Anthropology of Color Robert E. MacLaury,Galina V. Paramei,Don Dedrick,2007-11-21 The field of color categorization has always been intrinsically multi and inter disciplinary since its beginnings in the nineteenth century The main contribution of this book is to foster a new level of integration among different approaches to the anthropological study of color The

editors have put great effort into bringing together research from anthropology linguistics psychology semiotics and a variety of other fields by promoting the exploration of the different but interacting and complementary ways in which these various perspectives model the domain of color experience By so doing they significantly promote the emergence of a coherent field of the anthropology of color As of February 2018 this e book is freely available thanks to the support of libraries working with Knowledge Unlatched
