Oratio Ad Graecos and Fragments Tatianos,1982 *Oratio Ad Graecos and Fragments* Tatian,1982 Oratio ad Graecos and fragments Apologetic Discourse and the Scribal Tradition Wayne Campbell Kannaday,2004 Annotation It is commonly acknowledged that the original manuscripts of Matthew Mark Luke and John did not survive the exigencies of history What modern readers refer to as the canonical Gospels are in fact compositions reconstructed from copies transmitted by usually anonymous scribes Apologetic Discourse and the Scribal Tradition examines an important facet of the fascinating but seldom reported story of the interests that shaped the formation of the text of the New Testament With an informed awareness of the dynamic discourse between pagan critics and early defenders of early Christianity and careful scrutiny of more than one hundred variant readings located in the literary tradition of the New Testament text the author drafts a compelling case that some scribes occasionally modified the text of the Gospels under the influence of apologetic interests Early Christian Thinkers Paul Foster,2012-04-10 This book introduces twelve key Christians from the second and third centuries a formative period for the Church These figures are Justin Martyr Irenaeus Tatian Theophilus of Antioch Clement of Alexandria Tertullian Perpetua Origen Hippolytus Cyprian Gregory Thaumaturgos and Eusebius Each chapter is self contained and requires no preliminary knowledge of the figure under discussion making this an ideal book for laity and for undergraduates studying Christian origins or Patristics A Companion to Second-Century Christian 'Heretics' Antti Marjanen,Petri Luomanen,2008 The book deals with thinkers and movements that were embraced by many second century religious seekers but which are now largely forgotten or known only as heretics Basilides Sethianism Valentinus school Marcion Tatian Bardaisan Montanists Cerinthus Ebionites Nazarenes Jewish Christianity of the Pseudo Clementines and Elchasites **Worshipping a Crucified Man** Jeremy Hudson,2021-01-01 By the mid second century Christian writers were engaging in debates with educated audiences from non Jewish Graeco Roman cultural backgrounds A remarkable feature of some of these texts is how extensively they refer to the Jewish scriptures even though those scriptures were unfamiliar to non Jewish Graeco Romans In Worshipping a Crucified Man Jeremy Hudson explores for the first time why this should have been so As the basis for his argument Hudson examines three works by Christian converts originally educated in Graeco Roman traditions Justin Martyr s First Apology Tatian s Oratio and Theophilus of Antioch s Ad Autolycum He considers their literary strategies their use of quotations and allusions and how they present the Jewish scriptures all against the background of the Graeco Roman literary culture familiar to both authors and audiences The scriptures are presented as a critically defining feature of Christianity instrumental in shaping the way the new religion presented itself as it strove to engage with and challenge the cultural traditions of the Graeco Roman world This book will engage scholars interested in the very earliest centuries of Christianity and in the central role the Jewish scriptures played in the new religion s self presentation Cosmology and Fate in Gnosticism and Graeco-Roman Antiquity Nicola F. Denzey,2013-04-09 In Cosmology and Fate in

Gnosticism and Graeco Roman Antiquity Nicola Denzey Lewis dismisses Hans Jonas mischaracterization of second century Gnosticism as a philosophically oriented religious movement built on the perception of the cosmos as negative or enslaving A focused study on the concept of astrological fate in Gnostic writings including the Apocryphon of John the recently discovered Gospel of Judas Trimorphic Protennoia and the Pistis Sophia this book reexamines their language of enslavement to fate Gk heimarmene from its origins in Greek Stoicism its deployment by the apostle Paul to its later use by a variety of second century intellectuals both Christian and non Christian Denzey Lewis thus offers an informed and revisionist conceptual map of the ancient cosmos its influence and all those who claimed to be free of its potentially pernicious effects

The Stoic Sage René Brouwer, 2014-01-09 The first ever book length study of the influential Stoic concept of wisdom

Tatian and the Jewish Scriptures Robert F. Shedinger, 2001 It has long been argued that Tatian in the production of the Diatessaron made regular reference to the Old Testament Peshitta when he came across Old Testament citations in the Gospels This book argues on the contrary that Tatian made little or no use of the Old Testament Peshitta but regularly took over the text of the Old Testament citations as he found them in the Gospel sources out of which he created his harmony Where they differ from the form of these citations in the standard Greek text tradition of the Gospels it is because in the second century Tatian had access to Gospel sources which may have varied significantly from the text of the later manuscripts on which our modern critical editions are based Thus Tatian's Diatessaron becomes a window into an early state of the Gospel texts and supports the idea that a significant amount of textual fluidity characterized the Gospel texts in the first two centuries of their transmission This study will be of interest to those working in the fields of Diatessaronic studies New Testament Textual Criticism and the history of the Syriac Church

The Second-Century Apologists Alvyn Pettersen, 2020-08-31 They bring three charges against us atheism Thyestean banquets and Oedipian unions So a late second century Christian Apologist wrote with reference to his critics Against these and other charges the Apologists rallied Not so they maintained It was not the Christians but their critics who were the atheists and the Christians were the true theists They were atheists only insofar as they denied the fabricated gods of the cults and the immoral deities of theaters That they explained was why Christians absented themselves whatever the cost from the imperial cult theaters and amphitheaters They were not cannibals as Thyestes was when he ate the flesh of his children To suggest otherwise was to misunderstand Christians consuming Christ's flesh and blood at the Eucharist Nor were they imitators of Oedipus who entered into sexual relations with Jocasta his Queen and though he knew it not also his mother Christians did exchange the kiss of peace They did love one another They were not however incestuous Any promiscuous love

on their part extended only to a very practical love of every needy soul This book explores these arguments especially noting the Apologists commitment to God s oneness to Christians not worshipping anything made and to humans properly caring for fellow creatures

MOTHERHOOD OF THE BLESSED VIRGIN MARY IN THE WRITINGS OF MAR EPHREM THE SYRIAN NOBBY XAVIER MANATT, 2025-01-20 **Nemesius of Emesa on Human Nature** David Lloyd Dusenbury, 2021-08-20 Nemesius of Emesa s On Human Nature De Natura Hominis is the first Christian anthropology Written in Greek circa 390 CE it was read in half a dozen languages from Baghdad to Oxford well into the early modern period Nemesius text circulated in two Latin versions in the centuries that saw the rise of European universities shaping scholastic theories of human nature During the Renaissance there were numerous print editions helping to inspire a new discourse of human dignity David Lloyd Dusenbury offers the first monograph in English on Nemesius treatise In the interpretation offered here the Syrian bishop seeks to define the human qua human His early Christian anthropology is cosmopolitan He writes Things that are natural are the same for all In his pages a host of texts and discourses biblical and medical legal and philosophical are made to converge

upon a decisive tenet of Christian late antiquity humans natural freedom For Nemesius reason and choice are a divine double strand of powers Since he believes that both are a natural human inheritance he concludes that much is in our power Nemesius defines humans as the only living beings who are at once ruler intellect and ruled body Because of this the human is a little world binding the rationality of angels to the flux of elements the tranquillity of plants and the impulsiveness of animals This compelling study traces Nemesius reasoning through the whole of On Human Nature as he seeks to give a long influential image of humankind both philosophical and anatomical proof **Our Divine Double** Charles M.

Stang,2016-03-07 What if you were to discover that you were only one half of a whole that you had a divine double In the second and third centuries CE Charles Stang shows this idea gripped the religious imagination of the Eastern Mediterranean offering a distinctive understanding of the self that has survived in various forms down to the present **Conceptions of "Gospel" and Legitimacy in Early Christianity** James A. Kelhoffer,2014-05-14 Whether he is asking about the role of New Testament exegesis among other academic disciplines the suppression of anger in Pauline writings or at what point came to designate a written Gospel James A Kelhoffer s patient and careful exegesis provides an intriguing lens through which to view early Christianity Many struggles of early Christ believers he finds reflect intra ecclesial struggles to establish the legitimacy of a view or a religious leader vis a vis competing ideologies or leaders Those already familiar with Kelhoffer s Miracle and Mission 2000 The Diet of John the Baptist 2005 and Persecution Persuasion and Power 2010 will find in this volume refreshing insights suggested but not developed in his other books
