Revelation Through Firstcentury Glasses:

Revelation Through First-Century Glasses W. B. West, Bob Prichard, 1997-01-01 **Exposition of Revelation** Drew Leonard, 2019-03-03 This book is written to help explain the text of the book of Revelation to the common man Attention is given to the dating of the book the imminence of the events the allusions to the OT the beast the cryptic 666 the seven kings the millennium the new heavens and new earth and more Every text of the Revelation is addressed thoroughly alongside critiques and examinations of differing views This book will leave you with a better understanding of John s Apocalypse and will guard against any strange views that may not be supported by the text Grab your Bible a pen and some paper and begin an Exposition of Revelati Journeying Through Revelation Valerie LeBlanc, 2015-08-21 Have you ever read a passage in Scripture and then read it again and again and wondered what it is that God wants you to learn from it As you read Revelation 1 1a The revelation from Jesus Christ which God gave him to show his servants what must soon take place Have you ever wondered What does revelation mean What does it mean when John says the revelation from Jesus Christ How do we resolve being told that this is about what must soon take place and the fact that 2000 years later we are still waiting Walk with the author as she steps through this fascinating book of Revelation chapter by chapter verse by verse seeking answers to the many questions that arise You wont always agree with my answers and thats okay says author Valerie LeBlanc My prayer is that my thoughts wont mislead but rather that they will cause you to look at Revelation in a new way That they will cause you to question to seek out your own answers and in so doing draw you into a closer relationship with our Lord and Savior Jesus Christ **God-Greed Bless America?** Joseph Alan Redman, 2012-05 Lulled into comfort by the luxuries and freedoms enjoyed in the United States many Christians come to the conclusion that this country must be the recipient of a special blessing from God Using his keen insight and extensive experience Joseph Redman dismantles this common belief Instead he argues convincingly that our modern culture is structured to reward greed and selfishness not true godliness What effect does this have on the strength of the Church as a whole Through the use of Scripture and commentary based on many years of study Joseph shows how excessive greed and the abuse of what he calls ego power are pulling Christians away from the Church He then challenges us to examine our own lives and to find a better way to actively express true Christ like love to the least of these in our world Only when we focus on Christ can we view our nation in proper perspective Joseph Redman does community service as a hospital clown but there is nothing funny in the arguments he sets out in this book With passion and insight he has identified the fixation on wealth as America s Golden Calf he has called into question the easy identification of God and country and he has reminded Christian believers of which first things should come first This is a serious book that deserves to be read seriously Mark Noll Francis A McAnaney Professor University of Notre Dame The Search for Christian America Music to God's Ears Roderick Biddings, 2010-02-25 *A Pentecostal Commentary on Revelation* Jon K. Newton, 2021-02-15 This new commentary approaches Revelation from a Pentecostal perspective but you

may be surprised at what this does and doesn't mean in this case. This is a serious commentary based on the Greek text and includes discussion of all the standard topics: authorship, date, audience, etc. It gives interpretive priority to the original context and audience while also discussing application today. Newton eschews all populist interpretations of Revelation and questions many assumptions built on futurist or historicist readings but includes a survey of recent scholarly Pentecostal work on Revelation and an extended discussion of what an authentic Pentecostal reading of Revelation might look like. The commentary highlights features of Revelation that Pentecostals often look for such as its pneumatology but also draws attention to features that Pentecostal readers should take more seriously than they often do such as its missional focus, the narrative flow, intertextual references, and the focus on atonement. This makes it a more optimistic commentary than many available. The commentary interacts in depth with five leading commentaries over the past twenty-five years as well as over two hundred other books and articles, including the oldest existing commentary on Revelation.

Reading Scripture as Wesleyans Joel B. Green, 2010-05-01

John Wesley boasted that he was a man of one book, but he was also a thoughtful student throughout his life and an author of many books. As breath gives life, John Wesley inhaled and exhaled the words of Scripture, shaping his thoughts, beliefs, feelings, and behavior. And like our eighteenth-century ancestor, the Bible is central to us for continued faith formation. In this invitation to Scripture, the general editor of the Wesley Study Bible and biblical scholar Dr. Joel Green summarizes Wesley's understanding of key themes and topics of key books of the New Testament. Using brief excerpts from Wesley's writings in updated language, Dr. Green explains the importance of Wesley's thinking as it directly applies to everyday life and faithful practice. Each chapter ends with questions suitable for private devotion or group settings to help you apply your study to daily living. This book will be your trusted companion to the Wesley Study Bible as you love God with a warmed heart and serve God with active hands.

Women at Work in Twenty-First-Century European Cinema Barbara Mennel,2019-01-30 From hairdressers and caregivers to reproductive workers and power suited executives images of women's labor have powered a fascinating new movement within twenty first century European cinema Social realist dramas capture precarious working conditions Comedies exaggerate the habits of the global managerial class Stories from countries battered by the global financial crisis emphasize the patriarchal family debt and unemployment Barbara Mennel delves into the ways these films about female labor capture the tension between feminist advances and their appropriation by capitalism in a time of ongoing

transformation Looking at independent and genre films from a cross section of European nations Mennel sees a focus on economics and work adapted to the continent's varied kinds of capitalism and influenced by concepts in second wave feminism More than ever narratives of work put female characters front and center and female directors behind the camera Yet her analysis shows that each film remains a complex mix of progressive and retrogressive dynamics as it addresses the changing nature of work in Europe
