The Poetry of Weldon Kees John T. Irwin, 2017-05-01 A study in how a poet s corpus is

remembered after he vanishes Weldon Kees is one of those fascinating people of whom you've likely never heard Most intriguingly he disappeared without a trace on July 18 1955 Police found his 1954 Plymouth Savoy abandoned on the north side of the Golden Gate Bridge one day later The keys were still in the ignition Though Kees had alluded days prior to picking up and moving to Mexico none of his poetry art or criticism has since surfaced either north or south of the Rio Grande Kees's vanishing has led critics to compare him to another American modernist poet who met a similar end two decades prior Hart Crane In comparison to Crane Kees is certainly now a more obscure figure John T Irwin however is not content to allow Kees to fall out of the twentieth century literary canon In *The Poetry of Weldon Kees* Irwin ties together elements of biography and literary criticism spurring renewed interest in Kees as both an individual and as a poet Irwin acts the part of literary detective following clues left behind by the poet to make sense of Kees's fascination with death disappearance and the lasting interpretation of an artist's work Arguing that Kees's apparent suicide was a carefully plotted final aesthetic act Irwin uses the poet's disappearance as a lens through which to detect and interpret the structures motifs and images throughout his poems as the author intended The first rigorous literary engagement with Weldon Kees's poetry this book is an astonishing reassessment of one of the twentieth century's most gifted writers *The Wesleyan-Methodist Magazine* ,1867
