Historical Dictionary of Russian Music Daniel Jaffé, 2022-02-15 Russian music today has a firm hold around the world in the repertoire of opera houses ballet companies and orchestras The music of Pyotr Tchaikovsky Nikolai Rimsky Korsakov Sergey Rachmaninov Sergey Prokofiev and Dmitri Shostakovich is very much today s lingua franca both in the concert hall and on the soundtracks of international blockbusters from Hollywood Meanwhile the innovations of Modest Musorgsky Alexander Borodin and Igor Stravinsky have played their crucial role in the development of Western music influencing the work of virtually every notable composer of the past century Historical Dictionary of Russian Music Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 600 cross referenced entries for each of Russia s major performing organizations and performance venues and on specific genres such as ballet film music symphony and church music This book is an excellent resource for students researchers and anyone wanting to know more about Russian Music [When Art Makes News](#) Katia Dianina, 2012-11-15 From the time the word kul tura entered the Russian language in the early nineteenth century Russian arts and letters have thrived on controversy At any given time several versions of culture have coexisted in the Russian public sphere The question of what makes something or someone distinctly Russian was at the core of cultural debates in nineteenth century Russia and continues to preoccupy Russian society to the present day When Art Makes News examines the development of a public discourse on national self representation in nineteenth century Russia as it was styled by the visual arts and popular journalism Katia Dianina tells the story of the missing link between high art and public culture revealing that art became the talk of the nation in the second half of the nineteenth century in the pages of mass circulation press At the heart of Dianina s study is a paradox how did culture become the national idea in a country where few were educated enough to appreciate it Dianina questions the traditional assumptions that culture in tsarist Russia was built primarily from the top down and classical literature alone was responsible for imagining the national community When Art Makes News will appeal to all those interested in Russian culture

as well as scholars and students in museum and exhibition studies Stravinsky's Piano Graham Griffiths,2013-02-21 Stravinsky's reinvention in the early 1920s as both neoclassical composer and concert pianist is here placed at the centre of a fundamental reconsideration of his whole output viewed from the unprecedented perspective of his relationship with the piano Graham Griffiths assesses Stravinsky's musical upbringing in St Petersburg with emphasis on his education at the hands of two extraordinary teachers whom he later either ignored or denounced Leokadiya Kashperova for piano and Rimsky Korsakov for instrumentation Their message Griffiths argues enabled Stravinsky to formulate from that intensely Russian experience an internationalist brand of neoclassicism founded upon the premises of objectivity and craft Drawing directly on the composer's manuscripts Griffiths addresses Stravinsky's lifelong fascination with counterpoint and with pianism's constructive processes Stravinsky's Piano presents both of these as recurring features of the compositional attitudes that Stravinsky consistently applied to his works whether Russian neoclassical or serial and regardless of idiom and genre
