informed but it is to be presumed that it did not result fatally for young Bonaparte for he lived many years after the incident as most of our readers are probably aware Had he not done so this biography would have had to stop here and countless readers of our own day would have been deprived of much entertaining fiction Mr. Bonaparte of Corsica John Kendrick Bangs,2015-10-30 Napoleon s father Charles Bonaparte was the honored progenitor of thirteen children of whom the man who subsequently became the Emperor of the French by some curious provision of fate was the second That the infant Napoleon should have followed rather than led the procession is so foreign to the nature of the man that many worthy persons unfamiliar with the true facts of history have believed that Joseph was a purely apocryphal infant or as some have suggested merely an adopted child but that Napoleon did upon this occasion content himself with second place is an incontrovertible fact Nor is it entirely unaccountable It is hardly to be supposed that a true military genius such as Napoleon is universally conceded to have been would plunge into the midst of a great battle without first having acquainted himself with the possibilities of the future A reconnoitre of the field of action is the first duty of a successful commander and hence it was that Napoleon not wishing to rush wholly unprepared into the battle of life assigned to his brother Joseph the arduous task of first entering into the world to see how the land lay Joseph having found everything to his satisfaction Napoleon made his appearance in the little island of Corsica recently come under French domination the 15th day August 1769 Had he been born two months earlier we are told he would have been an Italian Had he been born a hundred years later it is difficult to say what he would have been As it was he was born a Frenchman It is not pleasant to contemplate what the man s future would have been had he been born an Italian nor is it easy to picture that future with any confidence born of certainty Since the days of Caesar Italy had not produced any great military commander and it is not likely that the powers would have changed their scheme confirmed by sixteen centuries of observance in Napoleon s behalf a fact which Napoleon himself realized for he often said in his latter days with a shudder I hate to think how inglorious I should have become had I been born two months earlier and entered the world as an Italian I should have been another Joseph not that Joseph is not a good man but he is not a great man Mr. Bonaparte of Corsica John Kendrick Bangs,H. first having acquainted himself with the possibilities of the future A reconnoitre of the field of action is the first duty of a successful commander and hence it was that Napoleon not wishing to rush wholly unprepared into the battle of life assigned to his brother Joseph the arduous task of first entering into the world to see how the land lay Book Prices: Used and Rare, 1994 Edward N.
