Tracy, Marguerite Ragnow, 2004-10-25 How did state power impinge on the religion of the ordinary person This perennial issue has been sharpened as historians uncover the process of confessionalization or acculturation by which officials of state and church collaborated in ambitious programs of Protestant or Catholic reform intended to change the religious consciousness and the behaviour of ordinary men and women In the belief that specialists in one area of the globe can learn from the questions posed by colleagues working in the same period in other regions this volume sets the topic in a wider framework Thirteen essays grouped in themes affording parallel views of England and Europe Tsarist Russia and Ming China show a spectrum of possibilities for what early modern governments tried to achieve by regulating religious life and for how religious communities evolved in new directions either in keeping with or in spite of official injunctions **The Garland Encyclopedia of World Music** Timothy Rice, James Porter, Chris Goertzen, 2017-09-25 Here in one volume is a comprehensive look at the folk and traditional musics of the European continent from Ireland to the new republics of Georgia and Belarus In over seventy articles by sixty one contributors from around the world this encyclopedia explores musical life from historical and ethnographic perspectives and provides extensive analysis of songs and instrumental music *Carnival Culture and the Soviet Modernist Novel* Craig Brandist, 1997-01-12 This book examines the work of five Soviet prose writers Olesha Platonov Kharmis Bulgakov and Vaginov in the light of the carnivalesque elements of Russian popular culture It shows that while Bakhtin's account of carnival culture sheds considerable light on the work of these writers they need to be considered with reference to both the concrete forms of Russian and Soviet popular culture and the changing institutional framework of Soviet society in the 1920s and 1930s About the Harrowing of Hell Irene Rima Makaryk, University of Alberta. Canadian Institute of Ukrainian Studies, 1989 *The Russian Empire, Slaving and Liberation, 1480-1725* Christoph Witzel, 2022-11-21 The monograph realigns political culture and countermeasures against slave raids which increased during the breakup of the Golden Horde By physical defense of the open steppe border and by embracing the New Israel symbolism in which the exodus from slavery in Egypt prefigures the exodus of Russian captives from Tatar captivity Muscovites found a defensive model to expand empire Recent scholarly debates on slaving are innovatively applied to Russian and imperial history challenging entrenched perceptions of Muscovy The Dancing Goddesses: Folklore, Archaeology, and the Origins of European Dance E. J. W. Barber, 2013-02-11 From Southern Greece to northern Russia people living in agrarian communities have long believed in dancing goddesses mystical female spirits who spend their nights and days dancing in the fields and forests In *The Dancing Goddesses* archaeologist linguist and lifelong folkdancer Elizabeth Wayland Barber follows the trail of these spirit maidens long associated with fertility marriage customs

and domestic pursuits from their early appearance in traditional folktales and harvest rituals to their more recent incarnations in fairytales and present day dance Illustrated with photographs maps and line drawings the result is a brilliantly original work that stands at the intersection of archaeology and folk traditions at once a rich portrait of our rich agrarian ancestry and an enchanting reminder of the human need to dance *Popular Religion in Russia* Stella Rock,2007-09-10 This book dispels the widely held view that paganism survived in Russia alongside Orthodox Christianity demonstrating that double belief dvoeverie is in fact an academic myth Scholars citing the medieval origins of the term have often portrayed Russian Christianity as uniquely muddled by paganism with double believing Christians consciously or unconsciously preserving pagan traditions even into the twentieth century This volume shows how the concept of dvoeverie arose with nineteenth century scholars obsessed with the Russian folk and was perpetuated as a propaganda tool in the Soviet period colouring our perception of both popular faith in Russian and medieval Russian culture for over a century It surveys the wide variety of uses of the term from the eleventh to the seventeenth century and contrasts them to its use in modern historiography concluding that our modern interpretation of dvoeverie would not have been recognized by medieval clerics and that double belief is a modern academic construct Furthermore it offers a brief foray into medieval Orthodoxy via the mind of the believer through the language and literature of the period [Encyclopedia of Historians and Historical Writing](#) Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like J rgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

Mining for Jewels Philip Cavendish,2000 Evgenii Zamiatin s reputation rests on the pivotal role he played in the development of Russian modernism Hitherto however critical engagement with the experimental nature of his fiction has been largely confined to his middle period the satirical stories set in Great Britain the dystopian novel *My* and related works As a writer who came to prominence at the time of the October Revolution Zamiatin is best known as an early and vocal critic of the new culture of conformism and as the author in the 1920s of various artistic manifestoes in which he engaged with the problem of literature s future in relation to the Revolution and sought to articulate his own brand of synthetic modernism This study presents a different and complementary view of Zamiatin as a writer whose fiction whilst certainly modernist conformed to what Eikhenbaum termed literary Populism Zamiatin s intimate knowledge of the Russian provinces and the world of folk religious culture are key elements in the skaz style conceit which underpins his early fiction This study stresses

Zamiatin's enormous debt to such writers as Leskov and Remizov and locates his work within a rich tradition of ethnographic belles lettres and oral based fiction. The texts analysed exploit materials from the folk religious imagination in an attempt to refresh and democratize the literary language through the use of the peasant vernacular. Zamiatin sought immediacy and dynamism in his provincial prose and his works in this mould are best appreciated through the prism of twentieth century neoprimitivism and expressionism. Their lubok style simplicity however conceals a complex attitude towards the folk religious world at their core. The poetic and celebratory is balanced by the sceptical and ironic and the resulting tension characterizes these texts as essentially modernistic.

The Formation of Muscovy 1300 - 1613 Robert O. Crummey, 2014-06-06 This is a comprehensive account of the rise of the late medieval Russian monarchy with Moscow as its capital which was to become the territorial core of the Soviet Union. The legacy of the Grand Princes and Tsars of Muscovy, a tradition of strong governmental authority, the absence of legal corporations and the requirement that all Russians contribute to the defence of the nation has shaped Russia's historical development down to our own time.

Russia's Theatrical Past Claudia R. Jensen, Ingrid Maier, Stepan Shamin, Daniel C. Waugh, 2021-06-01 In the 17th century only Moscow's elite had access to the magical vibrant world of the theater. In *Russia's Theatrical Past* Claudia Jensen, Ingrid Maier, Stepan Shamin and Daniel C. Waugh mine Russian and Western archival sources to document the history of these productions as they developed at the court of the Russian tsar. Using such sources as European newspapers, diplomats' reports, foreign travel accounts, witness accounts and payment records, they also uncover unique aspects of local culture and politics of the time. Focusing on Northern European theatrical traditions, the authors explore the concept of intertheater which describes transmissions between performing traditions and reveal how the Muscovite court's interest in theater and other musical entertainment was strongly influenced by diplomatic contacts. *Russia's Theatrical Past* made possible by an international research collaborative offers fresh insight into how and why Russians went to such great efforts to rapidly develop court theater in the 17th century.
