## **Russian Moment In World History:**

*The Russian Moment in World History* Marshall Poe, 2003 The Russian moment in world history thus began with its first confrontations with Europe in the fifteenth century and ended in 1991 with the Soviet collapse BOOK JACKET *The Russian Moment in World History* Marshall T. Poe, 2011-06-27 Is Russian history one big inevitable failure The Soviet Union's demise and Russia's ensuing troubles have led many to wonder But this is to look through a skewed prism indeed In this provocative and elegantly written short history of Russia Marshall Poe takes us well beyond the Soviet haze deep into the nation's fascinating not at all inevitable and in key respects remarkably successful past Tracing Russia's course from its beginnings to the present day Poe shows that Russia was the only non-Western power to defend itself against Western imperialism for centuries It did so by building a powerful state that molded society to its military needs Thus arose the only non-Western path to modern society a unique path neither European nor Asian but most aptly Russian From the fifteenth to the eighteenth centuries Russia prevailed despite unparalleled onslaughts by powerful Western armies However while Europe nurtured limited government capitalism and scientific and cultural revolution early Russian society cultivated autocracy and command economics Both Europe and Russia eventually created modern infrastructures but the European model proved more productive and powerful The post World War I communist era can be seen as a natural continuation of Russia's autocratic past that despite its tragic turns kept Russia globally competitive for decades The Russian moment in world history thus began with its first confrontations with Europe in the fifteenth century and ended in 1991 with the Soviet collapse Written with verve and great insight *The Russian Moment in World History* will be widely read and vigorously debated by those who seek a clear and unequivocal understanding of the complex history that has made Russia what it is today *A Companion to World History* Douglas Northrop, 2014-12-15 A COMPANION TO WORLD HISTORY This new volume offers insightful reflections by both leading and emerging world historians on approaches methodologies arguments and pedagogies of a sub-discipline that has continued to be in flux as well as in need of defining itself as a relevant alternative to the traditional national regional or chronological fields of inquiry Choice The focus on the practicalities of how to do world history probably gives it its edge Its thirty-three chapters are grouped into sections that address how to set up research projects in world history how to teach it how to get jobs in it how to frame it and how it is done in various parts of the globe It is an actual handbook in other words as opposed to a sample of exemplary work English Historical Review *A Companion to World History* offers a comprehensive overview of the variety of approaches and practices utilized in the field of world and global history This state-of-the-art collection of more than 30 insightful essays including contributions from an international cast of leading world historians and emerging scholars in the field identifies continuing areas of contention disagreement and divergence while pointing out fruitful directions for further discussion and research Themes and topics explored include the lineages and trajectories of world history key ideas and methods employed by world historians the

teaching of world history and how it draws upon and challenges traditional approaches and global approaches to writing world history By considering these interwoven issues of scholarship and pedagogy from a transnational interregional and world global scale fresh insights are gained and new challenges posed With its rich compendium of diverse viewpoints A Companion to World History is an essential resource for the study of the world's past

**A History of Russian Exposition and Festival Architecture** Alla Aronova, Alexander Ortenberg, 2018-10-03 This collection of thirteen vignettes addresses several important episodes in the history of Russian temporary architecture and public art from the royal festivals during the times of Peter the Great up to the recent venues including the Sochi Winter Olympics The forms and the circumstances of their design were drastically different however the projects discussed in the book share a common feature they have been instrumental in the construction of Russia's national identity with its perception of the West simultaneously a foe and a paragon looming high over this process The book offers a history of multidirectional relationships between diplomacy propaganda and architecture

**Russia and Eurasia 2018-2019** Brent Hierman, 2018-09-30 Published and updated annually Russia and Eurasia deals with the twelve independent republics that became members of the Commonwealth of Independent States following the collapse of the Soviet Union in December 1992 The text focuses strongly on recent economic and political developments with shorter sections dealing with foreign policy the military religion education and specific cultural elements that help to define each republic and differentiate one from the other Approximately one third of the book is devoted to Russia but also includes sections on Ukraine Belarus Moldova Armenia Azerbaijan Georgia Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan How the Commonwealth of Independent States came into being and how it has evolved since 1992 is also discussed The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students

The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for students, researchers, practitioners in international development, media professionals, government officials, and potential investors.

*Russian Foreign Policy in the Twenty-first Century and the Shadow of the Past* Robert Legvold, 2007. Because the turbulent trajectory of Russia's foreign policy since the collapse of the Soviet Union echoes previous moments of social and political transformation, history offers a special vantage point from which to judge the current course of events. In this book, a mix of leading historians and political scientists examines the foreign policy of contemporary Russia over four centuries of history. The authors explain the impact of empire and its loss, the interweaving of domestic and foreign impulses, long standing approaches to national security, and the effect of globalization over time. Contributors focus on the underlying patterns that have marked Russian foreign policy and that persist today. These patterns are driven by the country's political makeup, geographical circumstances, economic strivings, unsettled position in the larger international setting, and above all, its tortured effort to resolve issues of national identity. The argument here is not that the Russia of Putin and his successors must remain trapped by these historical patterns, but that history allows for an assessment of how much or how little has changed in Russia's approach to the outside world and creates a foundation for identifying what must

change if Russia is to evolve A truly unique collection this volume utilizes history to shed crucial light on Russia's complex occasionally inscrutable relationship with the world In so doing it raises the broader issue of the relationship of history to the study of contemporary foreign policy and how these two enterprises might be better joined The Politics of Security in Modern Russia Mark Galeotti, 2016-03-03 The Putin era saw a striking securitization of politics something that he has bequeathed to his chosen successor Dmitry Medvedev The omens from the early days of the Medvedev presidency have been mixed marked both by less confrontational rhetoric towards the West and by war with Georgia and continued re armament Has the Medvedev generation learned the lessons not just from the Soviet era but also from the Yeltsin and Putin presidencies or will security remain the foundation of Russian foreign and domestic policy Fully up to date to reflect the evolving Medvedev presidency the 2008 Georgian war and the impact of the economic downturn this volume is a much needed objective and balanced examination of the ways in which security has played and continues to play a central role in contemporary Russian politics The combination of original scholarship with extensive empirical research makes this volume an invaluable resource for all students and researchers of Russian politics and security affairs **The Cambridge History of Russia: Volume 1, From Early Rus' to 1689** Maureen Perrie, Ronald Grigor Suny, 2006 An authoritative history of Russia from early Rus to the reign of Peter the Great The Merchants of Siberia Erika L. Monahan, 2016-04-01 In The Merchants of Siberia Erika Monahan reconsiders commerce in early modern Russia by reconstructing the trading world of Siberia and the careers of merchants who traded there She follows the histories of three merchant families from various social ranks who conducted trade in Siberia for well over a century These include the Filat'evs who were among Russia's most illustrious merchant elite the Shababins Muslim immigrants who mastered local and long distance trade while balancing private endeavors with service to the Russian state and the Noritsyns traders of more modest status who worked sometimes for themselves sometimes for bigger merchants and participated in the emerging Russia China trade Monahan demonstrates that trade was a key component of how the Muscovite state sought to assert its authority in the Siberian periphery The state's recognition of the benefits of commerce meant that Russian state and empire building in Siberia were characterized by accommodation in this diverse borderland instrumentality trumped ideology and the Orthodox state welcomed Central Asian merchants of Islamic faith This reconsideration of Siberian trade invites us to rethink Russia's place in the early modern world The burgeoning market at Lake Yamys' an inner Eurasian trading post along the Irtysh River illuminates a vibrant seventeenth century Eurasian caravan trade even as Europe Asia maritime trade increased By contextualizing merchants and places of Siberian trade in the increasingly connected economies of the early modern period Monahan argues that commercially speaking Russia was not the outlier that most twentieth century characterizations portrayed **Mr. Putin REV** Fiona Hill, Clifford G. Gaddy, 2015-02-02 Fiona Hill and other U S public servants have been recognized as Guardians of the Year in TIME's 2019 Person of the Year issue From the KGB to the Kremlin a

multidimensional portrait of the man at war with the West Where do Vladimir Putin s ideas come from How does he look at the outside world What does he want and how far is he willing to go The great lesson of the outbreak of World War I in 1914 was the danger of misreading the statements actions and intentions of the adversary Today Vladimir Putin has become the greatest challenge to European security and the global world order in decades Russia s 8 000 nuclear weapons underscore the huge risks of not understanding who Putin is Featuring five new chapters this new edition dispels potentially dangerous misconceptions about Putin and offers a clear eyed look at his objectives It presents Putin as a reflection of deeply ingrained Russian ways of thinking as well as his unique personal background and experience Praise for the first edition If you want to begin to understand Russia today read this book Sir John Scarlett former chief of the British Secret Intelligence Service MI6 For anyone wishing to understand Russia s evolution since the breakup of the Soviet Union and its trajectory since then the book you hold in your hand is an essential guide John McLaughlin former deputy director of U S Central Intelligence Of the many biographies of Vladimir Putin that have appeared in recent years this one is the most useful Foreign Affairs This is not just another Putin biography It is a psychological portrait The Financial Times Q Do you have time to read books If so which ones would you recommend My goodness let s see There s Mr Putin by Fiona Hill and Clifford Gaddy Insightful Vice President Joseph Biden in Joe Biden The Rolling Stone Interview

**Perspectives on Russian Foreign Policy**, 2012 These chapters aimed at analyzing not just the day to day diplomacy but some of the deeper structures of Russian foreign policy both their material basis in actual policy and the cognitive structures or mentality that underlies it P v Invisible Hands, Russian Experience, and Social Science Stefan Hedlund, 2011-06-20 This book investigates cases in which national and international activities have gone massively wrong entailing seriously negative consequences and in which the sophisticated analytical models of social science have ceased to be helpful Illustrations range from the global financial crisis to the failure to achieve speedy systemic change in the former Soviet Union and the failure to achieve development in the Third World The analysis uses as a backdrop long term Russian history and short term Russian encounters with unrestrained capitalism to develop a framework that is based in the so called new institutionalism Understanding the causes of systemic failure is shown to require an approach that spans across the increasingly specialized subdisciplines of modern social science Demonstrating that increasing theoretical sophistication has been bought at the price of a loss of perspective and the need for sensitivity to the role of cultural and historical specificity the book pleads the case for a new departure in seeking to model the motives for human action

*Perspectives on Russian Foreign Policy (Enlarged Edition)* Stephen J. Blank, Strategic Studies Institute, U.S. Army War College, 2013-05-21 The essays gathered here represent a panel at SSI s annual Russia conference in 2011 They focus on the analysis of Russian foreign policy both on its material side or actual conduct as well as on the cognitive bases of Russian thinking about international affairs and Russian national security They span much of the gamut of that foreign policy and also show its strong linkages to the Russian historical tradition and to the imperatives of Russian domestic development

**The Strong State in Russia** Andrei P. Tsygankov, 2014-11-18 The Russian state presents a mystery to outside observers. Although Russia was the site of some of the last century's most radical upheavals and although Russian governments are usually characterized by autocracy, corruption, and political decay, the central government has retained a remarkable hold on the vast country. Does its historical progress represent change or continuity? How has the political culture molded the expectations and behavior of the Russian people over time? What features of the Russian state are the keys to understanding it? *The Strong State in Russia* provides a succinct account of Russia's strong state model by reviewing the external and internal contexts in each major period and tracing its evolution over time. Every era saw the emergence and growth of a strong state as well as a subsequent decline, but in each the contexts combined in unique ways to produce very different political outcomes. Tsygankov argues that while the Western perspective on Russia is limited, there is an alternative way of thinking about the nation and its problems. Despite focusing on the contemporary Russian state, the book situates it in a broader historical continuity and explains that the roots of its development can be found in the Tsar's autocratic system. Russia's strong state has evolved and survived throughout centuries, and that alone suggests its historical vitality and possible future revival. From this perspective, the central scholarly question is not whether Russia will recreate a strong state, but rather what kind of a strong state it will be and under which circumstances it will likely function.

Recognizing the showing off ways to get this books **Russian Moment In World History** is additionally useful. You have remained in right site to begin getting this info. acquire the Russian Moment In World History associate that we present here and check out the link.

You could purchase guide Russian Moment In World History or get it as soon as feasible. You could speedily download this Russian Moment In World History after getting deal. So, like you require the book swiftly, you can straight acquire it. Its as a result definitely simple and fittingly fats, isnt it? You have to favor to in this announce
