Shabliy, 2017-07-27 This interdisciplinary study explores Marian imagery and representations in world literature and art throughout the centuries This book demonstrates the widespread deep veneration of the image of the Blessed Virgin Mary in various countries and different Christian traditions Devotion to the Holy Virgin has served as a bridge to different cultures overcoming all types of possible borders Religious and cultural literacy is crucial for domestic and international politics the practice of peace harmony justice and prosperity This book also gives recognition and pays homage to the influence of the image of Mater Dolorosa in shaping art and literature around the world *A Sacerdotal Poetics* Kathryn Wills, 2023-03-06 This book offers a new way of understanding the old conflict between iconophiles and iconoclasts by exploring the way images in poetry are used by one poet W B Yeats and his translator Yves Bonnefoy Using the phenomenology of Jean Luc Marion as a tool of interpretation the book suggests further that translation is a significant act in which one entire theological world of a Protestant poet may become a completely different Catholic one when the translation is performed by a culturally Catholic poet For Bonnefoy therefore the act of translation becomes a profound act of hope **Sacerdotal Representations of the Dark World** Emile Grillo de Givry, J.
