digitization of important newspapers and relevant periodicals The second edition of *The London Stage 1920-1929: A Calendar of Productions, Performers, and Personnel* provides a chronological calendar of London shows from January 1920 through December 1929. The volume chronicles more than 4,000 productions at 51 major central London theatres during this period. For each entry, the following information is provided: Title, Author, Theatre, Performers, Personnel, Opening and Closing Dates, Number of Performances. Other details include genre of the production, number of acts, and a list of reviews. A comment section includes other interesting information such as plot description, first night reception by the audience, noteworthy performances, staging elements, and details of performances in New York either prior to or after the London production. Among the plays staged in London during this decade were *Bulldog Drummond*, *The Emperor Jones*, *The Enchanted Cottage*, *Gentlemen Prefer Blondes*, *Hay Fever*, *Saint Joan*, and *Six Characters in Search of an Author*, as well as numerous musical comedies, British and American foreign works, operas, ballets, and revivals of English classics. Will Shakespeare, Symington Tuck Smythe, and their band of thespians are contracted to provide entertainment at a rural estate as part of a large wedding pageant. [The Shakespeare-Mystery](#) Ziaul Haque, 2015-05-25. This book is a must for those who call themselves ardent Shakespeare researchers. Myriad debates have been taking place for decades over the true identity of William Shakespeare. Some say that Shakespeare himself did not write such wonderful books; some others opine that he did. Some even dare to say that during the Elizabethan era there was no such person alive named Shakespeare. However, I do believe that my book *The Shakespeare mystery: Much Ado about Nothing* will certainly enlighten the readers by removing all the suspicions from their minds, since it is full of facts and proofs associated directly with the life and works of William Shakespeare, the Bard. **Shakespeare No More** Tony Hays, 2015-08-18. It's April 1616 and William Shakespeare is mortally ill, felled, they say, by a fever. But when he calls his estranged friend Simon Saddler to his bedside, Will says he's been

poisoned Stratford Constable Saddler feels compelled to investigate his old friend's death in order to discover not only who murdered him but also how a man once as close as a brother was moved to cuckold Simon and destroy their friendship. The trail may ultimately lead to the discovery of more murders and a conspiracy at the very highest levels. *Wicked Will* Bailey MacDonald, 2010.
