Historical Dictionary of Russian and Soviet Cinema Peter Rollberg, 2016-07-20 Russian and Soviet cinema occupies a unique place in the history of world cinema. Legendary filmmakers such as Sergei Eisenstein, Vsevolod Pudovkin, Dziga Vertov, Andrei Tarkovsky, and Sergei Paradjanov have created oeuvres that are being screened and studied all over the world. The Soviet film industry was different from others because its main criterion of success was not profit but the ideological and aesthetic effect on the viewer. Another important feature is Soviet cinema's multinational Eurasian character, while Russian cinema was the largest. Other national cinemas such as Georgian, Kazakh, and Ukrainian played a decisive role for Soviet cinema as a whole. The Historical Dictionary of Russian and Soviet Cinema provides a rich tapestry of factual information together with detailed critical assessments of individual artistic accomplishments. This second edition of Historical Dictionary of Russian and Soviet Cinema contains a chronology, an introduction, and a bibliography. The dictionary section has over 600 cross-referenced entries on directors, performers, cinematographers, composers, designers, producers, and studios. This book is an excellent access point for students, researchers, and anyone wanting to know more about Russian and Soviet Cinema.

**Enemies of the People** Katherine Bliss Eaton, 2002. Katherine Eaton has compiled a collection of essays on the destruction of the arts in Russia in the 1930s. The essays provide information about what we know was lost and speculation about what might have been lost in the Stalinist Great Purge.

**Soviet Mass Festivals, 1917-1991** Malte Rolf, 2013. This book is an English translation of a study of the highly organized public mass celebrations to glorify the state party leader of authoritarian regimes in the 20th century, which originated in and enjoyed their longest run in the Soviet Union.

**Bewitching Russian Opera** Inna Naroditskaya, 2018-11-01. In Bewitching Russian Opera: The Tsarina from State to Stage, author Inna Naroditskaya investigates the musical lives of four female monarchs who ruled Russia for most of the eighteenth century: Catherine I, Anna Elizabeth, and Catherine the Great. Engaging with ethnomusicological, historical, and philological approaches, her study traces the tsarinas' deeply invested interest in musical drama as each built theaters, established drama schools, commissioned operas and ballets, and themselves wrote and produced musical plays. Naroditskaya examines the creative output of the tsarinas across the contexts in which they worked and lived, revealing significant connections between their personal creative aspirations and contemporary musical theatrical practices and the political and state affairs conducted during their reigns. Through contemporary performance theory, she demonstrates how the opportunity for role playing and costume changing in performative spaces allowed individuals to cross otherwise rigid boundaries of class and gender. A close look at a series of operas and musical theater productions from Catherine the Great's fairy tale operas to Tchaikovsky's *Pique Dame* illuminates the transition of these royal women from powerful political and cultural figures during their own reigns to a marginalized and unreal Other under the patriarchal dominance of the subsequent period. These tsarinas successfully fostered the concept of a modern nation and collective national identity only to then have their power

and influence undone in Russian cultural consciousness through the fairy tales operas of the 19th century that positioned tsarinas as magical and dangerous figures rightfully displaced and conquered by triumphant heroes on the stage and by the new patriarchal rulers in the state Ultimately this book demonstrates that the theater served as an experimental space for these imperial women in which they rehearsed probed and formulated gender and class roles and performed on the musical stage political ambitions and international conquests which they would later enact on the world stage itself *The War for the Public Mind* Robert J. Goldstein, 2000-03-30 From 1815 to 1914 European governments and their political oppositions were engaged in a constant war for the minds of the general population especially the working classes The German socialist newspaper *Hamburger Echo* declared on September 27 1910 In waging our war we do not throw bombs Instead we throw our newspapers amongst the masses of the working people Printing ink is our explosive The most comprehensive study ever published about European censorship practices during the 1815 1914 period this book discusses the censorship of books newspapers caricatures theater and film through an analytical introductory survey and six chapters by leading specialists who summarize 19th century censorship practices in the six major countries of continental Europe Germany Italy France Austria Russia and Spain As a result of the massive transformation of European life in the post Napoleonic period and the simultaneously rapid growth in industrialization urbanization literacy transportation and communication the average European emerged quite suddenly as a potential player who could no longer be ignored by the ruling elite *Russian Jewish Artists in a Century of Change, 1890-1990* Ziva Amishai-Maisels, Jewish Museum (New York, N.Y.), 1995 Every so often the organizers of an art exhibition attempt to address head on issues of interest in the world of contemporary politics *Russian Jewish Artists in a Century of Change 1890 1990* represents such an undertaking With the break up of the Soviet Union countries and cultures under Soviet control suddenly opened up to the West In the past few years as information has begun to flow more freely art historians have found themselves having to re examine their subjects and concerns in the light of newly accessible information Nowhere is this situation more apparent than in the study of Jewish artists in Russia Until recently books and catalogues written in the West have concentrated on work done by Russian Jewish artists in exile Now for the first time an international group of scholars has been assembled to address the last hundred years of art produced by Jews living in Russia itself Given the present state of research *Russian Jewish Artists in a Century of Change 1890 1990* which documents an exhibition organized by The Jewish Museum New York purposely proposes more questions than it answers A lucid historical overview by historian Michael Stanislawski followed by seven thought provoking essays by an international roster of art historians who address in chronological sequence the difficult frequently uplifting history of Jewish art in Russia in the modern period *Cinema and Soviet Society, 1917-1953* Peter Kenez, 1992-06-26 The political influences on Soviet cinema are traced from its pre revolutionary heritage through the Revolution and the golden years of the late 1920s through Second World War liberalization and the extraordinary repression of Stalin final years The political influences

Youngblood,2014-09-10 The golden age of Soviet cinema in the years following the Russian Revolution was a time of both achievement and contradiction as reflected in the films of Eisenstein Pudovkin and Kuleshov Tensions ran high between creative freedom and institutional constraint radical and reactionary impulses popular and intellectual cinema and film as social propaganda and as personal artistic expression In less than a decade the creative ferment ended subjugated by the ideological forces that accompanied the rise of Joseph Stalin and the imposition of the doctrine of Socialist Realism on all the arts Soviet Cinema in the Silent Era 1918 1935 records this lost golden age Denise Youngblood considers the social economic and industrial factors that influenced the work of both lesser known and celebrated directors She reviews all major and many minor films of the period as well as contemporary film criticism from Soviet film journals and trade magazines Above all she captures Soviet film in a role it never regained that of dynamic artform of the proletarian masses The Cultural Origins of the Socialist Realist Aesthetic, 1890-1934 Irina Gutkin,1999 The past fifteen years have seen an important shift in the way scholars look at socialist realism Where it was seen as a straitjacket imposed by the Stalinist regime it is now understood to be an aesthetic movement in its own right one whose internal logic had to be understood if it was to be criticized International specialists remain divided however over the provenance of Soviet aesthetic ideology particularly over the role of the avant garde in its emergence In *The Cultural Origins of the Socialist Realist Aesthetic* Irina Gutkin brings together the best work written on the subject to argue that socialist realism encompassed a philosophical worldview that marked thinking in the USSR on all levels political social and linguistic Using a wealth of diverse cultural material Gutkin traces the emergence of the central tenants of socialist realist theory from Symbolism and Futurism through the 1920s and 1930s **História, teatro e política** Kátia Paranhos,2015-10-23 Com uma abordagem que transpassa história e teatro o livro organizado por Kátia Paranhos contribui para a pesquisa na área das ciências humanas tanto com uma discussão sobre teoria e fontes documentais quanto com análises das complexas relações entre leitor e história ficção e vida Na apresentação da obra Kátia discute como a redefinição do campo de atuação do pesquisador contemporâneo leva o texto teatral a ser entendido como mais um elemento constitutivo com o qual se trama o fio da história e não como documento central de suas reflexões O que não significa banir o texto teatral desse espectro de discussão mas compreender o fato teatral como uma rede de relações dinâmicas que transitam entre a semiologia a história a sociologia a antropologia a técnica e a arte a representação e a política A atividade teatral dialoga com outros campos do fazer artístico e assimilado que se incentive uma história que dependa das relações verificadas dentro e fora do fenômeno teatral afirma Kátia *Through Soviet Jewish Eyes* David Shneer,2011 Most view the relationship of Jews to the Soviet Union through the lens of repression and silence Focusing on an elite group of two dozen Soviet Jewish photographers including Arkady Shaykhet Alexander Grinberg

Mark Markov Grinberg Evgenii Khaldei Dmitrii Baltermants and Max Alpert Through Soviet Jewish Eyes presents a different picture These artists participated in a social project they believed in and with which they were emotionally and intellectually invested they were charged by the Stalinist state to tell the visual story of the unprecedented horror we now call the Holocaust These wartime photographers were the first liberators to bear witness with cameras to Nazi atrocities three years before Americans arrived at Buchenwald and Dachau In this passionate work David Shneer tells their stories and highlights their work through their very own images he has amassed never before published photographs from families collectors and private archives Through Soviet Jewish Eyes helps us understand why so many Jews flocked to Soviet photography what their lives and work looked like during the rise of Stalinism during and then after the war and why Jews were the ones charged with documenting the Soviet experiment and then its near destruction at the hands of the Nazis **The BFI Companion to**

**Stalin and His Hangmen** Donald Rayfield,2007-12-18 Stalin did not act alone The mass executions the mock trials the betrayals and purges the jailings and secret torture that ravaged the Soviet Union during the three decades of Stalin s dictatorship were the result of a tight network of trusted henchmen and women spies psychopaths and thugs At the top of this pyramid of terror sat five indispensable hangmen who presided over the various incarnations of Stalin s secret police Now in his harrowing new book Donald Rayfield probes the lives the minds the twisted careers and the unpunished crimes of Stalin s loyal assassins Founded by Feliks Dzierzynski the Cheka the Extraordinary Commission came to life in the first years of the Russian Revolution Spreading fear in a time of chaos the Cheka proved a perfect instrument for Stalin s ruthless consolidation of power But brutal as it was the Cheka under Dzierzynski was amateurish compared to the well oiled killing machines that succeeded it Genrikh Iagoda s OGPU specialized in political assassination propaganda and the manipulation of foreign intellectuals Later the NKVD recruited a new generation of torturers Starting in 1938 terror mastermind Lavrenti Beria brought violent repression to a new height of ingenuity and sadism As Rayfield shows Stalin and his henchmen worked relentlessly to coerce and suborn leading Soviet intellectuals artists writers lawyers and scientists Maxim Gorky Aleksandr Fadeev Alexei Tolstoi Isaak Babel and Osip Mandelstam were all caught in Stalin s web courted toyed with betrayed and then ruthlessly destroyed In bringing to light the careers personalities relationships and

accomplishments of Stalin's key henchmen and their most prominent victims Rayfield creates a chilling drama of the intersection of political fanaticism personal vulnerability and blind lust for power spanning half a century Though Beria lost his power and his life after Stalin's death in 1953 the fundamental methods of the hangmen maintained their grip into the second half of the twentieth century Indeed Rayfield argues the tradition of terror far from disappearing has emerged with renewed vitality under Vladimir Putin Written with grace passion and a dazzling command of the intricacies of Soviet politics and society *Stalin and the Hangmen* is a devastating indictment of the individuals and ideology that kept Stalin in power
