Muerte De Un Viajante:

Muerte de un viajante Arthur Miller, 2015-06-02 Cuando en 1949 se estrenó en Nueva York *Muerte de un viajante* obtuvo de inmediato un éxito que catapultó a la fama a Arthur Miller hoy convertido en todo un clásico del teatro norteamericano del siglo XX. Llevada innumerables veces a las tablas en todo el mundo y en varias ocasiones a la pantalla más de cincuenta años después de su estreno esta obra ha pasado a ser un símbolo de la tragedia del hombre corriente en una sociedad que lo aniquila y de la inutilidad del sacrificio. Willy Loman ha trabajado como viajante de comercio durante toda su vida para conseguir lo que cualquier hombre desea: comprar una casa, educar a sus hijos, darle una vida digna a su mujer. Tiene sesenta años y está extenuado; pide un aumento de sueldo pero se lo niegan y acaba siendo despedido por su propio bien, pues ya no rinde en su trabajo como antes. Todo parece derrumbarse: no podrá pagar la hipoteca de la casa y para colmo sus dos hijos no hacen nada de provecho. No se ha sacrificado siempre para que estudiaran y se colocaran bien. A medida que avanzan las horas, la avalancha de problemas crece de modo imparable, pero Willy vive otra realidad en otro mundo, ha soñado con tantas cosas. Ha sido un perfecto trabajador, un perfecto padre y marido donde está el error: en él o en los demás. La tragedia de Willy Loman está en que dio su vida o la vendió para justificar que la había desperdiciado. Escribió Arthur Miller, quien a propósito de la triste vigencia de esta obra dijo en cierta ocasión: El que siga habiendo tantos Willy en el mundo se debe a que el hombre se supedita a las imperiosas necesidades de la sociedad o de la tecnología aniquilándose como individuo. Pero la obra trata de algo más primitivo. Como muchos mitos y dramas clásicos, es una historia sobre la violencia en el seno de las familias.

La muerte de un viajante Arthur Miller, 2010-04-26 Quizá algo que nadie puede negarle a Arthur Miller es haber sido una de las grandes voces críticas del siglo XX de los pocos que han sido consecuentes con la idea de que el teatro debe ser un lugar desde el que se remueven y azotan conciencias y se analiza la manera en que vivimos. Pero Miller nunca recurre a sermones y convierte siempre la percepción moral en forma dramática a través de personajes claramente individualizados. Testigo de excepción de hechos importantes del siglo XX: la Gran Depresión de los años 30, la Segunda Guerra Mundial, la Guerra Fría, el macarthismo, la guerra de Vietnam, el derrumbe del comunismo e incluso la caída de las Torres Gemelas, sobre todos ellos ha expresado su punto de vista desde la creación dramática o desde sus escritos teóricos o periodísticos. La *muerte de un viajante* está unánimemente considerada la obra cumbre de Arthur Miller. La fuerza de la historia reside tanto en lo que cuenta como en la manera de contarlo. La obra nos relata las últimas veinticuatro horas en la vida de un viajante de sesenta y tres años llamado Willy Loman con un magistral retrato de unos personajes que, siendo portavoces de una época, son por encima de todo únicos y singulares en una atmósfera tan rica, inquietante y emotiva. Reception and Renewal in Modern Spanish Theatre, 1939-1963 John London, 1997 The book constitutes the first attempt to provide an overview of the reception of foreign drama in Spain during the Franco dictatorship John London analyses performance stage design translation censorship and critical reviews in relation to the works of many authors including Noel Coward Arthur Miller Eugene Ionesco and Samuel Beckett He compares the original reception of these dramatists with the treatment they were given in Spain However his study is also a reassessment of the Spanish drama of the period Dr London argues that only by tracing the reception of non Spanish drama can we understand the praise lavished on playwrights such as Antonio Buero Vallejo and Alfonso Sastre alongside the simultaneous rejection of Spanish avant garde styles A concluding reinterpretation of the early plays of Fernando Arrabal indicates the richness of an alternative route largely ignored in histories of Spanish theatre
