Valley Forge: An On-the-Scene Account of the Winter of Crisis in the Revolutionary War Donald Barr Chidsey,2019-05-07 A vividly exciting on the scene account of the most crucial winter of the American Revolution You accompany the ragged hungry American troops as they leave Philadelphia to spend the winter at Valley Forge You struggle up the hill help clear the underbrush and fell the trees to build huts and fortifications You endure the cold and the hunger the sickness and the boredom the lack of the most rudimentary conveniences and you marvel at the spirit that keeps your fellow Americans from deserting In contrast you see the relative luxury of the circumstances enjoyed by the British troops in Philadelphia Then you see the start of the moves that will ultimately result in victory the near disruption of the British fleet at Philadelphia by the world's first submarine and floating mines experienced foreign officers joining the American cause the drilling of troops for effective combat and the declaration of war by France Finally you share in the long awaited triumph when camp is disbanded and the American army chases the British across New Jersey *My Autobiography the Prequel: Volume 1, the Conception of "thy Death Valley House" for Beatty, Nevada* Martin J. Blahnik, MD, the Desert Doc,2024-07-24

This is the first of a three volume memoir in the author's provocative tell all journey to feature the artistic side of the human condition. As such, there are matters that go well beyond Dr Blahnik's professional career as a physician and scientist. Yet they are the unbreakable rules of the Scientific Method that guide our deep understanding of the Darwinian evolution of the human mind, the DNA driven emergence of the psychotic mental illnesses, and what we call human creativity. In this first volume, the lively narrative quickly connects us to the author's True Love for the American desert lands; indeed, the desert is his mistress in particular Death Valley National Park. Then the whimsical adventure travels to Europe to Paris and Berlin, but also elsewhere along the way, always with a keen interest and focus on thought provoking matters of history. All three books have the words in their titles: *Death Valley House for Beatty Nevada*. It is the artist's legacy objective to build this house in the small historic mining town, certified as the Gateway to Death Valley, called Beatty. Given the author's decades of experience in Death Valley as a professional landscape photographer, his very long Chapter Six dramatically profiling the 1960s Charles Manson hippie cult in Death Valley Country is something whereby Dr Blahnik has been duly authorized to make the claim with confidence. No one can tell this story of Charles Manson in Death Valley in the manner that I have. Furthermore, it is decidedly engaging and indeed surprising to observe the extent to which the history of some members of the cult serves as a foil to the author's character. Imagine that.
