and aesthetics and so on Readers are encouraged to seek parallels and continuities between the different historical times and spaces between women s writing in Russia and Poland between different scholarly approaches and aims The articles of this volume bring together important critical standpoints in women s writing in Poland and Russia in which parallels continuities and resemblances can be traced but in which discontinuities breaks and differences also make themselves visible Apart from the conspicuous resemblances between individual Russian and Polish women writers works or even between groups of women writers the articles document the diversity within Russian and Polish women s writing respectively and even within individual writers
