## **Russia In Search Of Itself:**

*Russia in Search of Itself* James H. Billington, 2004-03-19 Billington describes the contentious discussion occurring all over Russia and across the political spectrum He finds conflicts raging among individuals as much as between organized groups and finds a deep underlying tension between the Russians attempts to legitimize their new nominally democratic identity and their efforts to craft a new version of their old authoritarian tradition After showing how the problem of Russian identity was framed in the past Billington asks whether Russians will now look more to the West for a place in the common European home or to the East for a new Eurasian identity

*Russia's Uncommon Prophet* Wallace L. Daniel, 2016-04-20 This lucidly written biography of Aleksandr Men examines the familial and social context from which Men developed as a Russian Orthodox priest Wallace Daniel presents a different picture of Russia and the Orthodox Church than the stereotypes found in much of the popular literature Men offered an alternative to the prescribed ways of thinking imposed by the state and the church Growing up during the darkest most oppressive years in the history of the former Soviet Union he became a parish priest who eschewed fear who followed Christ's command to love thy neighbor as thyself and who attracted large diverse groups of people in Russian society How he accomplished those tasks and with what ultimate results are the main themes of this story Conflict and controversy marked every stage of Men's priesthood His parish in the vicinity of Moscow attracted the attention of the KGB especially as it became a haven for members of the intelligentsia He endured repeated attacks from ultraconservative anti Semitic circles inside the Orthodox Church Fr Men represented the spiritual vision of an open non authoritarian Christianity and his lectures were extremely popular He was murdered on September 9 1990 For years his work was unavailable in most church bookstores in Russia and his teachings were excoriated by some both within and outside the church But his books continue to offer hope to many throughout the world they have sold millions of copies and are testimony to his continuing relevance and enduring significance This important biography will appeal to scholars and general readers interested in religion politics and global affairs

## **Explaining Russian Foreign Policy Behavior**

Alexander Sergunin, 2016-03-22 This book aims to explain the reasons behind Russia's international conduct in the post Soviet era examining Russian foreign policy discourse with a particular focus on the major foreign policy schools of Atlanticism Eurasianism derzhavniki realpolitik geopolitics neo Marxism radical nationalism and post positivism The Russian post Soviet threat perceptions and national security doctrines are studied The author critically assesses the evolution of Russian foreign policy decision making over the last 25 years and analyzes the roles of various governmental agencies interest groups and subnational actors Concluding that a foreign policy consensus is gradually emerging in contemporary Russia Sergunin argues that the Russian foreign policy discourse aims not only at the formulation of an international strategy but also at the search for a new national identity Alexander Sergunin argues that Russia's current domestic situation defined by numerous socio economic inter ethnic demographic environmental and other problems dictates the need to abandon

superpower ambitions and to rather set modest foreign policy goals *Eurasianism* Paolo Pizzolo, 2020-01-28 Eurasianism An Ideology for the Multipolar World investigates the ideology of Eurasianism a political doctrine that founds its principles on geopolitics and conservatism Specifically the book examines neo Eurasianist thought and its implications for the international system After collocating Eurasianism in the spectrum of conservative theories the research analyzes its historical evolution from the early 20th century to its contemporary manifestations Pizzolo describes the liaison between Eurasianism and geopolitics describing the nature of geopolitics and the main theories that highlight the relevance of the Eurasian landmass including Mackinder s Heartland theory Spykman s Rimland theory and Haushofer s Kontinentalblock project The book also focuses on the central elements of the neo Eurasianist ideology including the key features of the so called Fourth Political Theory arguing that Eurasianism could represent a theoretical contribution for the advent of the multipolar world

**Political Symbols in Russian History** Lee Trepanier, 2007-01-01 Political Symbols in Russian History is one of the few works that presents an analytical and comprehensive account of Russian history and politics between the years of 988 to 2005 From Kievan Rus to Putin s Russia this book traces the development evolution and impact that political symbols have had on Russian society By using Eric Vogelin s new science of politics as the human search for order and justice Dr Lee Trepanier provides a fresh and unique approach to the studies of political culture and civil society For those interested in Russian politics and intellectual history Political Symbols offers the most up to date scholarship on such political symbols and social institutions like the Russian Orthodox Church and State This book presents an innovative approach to understanding symbols in the search for order and justice in Russian history Globalization and National Identities P. Kennedy, C.

Danks, 2001-06-05 Drawing on original research from social scientists working on twelve countries this book explores the key issues faced by nations and citizens as they struggle to rediscover reaffirm or reconstruct their sense of national identities in the face of globalizing forces Some nations and peoples experience the fragmentation of once certain identities as threatening and likely to generate political and social breakdown Others encounter globalization as a challenge which brings uncertainties but also opportunities for adaptation the evolution of hybrid identities or new forms of protest **Freedom of Speech in Russia** Daphne Skillen, 2016-11-25 This book traces the life of free speech in Russia from the final years of the Soviet Union to the present It shows how long cherished hopes for an open society in which people would speak freely and tell truth to power faded under Gorbachev s glasnost how free speech was a real if fractured achievement of Yeltsin s years in power and how easy it was for Putin to reverse these newly won freedoms imposing a patrimonial media that sits comfortably with old autocratic and feudal traditions The book explores why this turn seemed so inexorable and now seems so entrenched It examines the historical legacy and Russia s culturally ambivalent perception of freedom which Dostoyevsky called that terrible gift It evaluates the allure of western consumerism and Soviet era illusions that stunted the initial promise of freedom and democracy The behaviour of journalists and their apparent complicity in the distortion of their profession come

under scrutiny This ambitious study covering more than 30 years of radical change looks at responses from above and from below and asks whether the players truly understood what was involved in the practice of free speech

**Migration, Refugee Policy, and State Building in Postcommunist Europe** Oxana Shevel, 2011-10-24 Why do similar postcommunist states respond differently to refugees Why do some states privilege certain refugee groups while other states do not This book presents a theory to account for this puzzle and it centers on the role of the politics of nation building and of the office of the UN High Commissioner for Refugees UNHCR A key finding of the book is that when the boundaries of a nation are contested and thus there is no consensus on which group should receive preferential treatment in state policies a political space for a receptive and nondiscriminatory refugee policy opens up The book speaks to the broader questions of how nationalism matters after communism and under what conditions and through what mechanisms international actors can influence domestic policies The analysis is based on extensive primary research the author conducted in four languages in the Czech Republic Poland Russia and Ukraine

**Canadian Slavonic Papers**, 2004 The New Republic Herbert David Croly, 1928

**Gurdjieff** Jacob Needleman, George Baker, 1998-01-01 This 449 page collection of essays on the life of the famous or infamous George Ivanovitch Gurdjieff could serve as the definitive tome on the eccentric and enigmatic teacher

Russia in the Early Modern World Donald Ostrowski, 2022-01-25 A fundamental problem in studying early modern Russian history is determining Russia's historical development in relationship to the rest of the world The focus throughout this book is on the continuity of Russian policies during the early modern period 1450 1800 and that those policies coincided with those of other successful contemporary Eurasian polities The continuities occurred in the midst of constant change but neither one nor the other continuities or changes alone can account for Russia's success Instead Russian rulers from Ivan III to Catherine II with their hub advisors managed to sustain a balance between the two During the early modern period these Russian rulers invited into the country foreign experts to facilitate the transfer of technology and know how mostly from Europe but also from Asia In this respect they were willing to look abroad for solutions to domestic problems Russia looked westward for military weaponry and techniques at the same time it was expanding eastward into the Eurasian heartland The ruling elite and by extension the entire ruling class worked in cooperation with the ruler to implement policies The Church played an active role in supporting the government and in seeking to eliminate opposition to the government
