esteemed It also gives us a fascinating behind the scenes look at this thirty year old phenomenon which
has always been organized coordinated and managed by students Established in 1967 as a week long Faulknerian festival in
1968 the Sophomore Literary Festival came into its own with a series of readings and workshops by some of the country s
most prestigious writers including Norman Mailer Joseph Heller Kurt Vonnegut and Ralph Ellison The precedent set in 1968
became a legacy which has carried through to 1996 and DeCicco s portrait presents each year as its own chapter equal on
importance and prestige to all previous years In addition to providing excerpts from the writers readings and lectures

DeCicco describes the sophomore committee's author selection process and events which shed light on the fame and foibles of many literary greats. DeCicco's success in portraying the participating internationally acclaimed authors who include Margaret Atwood, Allen Ginsberg, Arthur Miller, Robert Bly, Tennessee Williams, Joyce Carol Oates, Edward Albee, Susan Sontag, Gloria Naylor is uniquely tied to the intimacy of the Notre Dame setting. Her record encompasses the mythical images of these world renowned authors in the context of a modest student run festival at a midwestern private university. This comprehensive history is important and fascinating reading for all who have experienced the magic of Notre Dame's Sophomore Literary Festival as well as for anyone interested in the arts.
