Ruth A Commentary:

The Book of Ruth Robert L. Hubbard, 1988 In the Old Testament we read God's word as it was spoken to his people Israel Today thousands of years later we hear in these thirty nine books his inspired and authoritative message for us These twin convictions shared by all of the contributors to The New International Commentary on the Old Testament define the goal of this ambitious series of commentaries For those many modern readers who find the Old Testament to be strange and foreign soil the NICOT series serves as an authoritative guide bridging the cultural gap between today's world and the world of ancient Israel Each NICOT volume aims to help us hear God's word as clearly as possible Scholars pastors and serious Bible students will welcome the fresh light that this commentary series casts on ancient yet familiar biblical texts The contributors apply their proven scholarly expertise and wide experience as teachers to illumine our understanding of the Old Testament As gifted writers they present the results of the best recent research in an interesting manner Each commentary opens with an introduction to the biblical book looking especially at questions concerning its background authorship date purpose structure and theology A select bibliography also points readers to resources for their own study The author's own translation from the original Hebrew forms the basis of the commentary proper Verse by verse comments nicely balance in depth discussions of technical matters textual criticism critical problems and so on with exposition of the biblical writer's theology and its implications for the life of faith today

Ruth André Lacocque, 2004 This volume provides a readable introduction to the narrative book of Ruth appropriate for the student pastor and scholar LaCocque combines historical literary feminist and liberationist approaches in an engaging synthesis He argues that the book was written in the post exilic period and that the author was a woman Countering the fears and xenophobia of many in Jerusalem the biblical author employed the notion of hesed kindness loyalty steadfast love which transcends any national boundaries LaCocque focuses on redemption and levirate marriage as the two legal issues that recur throughout the text of Ruth Ruth comes from the despised people of Moab but becomes a model for Israel Boaz converted to the model of steadfast love becomes both redeemer and levir for Ruth and thus fulfills the Torah In the conclusion to his study the author sketches some parallels with Jesus hermeneutics of the Law as well as postmodern problems and solutions
