## **Ruth Benzacar:**

Ruth Benzacar Daniel E. Larriqueta, 2005      **The Political Body** Andrea Giunta, 2023-03-28 This book discusses how some works of art produced in Latin America in the sixties seventies and eighties forged a different understanding of the female body understood as space for the expression of a dissident subjectivity in relation to socially normalized places Representations of art and of feminist activism interrogated the disciplining of the female body that entails as well the disciplining of the male body Before a history of highly regulated artistic representations regardless of the occasional exceptions a historian might point out images erupted that questioned the social and institutional naturalization of the feminine and the masculine      *Appropriation as Practice* A. Schneider, 2006-06-30 How the traffic in culture is practiced rationalized and experienced by visual artists in the globalized world The book focuses on artistic practices in the appropriation of indigenous cultures and the construction of new Latin American identities Appropriation is the fundamental theoretical concept developed to understand these processes      *The Roof Garden Commission* Beatrice Galilee, Adrián Villar Rojas, 2017-04-13 Celebrated Argentinian artist Adrián Villar Rojas is known for his site specific sculptural installations For The Theater of Disappearance the artist mines The Met's collection drawing on the five thousand years of world history within its galleries to create an elaborate ahistorical work Set atop the Iris and B Gerald Cantor Roof Garden Villar Rojas's installation transforms the space into a performative diorama where banquet tables occupy an oversize black and white checkerboard floor punctuated by sculptures that fuse together human figures and artifacts found within the museum The resulting juxtapositions put forth a radical reinterpretation of museum practices This illustrated book is the fifth edition in a series that documents and contextualizes The Met's annual rooftop commissions The introductory essay by Beatrice Galilee explores the conceptual framework that informs Villar Rojas's remarkable commission as well as his interventions around the world While exploring the Museum Villar Rojas took thousands of photographs of objects and moments of interest A selection of these images is featured here alongside the artist's commentary offering a unique visual diary of Villar Rojas's thought process as he developed this arresting installation      **Latin American Art Since 1900 (Third) (World of Art)** Edward Lucie-Smith, 2020-04-14 An extraordinary synthesis of more than a century's worth of art across Central and South America Latin American Art Since 1900 covers everyone from popular figures such as Diego Rivera and Frida Kahlo to a wide range of other artists who are less well known outside Latin America In this classic survey now updated with full color images throughout Edward Lucie Smith introduces the art of Latin America from 1900 to the present day Lucie Smith examines major artists such as Diego Rivera and Frida Kahlo as well as dozens of less familiar Latin American artists and exiled artists from Europe and the United States who spent their lives in South America such as Leonora Carrington The author explains the political context for artistic development and sets the works in national cultural and international frameworks Featured in this book are the artists who have searched for indigenous roots and local tradition explored abstraction expressionism

and new media entered into dialogue with European and North American movements while insisting on reaching a wide popular audience for their work and created an energetic innovative and varied art scene across the South American continent With a new chapter that extends the discussion into the twenty first century a constant theme of Latin American Art Since 1960 is the embrace of the experimental and the new by artists across Latin America **48th Esposizione Internazionale D'arte** Harald Szeemann, Cecilia Liveriero Lavelli, 1999 **Time Out Buenos Aires** Editors of Time Out, 2013-02-18 Sprawling and strange magical and melancholy continually veering between triumph and disaster Buenos Aires is an alluring city Written entirely by residents Time Out Buenos Aires casts an independent and critical eye on the places people and culture that have made this metropolis great and the contemporary trends that are conspiring to make it greater still Looking beyond the Paris of South America clichés we make sense of the confusing jumble of influences that is Buenos Aires trademark its century old cafés and world famous steak houses its word of mouth bars and backstreet bistros its late night tango salons and cutting edge all night clubs its prestigious cultural landmarks and improvised warehouse galleries the comforts of tradition rubbing up against the shock of the new Honest detailed and informative Time Out Buenos Aires is the perfect companion for the modern traveler Liliana Porter and the Art of Simulation Florencia Bazzano-Nelson, 2017-07-05 Visually appealing conceptually startling and intellectually engaging these phrases aptly describe the art of Liliana Porter Florencia Bazzano Nelson's study focuses on the principal theme in the Argentine born artist's work since the 1970s her playful but subversive dismantling of the limits that separate everyday reality from the world of illusion and simulacra Over the years Porter's own evolving interest in perception lead the author to explore a series of interconnected and timely issues in her artistic production such as the representative function of art the structural links between art and language and the witty re-signification of the art historical images and mass produced kitsch figurines she has so often featured in her art Strongly founded in critical theory Bazzano Nelson's approach considers Porter's art as the site of conceptually exciting dialogues with Jorge Luis Borges René Magritte Michel Foucault and Jean Baudrillard Her carefully crafted interdisciplinary analysis not only combines art historical literary and theoretical perspectives but also addresses the artist's work in different media such as printmaking conceptual art photography and film **Talking Painting** David Ryan, 2002 Each chapter consists of an article about the artist's work selected by the artist and an interview of the artist by David Ryan **Sensing Art in the Atmosphere** Sasha Engelmann, 2020-09-28 This book engages artistic interventions in the aerial elements to investigate the aesthetics and politics of atmosphere Sensing Art in the Atmosphere Elemental Lures and Aerosolar Practices traces the potential of artistic community driven experiments to amplify our sensing of atmosphere marrying attentions to atmospheric affect with visceral awareness of the materials institutions and processes hovering in the air Drawing on six years of practice led research with artistic and activist initiatives Museo Aero Solar and Aerocene initiated by artist Tomás Saraceno each chapter develops creative relations to atmosphere from the studio to stratospheric currents

Through narrative led writing the voices of artists and collaborators are situated and central In dialogue with these aerographic stories and sites the book develops a notion of elemental lures the sensual and imaginative propositions of aerial atmospheric and meteorological phenomena The promise of elemental lures Engelmann suggests is to reconcile our sensing of atmosphere with the myriad social cultural and political forces suspended in it Through tales of floating journeys shared envelopes of breath and surreal levitations the book foregrounds the role of art in crafting alternative modes of perceiving moving and imagining in the air The book ends with a call for elemental experiments in the geohumanities It makes an important and original contribution to elemental geographies the geohumanities and interdisciplinary scholarship on air and atmosphere
