Russian Question At The End Of The Twentieth Century:

The Russian Question Aleksandr Isaevich Solzhenitsyn, 1995 Few living Russians speak with greater authority on their country's prospects and few have Solzhenitsyn's genius for provoking a creative debate Steeped as he is in Russia's history he here interrogates the past and assesses the mistakes of the past in order to suggest lessons for the shaping of Russia at a crucial moment in its history Although one school of thought among Russian intellectuals proposes an expansion of the nation's borders and a return to hegemony Solzhenitsyn argues that the nation's future identity and security indeed its regeneration lie in an inner development within a Slavic nucleus which he identifies as Russia the Ukraine Belorussia and Kazakhstan Any foreigner who wishes to know more about the debate within Russia on its identity and meaning in a post-Soviet future will do well to start with this position paper by one of the country's greatest writers and men of vision

The Russian Question Wayne Allensworth, 1998 Who are we is a question that has haunted Russians for centuries The crisis of identity that underlies Russia's efforts to answer that question and the country's attempts to grapple with modernity_ the invention of an alien civilization_ is explored in this timely book Russia's response to the universal challenge posed by modernization's erosion of community has been to fall back on that most enduring bond of human association_ the kinship tie_ as Allensworth here defines as nationalism The author draws on rare Russian sources to explore the various ways nationalists have responded to modernization and to chart a likely course for Russia's future development From National Bolshevism to Christian nationalism from Zhirinovskiy to Solzhenitsyn this study ties the ideas and ideologies of nationalism to the question that produced them and cements their connection to the crisis of modernity

The Soul and Barbed Wire Edward E. Ericson, Jr.,Alexis Klimoff,2008-07-15 Authored by two eminent Aleksandr Solzhenitsyn scholars *The Soul and Barbed Wire* is the first and only book to offer both a detailed biography and a comprehensive appraisal of the literary achievement of the Nobel prize winning author who became one of the Soviet regime's most formidable foes The book begins with a detailed biographical survey that traces Solzhenitsyn's evolution from an ardent Communist and loyal Soviet front line officer into a devastating critic of all ideological distortions of authentic human values and a historian of the many faceted events that led to and the tragedy set loose by the Russian Revolution This biographical section goes on to portray the writer's strenuous efforts to convey this message to the West during his years of exile and to his countrymen after his return to Russia The bulk of the book however consists of sharply focused essays on a large number of Solzhenitsyn's writings Ericson and Klimoff comment on virtually all his works of fiction as well as on a generous selection of texts belonging to historical or journalistic genres Because the volume assumes no prior knowledge of its subject it will prove particularly helpful to those who are coming to Solzhenitsyn for the first time while its well nigh encyclopedic inclusiveness should appeal even to the most seasoned readers Drawing upon the best available Solzhenitsyn scholarship the authors strive to present a balanced and accurate appraisal of the remarkable life and hugely influential works that have often been misunderstood and not infrequently been misrepresented
