Russian Messianism Third Rome Holy Revolution Communism And After:

Russian Messianism Peter J. S. Duncan, 2002-11-01 This is the first book in English for half a century to examine the complexities of Russian messianism both as a whole and in its interaction with Communism Peter Duncan considers its Orthodox roots and focuses on Russia's geopolitical experience and situation to explain the endurance of this phenomenon

Russian Messianism Peter J. S. Duncan, 2002-11 This unique work will be of great interest to those engaged in politics and Russian studies as well as professionals dealing with Russia Longing for the Lost Caliphate Mona Hassan, 2017-01-10 In the United States and Europe the word caliphate has conjured historically romantic and increasingly pernicious associations Yet the caliphate's significance in Islamic history and Muslim culture remains poorly understood This book explores the myriad meanings of the caliphate for Muslims around the world through the analytical lens of two key moments of loss in the thirteenth and twentieth centuries Through extensive primary source research Mona Hassan explores the rich constellation of interpretations created by religious scholars historians musicians statesmen poets and intellectuals Hassan fills a scholarly gap regarding Muslim reactions to the destruction of the Abbasid caliphate in Baghdad in 1258 and challenges the notion that the Mongol onslaught signaled an end to the critical engagement of Muslim jurists and intellectuals with the idea of an Islamic caliphate She also situates Muslim responses to the dramatic abolition of the Ottoman caliphate in 1924 as part of a longer trajectory of transregional cultural memory revealing commonalities and differences in how modern Muslims have creatively interpreted and reinterpreted their heritage Hassan examines how poignant memories of the lost caliphate have been evoked in Muslim culture law and politics similar to the losses and repercussions experienced by other religious communities including the destruction of the Second Temple for Jews and the fall of Rome for Christians A global history Longing for the Lost Caliphate delves into why the caliphate has been so important to Muslims in vastly different eras and places **'Regimes of Historicity' in Southeastern and Northern**

Europe, 1890-1945 D. Mishkova, B. Trencsényi, M. Jalava, 2014-06-27 The volume undertakes a comparative analysis of the various discursive traditions dealing with the connection between modernity and historicity in Southeastern and Northern Europe reconstructing the ways in which different temporalities produced alternative representations of the past and future of continuity and discontinuity and identity **Democracy Derailed in Russia** M. Steven Fish, 2005-08-29 Why has

democracy failed to take root in Russia After shedding the shackles of Soviet rule some countries in the postcommunist region undertook lasting democratization Yet Russia did not Russia experienced dramatic political breakthroughs in the late 1980s and early 1990s but it subsequently failed to maintain progress toward democracy In this book M Steven Fish offers an explanation for the direction of regime change in post Soviet Russia Relying on cross national comparative analysis as well as on in depth field research in Russia Fish shows that Russia's failure to democratize has three causes too much economic reliance on oil too little economic liberalization and too weak a national legislature Fish's explanation challenges others that

have attributed Russia's political travails to history, political culture or to shock therapy in economic policy. The book offers a theoretically original and empirically rigorous explanation for one of the most pressing political problems of our time.

Fault Lines in the Orthodox World Sebastian Rimestad, Emil Hilton Saggau, 2025-03-06 Throughout the past years the Orthodox world has seen numerous political and theological confrontations. New borders have been shaped by churches and states. This only increased in light of the Russian-backed conflict in Ukraine from 2014 and onwards which has led to new theological lines of thinking, geopolitical confrontations and an acute need for diplomatic handling of crisis. At the centre is the Russian Orthodox Church's global role and its effects in Ukraine. The confrontations are born out of a complex entanglement of church politics, theological differences, legal tensions, national allegiances and the very concrete political and military clashes between nation states. In light of the war in Ukraine, Global Orthodoxy has seen new fault lines in the making. This volume gathers chapters that shed light on these entanglements and their political, theological and geopolitical consequences. The book is not limited to the Russian-Ukrainian conflict but also includes papers focusing on other nations, churches and aspects, theological, theoretical, geopolitical, empirical etc. Church and State in Contemporary Europe Zsolt Enyedi, John T.S. Madeley, 2004-08-02 This volume represents an attempt in integrating a wide range of theoretically relevant issues into the identification and analysis of church-state patterns. Each chapter focuses on the analysis of a particular theme and its role in shaping and/or being shaped by church-state relations. **The Quest for the National Interest** Petr Drulák, Mats Braun, 2010 The concept of national interest belongs among the most widely used and abused concepts in the foreign policy debate. This volume illustrates how the term can be used as a meaningful analytical tool. It introduces three criteria: relevance, domestic consensus and external acceptance, which serve to identify national interest. The authors apply these criteria to Czech foreign policy making and provide some interesting findings concerning a country's possibilities to define and pursue its national interest. Since the authors use four different methodologies: case studies, discourse analysis, grounded theory and ethnography, the volume also shows the variety of possible ways to analyse national interests.

Geopolitical Imagination Mikhail Suslov, 2020-11-02 In his timely book Mikhail Suslov discusses contemporary Russian geopolitical culture and argues that a better knowledge of geopolitical concepts and fantasies is instrumental for understanding Russia's policies. Specifically, he analyzes such concepts as Eurasianism, Holy Russia, Russian civilization, Russia as a continent, Novorossia and others. He demonstrates that these concepts reached unprecedented ascendancy in the Russian public debates, tending to overshadow other political and domestic discussions. Suslov argues that the geopolitical imagination structured by these concepts defines the identity of post-Soviet Russia, while this complex of geopolitical representations engages at the same time with the broader international criticism of the Western liberal world order and aligns itself with the conservative defense of cultural authenticity across the globe. Geopolitical ideologies and utopias discussed in the book give the post-Soviet political mainstream the intellectual instruments to think about Russia's exclusion.

imaginary or otherwise from the processes of a global world which is re shaping itself after the end of the Cold War they provide tools to construct the self perception of Russia as a sovereign great power a self sufficient civilization and as one of the poles in a multipolar world and they help to establish the Messianic vision of Russia as the beacon of order tradition and morality in a sea of chaos and corruption

The Making of Holy Russia John Strickland,2013-09-01 This book is a critical study of the interaction between the Russian Church and society in the late 19th and early 20th century While other studies exist that draw attention to the voices in the Church typified as liberal in the years leading up to the Revolution this work introduces a wide range of conservative opinion that equally strove for spiritual renewal and the spread of the Gospel Grounded in original research conducted in the newly accessible libraries and archives of post Soviet Russia this study is intended to reveal the wider relevance of its topic to an ongoing discussion of the relationship between national or ethnic identities on the one hand and the self understanding of Orthodox Christianity as a universal and transformative faith on the other

Digital Orthodoxy in the Post-Soviet World Mikhail Suslov,2016-05-31 This volume explores the relationship between new media and religion focusing on the digital era s impact on the Russian Orthodox Church A believer may now enter a virtual chapel light a candle through drag and drop send an online prayer request or worship virtual icons and relics In recent years however Church leaders and public figures have become increasingly skeptical about new media The internet some of them argue breaches Russia s spiritual sovereignty and implants values and ideas alien to Russian culture This collection examines how Orthodox ecclesiology has been influenced by its new digital environment such as the intersection of virtual religious life with religious experience in the real church the role of clerics on the Russian Web and the transformation of the Orthodox notion of sobornost catholicity asking whether and how Orthodox activity on the internet can be counted as authentic religious practice

The Vexing Case of Igor Shafarevich, a Russian Political Thinker Krista Berglund,2012-02-27 This is the first comprehensive study about the non mathematical writings and activities of the Russian algebraic geometer and number theorist Igor Shafarevich b 1923 In the 1970s Shafarevich was a prominent member of the dissidents human rights movement and a noted author of clandestine anti communist literature in the Soviet Union Shafarevich s public image suffered a terrible blow around 1989 when he was decried as a dangerous ideologue of anti Semitism due to his newly surfaced old manuscript Russophobia The scandal culminated when the President of the National Academy of Sciences of the United States suggested that Shafarevich an honorary member resign The present study establishes that the allegations about anti Semitism in Shafarevich s texts were unfounded and that Shafarevich s terrible reputation was cemented on a false basis

American Imperatives Anders Stephanson,2025-07-15 A radical reinterpretation of the Cold War by its most iconoclastic historian What was the cold war Conventional wisdom makes it coextensive with an epoch stretching from the end of the Second World War to the collapse of the Soviet Union a geopolitical period dominated by the confrontation between the United States and the USSR In a fundamental challenge to prevailing orthodoxy Anders

Stephanson explodes this misconception which has misled historians and obscured the US centered nature of the entire process He argues that the cold war is better understood as the frame that made the global role of the US after 1947 not only possible but imperative and that in its classic form it ended in 1963 after the Cuban Missile Crisis American Imperatives does not assume that the causes of the great superpower rivalry rest solely with the United States But the frame was unmistakably and ineradicably American Without it there would not have been properly speaking a cold war

Russian Governance in the 21st Century Irina Isakova,2004-06-01 A stimulating new analysis of the dramatic systemic changes of the Russian state principles of the governance and its foreign policy orientation It reviews the extent of changes in Russian approaches to geopolitics and the most appropriate geopolitical development patterns that influenced the transformation of Russian foreign policies and military strategic thinking on the eve of the 21st century

Religion in Rebellions, Revolutions, and Social Movements Warren S. Goldstein,Jean-Pierre Reed,2022-05-19 Religion in Rebellions Revolutions and Social Movements demonstrates that while religion is often a social force that maintains if not legitimates the sociopolitical order it is also a decisive factor in economic social and political conflict The book explores how and under what conditions religion functions as a progressive and or reactionary force that compels people to challenge or protect social orders The authors focus on the role that religion has played in peasant slave and plebeian rebellions revolutions including the Chinese English French Russian and Iranian and modern social movements In addition to these case studies the book also contains theoretical chapters that explore the relationship religious thought has with the politics of liberation and oppression It examines the institutional organizational ritualistic discursive ideological and or framing mechanisms that give religion its oppressive and liberating structures Many scholars of religion continue very conventional modes of thinking ignoring how religion has been and continues to be both a hegemonic and counterhegemonic force in conflict This book looks at both sides of the equation This international and interdisciplinary volume will be of interest to students and scholars in the fields of politics of religion sociology of religion religious studies gender studies and history

Zionism Vs. the West Jonas E. Alexis,2018-04-03 A person can be brought into bondage in two different ways by force or by his own will Force is a crude way of bringing a person into submission but using the persons own free will can be done sophisticatedly and covertly Under the banner of democracy and freedom America has been under the bondage of what E

Michael Jones has aptly called sexual liberation and political control for over fifty years In the first two volumes of the trilogy Alexis explored these ideological themes In this last volume he expands on some of those pernicious ideas emphasizing how Zionism for over sixty years has shaken the moral philosophical and intellectual foundation of much of Western culture The Iraq War alone will cost America at least six trillion dollars and as if to prove that America is still in bondage the oppressors continue to use sophisticated means to seduce Americans so that perpetual wars will never cease to exist in the Middle East and in much of the world This book will seek to address these and related issues and in the process tell us something about the fundamental nature of reality and how to approach this cosmic conflict which has dominated the West for over a thousand years

Contemporary Russian Conservatism Mikhail Suslov, Dmitry Uzlaner, 2019-10-14 This volume is the first comprehensive study of the conservative turn in Russia under Putin Its fifteen chapters written by renowned specialists in the field provide a focused examination of what Russian conservatism is and how it works The book features in depth discussions of the historical dimensions of conservatism the contemporary international context the theoretical conceptualization of conservatism and empirical case studies Among various issues covered by the volume are the geopolitical and religious dimensions of conservatism and the conservative perspective on Russian history and the politics of memory The authors show that conservative ideology condenses and reworks a number of discussions about Russia's identity and its place in the world Contributors include Katharina Bluhm Per Arne Bodin Alicja Curanovi Ekaterina Grishaeva Caroline Hill Irina Karlsruhn Marlene Laruelle Mikhail N Lukianov K re Johan Mj r Alexander Pavlov Susanna Rabow Edling Andrey Shishkov Victor Shnirelman Mikhail Suslov and Dmitry Uzlaner

Russia and the Western Far Right Anton Shekhovtsov, 2017-09-08 The growing influence of Russia on the Western far right has been much discussed in the media recently This book is the first detailed inquiry into what has been a neglected but critically important trend the growing links between Russian actors and Western far right activists publicists ideologues and politicians The author uses a range of sources including interviews video footage leaked communications official statements and press coverage in order to discuss both historical and contemporary Russia in terms of its relationship with the Western far right Initial contacts between Russian political actors and Western far right activists were established in the early 1990s but these contacts were low profile As Moscow has become more anti Western these contacts have become more intense and have operated at a higher level The book shows that the Russian establishment was first interested in using the Western far right to legitimise Moscow's politics and actions both domestically and internationally but more recently Moscow has begun to support particular far right political forces to gain leverage on European politics and undermine the liberal democratic consensus in the West Contributing to ongoing scholarly debates about Russia's role in the world its strategies aimed at securing legitimation of Putin's regime both internationally and domestically modern information warfare and propaganda far right politics and activism in the West this book draws on theories and methods from history political science area studies and media studies
