Russian Advocate Of Peace:

A Russian Advocate of Peace: Vasilii Malinovskii (1765-1814) P. Ferretti, 2012-12-06 Vasilii Fedorovich Malinovskii 1765 1814 is a name which has hitherto lacked true resonance in the history of Russian culture. It is of course a name known to all students of Alexander Pushkin's biography for Malinovskii was the first Director of the new Tsarskoe Selo Lyceum if sadly for only the first three of the young poet's years at the school. For those scholars conversant with the intellectual and literary life of the beautiful beginning of the reign of Alexander I's reign Malinovskii has his little niche for his remarkable *Rassuzhdenie o mire i voine* 1803 and less for his *Osennie vechera* 1803 a little known journal limited to a mere eight weekly issues and written entirely by the editor. As regards the of his eighteenth century Malinovskii who lived the first thirty five years of his life predominantly in the reign of the great Catherine little information encumbers the memory of even specialists of the period. Indeed his elder brother Aleksei Fedorovich 1762 1840 is the more likely to be remembered for his literary and translating work as well for his later position as Head of the Moscow Archive of the Ministry of Foreign Affairs which brought him into contact with Pushkin and not unexpectedly with Karamzin. Karamzin referred to him as one of my few old and genuine friends but one searches in vain for a similar accolade for Vasilii Fedorovich. *The Advocate of Peace*, 1900

Advocate of Peace Through Justice, 1920 **Advocate of Peace**, 1857 **Advocate of Peace and Universal Brotherhood**, 1893 *Advocate of Peace and Universal Brotherhood*, 1854 *American Advocate of Peace*, 1893 **The Holy Alliance** Isaac Nakhimovsky, 2024-05-28 A major new account of the post Napoleonic Holy Alliance and the promise it held for liberals. The Holy Alliance is now most familiar as a label for conspiratorial reaction. In this book Isaac Nakhimovsky reveals the Enlightenment origins of this post Napoleonic initiative explaining why it was embraced at first by many contemporary liberals as the birth of a federal Europe and the dawning of a peaceful and prosperous age of global progress. Examining how the Holy Alliance could figure as both an idea of progress and an emblem of reaction Nakhimovsky offers a novel vantage point on the history of federative alternatives to the nation state. The result is a clearer understanding of the recurring appeal of such alternatives and the reasons why the politics of federation has also come to be associated with entrenched resistance to liberalism's emancipatory aims. Nakhimovsky connects the history of the Holy Alliance with the better known transatlantic history of eighteenth century constitutionalism and nineteenth century efforts to abolish slavery and war. He also shows how the Holy Alliance was integrated into a variety of liberal narratives of progress. From the League of Nations to the Cold War historical analogies to the Holy Alliance continued to be drawn throughout the twentieth century and Nakhimovsky maps how some of the fundamental political problems raised by the Holy Alliance have continued to reappear in new forms under new circumstances. Time will tell whether current assessments of contemporary federal systems seem less implausible to future generations than initial liberal expectations of the Holy Alliance do to us today. 1995 One of the principal inferences of this book is that Russia was and remains an inalienable part of European civilization and culture After the French Revolution and the Napoleonic Wars Russian society was quick to grasp ideas of Enlightenment liberty equality and fraternity while other thinkers rejected this and insisted on Russian exclusivity The book concludes with a view of the future of Europe as the twenty first century approached *The Russian Quest for Peace and Democracy* Metta Spencer,2012-07-10 In *The Russian Quest for Peace and Democracy* Metta Spencer recounts the political and military changes that have occurred in Russia up to mid 2010 Using hundreds of interviews she conducted with officials dissidents and liberal intellectuals she describes the various groups forces and individuals that worked to liberalize the totalitarian Soviet Union and its fellow nations behind the Iron Curtain and which ultimately brought about the dissolution of those repressive governments Spencer identifies four political orientations to describe Soviet society Sheep ordinary citizens who accepted the undemocratic regime they lived in without challenging it Dinosaurs hard line Communist officials Termites including Mikhail Gorbachev and his advisers and government and Barking Dogs a few hundred dissidents who made a lot of noise protesting hoping to awaken a grass roots demand for democracy The strange rivalry between the Termites and Barking Dogs would ultimately doom perestroika Spencer's research dispels the widely held perception that US President Ronald Reagan won the Cold War by standing firm until the Soviet Union blinked first There are vitally important lessons to be learned from the Soviet period about how to assist citizens of totalitarian and authoritarian regimes around the world The irony is that transnational civil society organizations major sources of the progress in Soviet Russia are still needed today in authoritarian Russia under Vladimir Putin and Dmitry Medvedev for totalitarianism remains a potential social trap In *The Russian Quest for Peace and Democracy* Metta Spencer suggests new ways of building urgently needed social capital in today's Russia where democracy has yet to flourish **Law and the Christian Tradition in Modern Russia** Paul

Peace Advocacy in the Shadow of War Francis Shor, 2024-01-05 For peace advocates a corollary to Clausewitz's dictum that war is politics by other means might be that other politics could prevent war By highlighting both individual peace advocates and antiwar peace organizations from World War I through the wars of the 21st century the chapters will provide insights into how these individuals and organizations articulated their opposition to and mobilized against specific wars and international regional conflicts Organized roughly in chronological order each chapter will illuminate the socio historical conditions under which such peace advocacy contested state aggression and armed combat at the national and or transnational levels Beyond understanding the specific socio historical circumstances within which these antiwar and peace advocates and organizations operated and their resultant achievements and failures the book as a whole will examine the kind of politics that perpetuate war and those that offer a challenge to that perpetuation Scholars students and the general public interested in the history of modern and contemporary wars peace and conflict studies and ethical political perspectives in the 20th and 21st centuries should find much to reflect upon in this book
