Mr Smith Goes To Ottawa Life In The House Of Commons:

The Paradox of Parliament Jonathan Malloy, 2023-02-27 The Paradox of Parliament provides a comprehensive analysis of all aspects of Parliament in order to explain the paradoxical expectations placed on the institution The book argues that Parliament labours under two different logics of its purpose and primary role one based on governance and decision making and one based on representation and voice This produces a paradox that is common to many legislatures but Canada and Canadians particularly struggle to recognize and reconcile the competing logics In The Paradox of Parliament Jonathan Malloy discusses the major aspects of Parliament through the lens of these two competing logics to explain the ongoing dissatisfaction with Parliament and perennial calls for parliamentary reform It focuses on overarching analytical themes rather than exhaustive description It centres people over procedure and theory with strong emphasis given to dimensions of gender race and additional forms of diversity Arguing for a holistic and realistic understanding of Parliament that recognizes and accepts that Parliament evolves and adapts The Paradox of Parliament puts forward an important and novel interpretation of the many facets of Parliament in Canada

Real House Lives Michael Morden et al., 2020-02-01 We are not just in a sort of post truth politics but we are in a post democratic politics Former Member of Parliament Democracy's future has become uncertain Politicians are viewed with deep cynicism Political parties have lost touch with mass society Citizens' expectations of what their democracy should do have outstripped what their institutions can provide All of this is feeding a wave of polarization populism and anxiety around the world with Canadians much more likely to say their democracy is becoming weaker rather than stronger Real House Lives uses the stories and experiences of former parliamentarians to understand what's going wrong with our national politics and to put forward a vision of democratic representation that is independent thoughtful engaged and empowered It follows MPs through their lives and work exploring how this vision of political leadership can be realized through a stronger Parliament better local democratic engagement and healthier parties This may be an ambitious view but Canadian democracy requires ambition especially in a public climate of increasing partisanship cynicism and distrust This book is for anyone who has ever imagined offering their career and life to public service It's a how to guide an inspirational account and perhaps a warning

Comparative Studies of Policy Agendas Frank R. Baumgartner, Christoffer Green-Pedersen, Bryan D. Jones, 2013-09-13 Previously published as a special issue of the Journal of European Public Policy this book draws on the insights of the existing literature on agenda setting and policy changes to explore the dynamics of attention allocation and its consequences Attention is a crucial variable in understanding modern politics Shifts in attention have dramatic consequences for both politics and policy decisions This volume includes case studies of nine different political systems including the US Canada several European systems and the EU itself It asks the following questions Which are the dynamics of agenda setting in the EU Which role do political parties play in attention allocation What are the cross national differences in attention to health care What role does science and

expertise play in attention allocation What are the effects of political institutions Comparative Studies of Policy Agendas will be of interest to students and scholars of policy analysis and public policy Autonomy and Regulation Tom Christensen, Per Læg Reid, 2006-01-01 This book focuses on regulatory reforms and the autonomization and agencification of public sector organizations across Europe Canada New Zealand and Australia The central argument of the book is that regulation and agencification occur and perform in tandem Comparative analysis on the processes effects and implications of regulatory reform and the establishment of semi independent agencies are undertaken and the practice of trade offs between political control and agency autonomy is explored The contributors also discuss the challenges of fragmentation coordination joined up government and other government initiatives in the aftermath of the New Public Management movement and its focus on agencification Finally the complexity of deregulation re regulation new emergent forms of regulation control and auditing as well as reassertion of the centre are examined Until now there has been little attempt to link the study on regulation and regulatory reforms with that of autonomous central agencies In this book the two fields are brought together Autonomy and Regulation will find its audience amongst scholars and researchers working in the areas of political science public administration and public management organization theory institutional analyses and comparative administration It will also appeal to scholars and those directly involved in public sector and regulatory reforms including politicians and managers

Canadian Democracy from the Ground Up Elisabeth Gidengil, 2014-01-01 Canada is often held up as an example of a healthy democracy However the Canadian public is less enthusiastic about the way our democracy works This first of a kind book approaches the democratic deficit from the perspective of everyday Canadians and assesses the performance of Parliament and the media in light of their perceptions and expectations In doing so a number of chapters highlight the disjuncture between perceptions and performance Canadian Democracy from the Ground Up is essential for anyone who would like to learn how to build a better democracy one that meets the expectations of the Canadian public *The Blueprint* J.P. Lewis, Joanna Everitt, 2017-01-01 In this collection J P Lewis and Joanna Everitt bring together a group of up and coming political scientists as well as senior scholars to explore the recent history of the Conservative Party of Canada covering the pre merger period 1993 2003 and both the minority and majority governments under Prime Minister Stephen Harper The contributors provide nuanced accounts about the experience of conservatives in Canada which reflect the contemporary evolution of Canadian politics in both policy and practice They challenge the assumption that Harper s government was built upon traditional toryism and reveal the extent to which the agenda of the CPC was shaped by its roots to the Reform and Canadian Alliance Parties Organized thematically the volume delves into such topics as interest advocacy ethno cultural minorities gender the media foreign policy and more The Blueprint showcases the renewed vigour in political studies in Canada while revealing the contradictory story of the modern Conservative Party *Reflecting on Our Past and Embracing Our Future* Serge Joyal, Judith Seidman, 2019-03-04 Since 1967 the centennial of Confederation numerous political crises

economic challenges and international events have helped to transform Canadian society and will continue to shape its future. Taking these various challenges and opportunities of the past into account, how does the future look for Canada? In *Reflecting on Our Past and Embracing Our Future*, diplomats, politicians, scientists, and human rights leaders including Phil Fontaine, Michèle Jean, Ellen Gabriel, Paul Heinbecker, Bob Rae, Jean Charest, and David Suzuki have come together to share their wisdom and experience of events that have marked the country over the last fifty years. Reflecting on the role of the Senate in Canada as complementary to the House of Commons, they consider central issues such as the condition of indigenous peoples, the obligations of the Charter of Rights and Freedoms, the recognition of two official languages, and the national unity referendums. Contributors also discuss the transformation of the economy in a globalized and digital world, the role of Canada on the world stage at a time of growing tension and an increasing flow of refugees, climate change, and the uncertain future of the Arctic, scientific and cultural competitions on the international market, and the future of parliamentary democracy. Correcting misconceptions about the contemporary role of the Senate and providing a counterargument for radical Senate reform, *Reflecting on Our Past and Embracing Our Future* offers rich perspectives and fascinating insights about Canada's likely development in the coming years.

Off and Running David Zussman, 2013-01-01. One of the most pivotal events in the electoral cycle is the transition of a newly elected political party from opposition to government. The incoming prime minister or premier must assemble a team of ministers, advisors, and staff that is competent and ready to govern without disrupting the day-to-day functioning of their country or province. *Off and Running* sets the stage for successful transitions by describing the best practices from Canadian federal government transitions from 1984 to the present day. It draws on a number of sources: the author's own career in public affairs, including his significant role in the transitions of both Chrétien governments in 1993 and 1997; extensive interviews with more than forty key individuals in the last eleven federal government transitions; and the international literature on government transitions, public administration, and management. Zussman goes step by step through the transition process, from the pre-election stage to transition planning, all the way to implementation and consolidation of the new government. This book is ideally suited to those seeking an understanding of how government works during one of the most crucial points in its life cycle.

A Civil Society? Miriam Smith, 2018-02-05. *A Civil Society* surveys the main approaches to the study of group politics in Canada with a strong comparative perspective. Unique to this brief and accessible text is a comprehensive theoretical framework that helps students evaluate policy areas surveyed in the book while also pointing them toward future study. This new edition opens with a discussion of power, political institutions, and identity. It goes on to explore group and social movement activity across a range of institutions, including the House of Commons, the bureaucracy, and the courts, as well as mobilization through social media and the electoral system. Throughout, Smith systematically integrates consideration of the role of gender, racialization, and indigeneity in contemporary Canadian group and movement politics.

Crafting Parliament in Myanmar's Disciplined Democracy (2011-2021) Renaud

Egreteau,2022-03-01 In January 2011 parliament was restored in Myanmar after two decades of military rule Startlingly it began to repeal obsolete laws scrutinize government expenditures summon ministers to the floor and discuss the state s annual budget It also allowed its elected representatives to make public the grievances collected from constituents infuriated at enduring practices of land confiscation petty corruption and everyday abuses of power Yet ten years later in February 2021 parliament was shut down again by a coup d tat What has been learned in the span of a decade of post junta parliamentary resurgence How could an elected legislature resurface and function in a country that had only limited experience with parliamentary affairs and representative politics since its independence from British rule What lessons can be drawn from the Myanmar case for parliamentary institution building and legislative developments and decay in post authoritarian and praetorian contexts This book offers a compelling account of Myanmar s halting efforts to develop the institutional framework and practice of a parliament based democratic governance between 2011 and 2021 It charts the stages of such a legislative resurgence tracing its causes and exploring how various institutional and political legacies both informed and constrained the re establishment and operations of the Union legislature or Pyidaungsu Hluttaw Embracing both ethnographic observations and a methodical engagement with legislative proceedings and historical material Renaud Egreteau investigates how parliamentary life re emerged in Myanmar in the 2010s His analysis concentrates on key legislative mechanisms processes and tasks pertaining to government oversight budgetary control representation and lawmaking and interrogates how they were learned re appropriated and mis performed by Myanmar s new breed of legislators and parliamentary staff until the 2021 army takeover

Across the Aisle David E. Smith,2013-01-01 David E Smith argues that Canada has in fact failed to develop such a tradition He investigates several possible reasons for this failure including the long dominance of the Liberal party which arrested the tradition of viewing the opposition as an alternative government periods of minority government induced by the proliferation of parties the role of the news media which have largely displaced Parliament as a forum for commentary on government policy and finally the increasing popularity of calls for direct action in politics
