The Annotated Mrs. Dalloway (The Annotated Books) Merve Emre, Virginia Woolf, 2021-08-31 Virginia Woolf's groundbreaking novel in a lushly illustrated hardcover edition with illuminating commentary from a brilliant young Oxford scholar and critic *Mrs Dalloway* said she would buy the flowers herself So begins Virginia Woolf's much beloved fourth novel First published in 1925 *Mrs Dalloway* has long been viewed not only as Woolf's masterpiece but as a pivotal work of literary modernism and one of the most significant and influential novels of the twentieth century In this visually powerful annotated edition acclaimed Oxford don and literary critic Merve Emre gives us an authoritative version of this landmark novel supporting it with generous commentary that reveals Woolf's aesthetic and political ambitions in *Mrs Dalloway* and beyond as never before *Mrs Dalloway* famously takes place over the course of a single day in late June its plot centering on the upper class Londoner Clarissa Dalloway who is preparing to throw a party that evening for the nation's elite But the novel is

complicated by Woolf's satire of the English social system and by her groundbreaking representation of consciousness. The events of the novel flow through the minds and thoughts of Clarissa and her former lover Peter Walsh and others in their circle but also through shopkeepers and servants among others. Together Woolf's characters, each a jumble of memories and perceptions, create a broad portrait of a city and society transformed by the Great War in ways subtle but profound. No figure has been more directly shaped by the conflict than the disturbed veteran Septimus Smith, who is plagued by hallucinations of a friend who died in battle and who becomes the unexpected second hinge of the novel alongside Clarissa, even though in one of Woolf's many radical decisions the two never meet. Emre's extensive introduction and annotations follow the evolution of Clarissa Dalloway based on an apparently conventional but actually quite complex acquaintance of Woolf's and Septimus Smith from earlier short stories and drafts of *Mrs Dalloway* to their emergence into the distinctive forms devoted readers of the novel know so well. For Clarissa, Septimus, and her other creations, Woolf relied on the skill of character reading, her technique for bridging the gap between life and fiction, reality and representation. As Emre writes, Woolf's approach to representing character involved burrowing deep into the processes of consciousness and so submerged illuminating the infinite variety of sensation and perception concealed therein. From these depths she extracted an unlimited capacity for life. It is in Woolf's characters, fundamentally unknowable but fundamentally alive, that the enduring achievement of her art is most apparent. For decades Woolf's rapturous style and vision of individual consciousness have challenged and inspired readers, novelists, and scholars alike. *The Annotated Mrs Dalloway*, featuring 150 illustrations, draws on decades of Woolf scholarship as well as countless primary sources, including Woolf's private diaries and notes on writing. The result is not only a transporting edition of *Mrs Dalloway* but an essential volume for Woolf devotees and an incomparable gift to all lovers of literature.

Contemporary Horror on Screen Sarah Baker, Amanda Rutherford, Richard Pamatatau, 2023-09-15. This book highlights how horror in film and television creates platforms to address distinct areas of modern-day concern. In examining the prevalence of dark tropes in contemporary horror films such as *Get Out*, *Annabelle*, *Creep*, *A Quiet Place*, *Hereditary*, and *The Nun*, as well as series such as *Stranger Things*, *American Horror Story*, and *Game of Thrones*, amongst numerous others, the authors contend that we are witnessing the emergence of a horror renaissance. They posit that horror films or programmes, once widely considered to be a low form of popular culture entertainment, can contain deeper meanings or subtext and are increasingly covering serious subject matter. This book thus explores how horror is utilised as a tool to explore social and political anxieties of the cultural moment and is thus presented as a site for contestation, exploration, and expansion to discuss present-day fears. It demonstrates how contemporary horror reflects the horror of modern-day life, be it political, biological, social, or environmental. A vital contribution to studies of the horror genre in contemporary culture and the effect it has on social anxieties in a threatening and seemingly apocalyptic time for the world, this is a vital text for students and researchers in popular culture, film, television, and media studies.

Stylistic Innovation, Conscious Experience, and the Self in Modernist Women's Poetry Kristina Marie Darling, 2021-10-07 Stylistic Innovation Conscious Experience and the Self in Modernist Women's Poetry examines representations of philosophical discourses in Modernist women's writing Philosophers argued in the early twentieth century for an understanding of the self as both corporeal and relational shaped and reshaped by interactions within a community The once clear distinction between self and other was increasingly called into question This breakdown of boundaries between self and world often manifested in the style of early twentieth century literary works Modernist poetry like stream of consciousness fiction used metaphor sound and a revision of received grammatical structures to blur the boundaries between the individual and collective This book explores the ways that feminist writers like Mina Loy H D Gertrude Stein and Marianne Moore used style and technique to respond to these philosophical debates reclaiming agency over a predominantly male philosophical discourse While many critics have addressed the thematic content of these writers work few scholars have taken up this question while focusing on the style of the writing This book shows how these feminist poets used seemingly small stylistic choices in poetry to make necessary contributions to contemporary philosophical discourses ultimately rendering these philosophical conversations more inclusive

Television Series as Literature Reto Winckler, Víctor Huertas-Martín, 2022-01-19 This book explores how

television series can be understood as a form of literature bridging the gap between literary and television studies. It goes beyond existing adaptation studies and narratological approaches to television series in both its scope and depth. The respective chapters address literary works, themes, tropes, techniques, values, genres, and movements in relation to a broad variety of television series while drawing on the theoretical work of a host of scholars from Simone de Beauvoir and Yuri Lotman to Ted Nannicelli and Jason Mittell, and on critical approaches ranging from narratology and semiotics to empirical sociology and phenomenology. The book fosters new ways of understanding television series and literature and lays the groundwork for future scholarship in a number of fields. By questioning the alleged divide between television series and works of literature, it contributes not only to a better understanding of television series and literary texts themselves but also to the development of interdisciplinary scholarship in the humanities.

The Waves Virginia Woolf, 2005. Tracing the lives of a group of friends, this novel follows their development from childhood to youth and middle age. Separately and together they query the relationship of past to present and the meaning of life itself.

Feeling Media Miryam Sas, 2022-08-22. In *Feeling Media*, Miryam Sas explores the potentialities and limitations of media theory and media art in Japan. Opening media studies and affect theory up to a deeper engagement with works and theorists outside Euro America, Sas offers a framework of analysis she calls the affective scale, the space where artists and theorists work between the level of the individual and larger global and historical shifts. She examines intermedia, experimental animation, and Marxist theories of the culture industries of the 1960s and 1970s in the work of artists and thinkers ranging from filmmaker Matsumoto Toshio, photographer Nakahira Takuma, and the Three Animators Group to art critic Hanada Kiyoteru and landscape theorist Matsuda Masao. She also outlines how twenty-first century Japanese artists, especially those responding to the Fukushima disaster, adopt and adapt this earlier work to reframe ideas about collectivity, community, and connectivity in the space between the individual and the system.

Virginia Woolf J. Haule, J. Stape, 2016-10-18. This volume covers a wide range of editorial confrontations with Virginia Woolf's writings touching on almost every genre in which she wrote: fiction, diary, letter, biography. It describes a variety of editorial practices and deals with current theories informing the critical editing of the prose of this singular twentieth-century woman writer. This collection of essays by distinguished scholar-critics of Virginia Woolf confronts a number of contemporary issues in critical editing: the use of pre-print materials, authorial revision, the collation of historical texts, and it engages in a lively discussion of the present-day editorial apparatus tackling questions on annotation and paratext. The volume is essential reading for anyone seriously interested in the critical editing of Modernist writing or in the ways in which Woolf's canon has been and is being preserved for her present and future readers.

The Picture of Dorian Gray Oscar Wilde, 2003. On its first publication, *The Picture of Dorian Gray* was regarded as dangerously modern in its depiction of fin de siècle decadence. In this updated version of the Faust story, the tempter is Lord Henry Wotton, who lives selfishly for amoral pleasure. Dorian's good angel is the portrait painter Basil Hallward, whom Dorian murders. The book

highlights the tension between the polished surface of high society and the life of secret vice Although sin is punished in the end the book has a flavour of the elegantly perverse With an Afterword by Peter Harness
