Virginia Woolf's Portraits of Russian Writers Darya Protopopova, 2019-02-05 Virginia Woolf always stayed ahead of her time Championing gender equality when women could not vote publishing authors from Pakistan France Austria and other parts of the world while nationalism in Britain was on the rise and befriending outcasts and social pariahs As such what could have possibly interested her in the works of nineteenth century Russian writers austere and at times misogynistic thinkers preoccupied with peasants priests and paroxysms of the soul This study explains the chronological and cultural paradox of how classic Russian fiction became crucial to Woolf's vision of British modernism We follow Woolf as she begins to learn Russian invents a character for a story by Dostoevsky ponders over Sophia Tolstoy's suicide note and proclaims Chekhov a truly modern writer The book also examines British modernists' fascination with Russian art looking at parallels between

Russian Writers and the Fin de Siècle Katherine Bowers, Ani Kokobobo, 2015-06-17 Russian literature has a reputation for gloomy texts especially during the late nineteenth century This volume argues that a fin de siècle mood informed Russian literature long before the chronological end of the nineteenth century in ways that had significant impact on the development of Russian realism Some chapters consider ideas more readily associated with fin de siècle Europe such as degeneration theory biodeterminism Freudian psychoanalysis or apocalypticism alongside earlier Russian realist texts by writers such as Turgenev Dostoevsky or Tolstoy Other chapters explore the changes that realism underwent as modernism emerged examining later nineteenth century or early twentieth century texts in the context of the earlier realist tradition or their own cultural moment Overall a team of emerging and established scholars of Russian literature and culture present a wide range of creative and insightful readings that shed new light on later realism in all its manifestations

The Myth of the Non-Russian Erika Haber, 2003-01-01 *The Myth of the Non Russian* explores the magical realist prose of two non Slavic authors writing in Russian in the Soviet Union in the 1970s 1980s Erika Haber argues that these authors juxtaposed their native myth with Soviet myth thus undermining the Soviet prescription of national conformity in art by suggesting a plurality of worlds and truths

Russian Writers on Translation Brian James Baer, Natalia Olshanskaya, 2014-07-16 Since the early eighteenth century following Peter the Great's policy of forced westernization translation in Russia has been a very visible and much discussed practice Generally perceived as an important service to the state and the nation translation was also viewed as a high art leading many Russian poets and writers to engage in literary translation in a serious and sustained manner As a result translations were generally regarded as an integral part of an author's oeuvre and of Russian literature as a whole This volume brings together Russian writings on translation from the mid 18th century until today and presents them in chronological order providing valuable insights into the theory and practice of translation in Russia Authored by some of Russia's leading writers such as Aleksandr Pushkin Fedor Dostoevskii Lev Tolstoi Maksim Gorkii and Anna Akhmatova many of these texts are translated into English for the first time They are accompanied by extensive annotation and biographical sketches of the authors and reveal Russian translation discourse to be a sophisticated and often politicized exploration of Russian national identity as well as the nature of the modern subject *Russian Writers on Translation* fills a persistent gap in

the literature on alternative translation traditions highlighting the vibrant and intense culture of translation on Europe's periphery. Viewed in a broad cultural context, the selected texts reflect a nuanced understanding of the Russian response to world literature and highlight the attempts of Russian writers to promote Russia as an all-inclusive cultural model.

Russian Writers and Society in the Nineteenth Century Ronald Hingley, 2021-06-15. This book, first published in 1977, begins with a close look at the lives of nineteenth-century Russian writers and at the problems of their profession. It then examines their environment in its broader aspects: the Russian empire being considered from the point of view of geography, ethnography, economics, and the impact of individual Tsars on writers and society. A discussion of the main social estates follows, and concluding is an analysis in their literary context of the activities of the competing forces of cohesion and disruption in imperial society: the civil service, law, courts, police, army, schools, universities, press, censorship, revolutionaries, and agitators. This book makes possible a fuller understanding of the works of Pushkin, Dostoyevsky, Chekhov, and the other great Russian writers.

Global Russian Cultures Kevin M. F. Platt, 2019-01-15. Is there an essential Russian identity? What happens when Russian literature is written in English by such authors as Gary Shteyngart or Lara Vapnyar? What is the geographic home of Russian culture created and shared via the internet? *Global Russian Cultures* innovatively considers these and many related questions about the literary and cultural life of Russians who, in successive waves of migration, have dispersed to the United States, Europe, and Israel, or who remained after the collapse of the USSR in Ukraine, the Baltic states, and the Central Asian states. The volume's internationally renowned contributors treat the many different global Russian cultures not as displaced elements of Russian cultural life but rather as independent entities in their own right. They describe diverse forms of literature, music, film, and everyday life that transcend and defy political, geographic, and even linguistic borders. Arguing that Russian cultures today are many, this volume contends that no state or society can lay claim to be the single or authentic representative of Russianness. In so doing, it contests the conceptions of culture and identity at the root of nation-building projects in and around Russia.
