Mr Blettsworthy on Rampole Island H. G. Wells, 2017-02-17 *Mr Blettsworthy on Rampole Island* is a 1928 novel by H G Wells. It tells the story of Arnold Blettsworthy who, after being betrayed by a business partner, is advised to go travelling in an attempt to recover from his severe disillusionment. However, instead of being full of relaxation and recuperation, his trip is filled with nautical mutinies, cannibals, and much that is not what it seems. A fantastic and thought-provoking masterpiece. *Mr Blettsworthy on Rampole Island* is not to be missed.

Herbert George Wells (1866-1946) was a seminal English writer whose notable works include *The War of the Worlds* (1897) and *The Time Machine* (1895). Many vintage texts such as this are increasingly scarce and expensive, and it is with this in mind that we are republishing this book now in an affordable, high-quality, modern edition. It comes complete with a specially commissioned biography of the author.

G. Wells and William Morris* Emelyne Godfrey, 2016-12-08 This book is about the fiercely contrasting visions of two of the nineteenth century's greatest utopian writers. A wide-ranging interdisciplinary study, it emphasizes that space is a key factor in utopian fiction, often a barometer of mankind's successful relationship with nature or an indicator of danger. Emerging and critically acclaimed scholars consider the legacy of two great utopian writers exploring their use of space and time in the creation of sites in which contemporary social concerns are investigated and reordered. A variety of locations is featured, including Morris's quasi-fourteenth-century London, the lush and corrupted island, a routed and massacred English countryside, the high rises of the future, and the vertiginous landscape of another Earth beyond the stars.
