Estes Kefauver Charles L. Fontenay, 1980-11 Reviewed in the United States on December 14 2009 In the 1950s and early 1960s Estes Kefauver was everywhere in politics and government He ran for president twice was the 1956 Democratic Vice Presidential nominee pioneered the use of television in Congressional hearings and dug deep into many policy areas in the US Senate Most students of politics or government have seen Kefauver's name but there is surprisingly little comprehensive treatment of him as an individual and not as a part of a broader campaign Senate history or legislation Charles Fontenay spent years trying to correct this vacancy in political biography Fontenay's effort began during Kefauver's life but took twenty five years to get published and not in the form Fontenay had originally imagined But the product is a good one Fontenay takes us from Kefauver's childhood in Tennessee to his law career to his service in the US House to his campaign for the Senate his pursuit of the presidency in the 1950s and his legislative battles up to his early death in 1963 In doing so Fontenay shows us the many paradoxes of Kefauver Kefauver was a hard working not particularly charismatic legislator But he was also a great retail politician embarrassing Harry Truman and Adlai Stevenson in multiple primaries throughout the 1950s He was a something of a liberal but he also looked down at women and was a swing vote on civil rights To be fair as a southern senator being a swing vote in civil rights is better than most of his colleagues Kefauver maintained a close family life despite his active political career but cheated on his wife fairly openly Kefauver was ethical and principled except when it came to monogamy refusing to cut political deals to win the presidential nomination or keep gifts but he had a constellation of wealthy friends who paid his personal expenses and bought stock based on the findings of a Congressional investigation Any politician really any person studied so closely shows some wrinkles Kefauver is no different But overall Kefauver was a hard worker progressive particularly for his state and helped democratize the nominating process In those respects he is a model for modern senators A few nitpicks about the book First Fontenay writes that a Congressman Reece died and was replaced by his wife by appointment Reece's wife won a special election because there are no appointments to fill House vacancies Second Fontenay short changes some of Kefauver's policy battles including presidential succession which is of particular interest to me That aside Fontenay writes a great book His sources are varied from many personal interviews to Kefauver's letters to the biographies of other senators He manages to balance the many names and personalities and does a particularly good job of explaining the political convention intrigue of the 1950s I highly recommend this book to students of politics government and history It fills a void in the literature with the tale of a significant senator of the mid 20th century
