To which is added a short Christian Directory ... With a variety of Scripture-songs, etc** John WILLISON,1763 **Faith Formation and Popular Religion** Anita De Luna,2002 This book uses political religious and cultural history to examine catechesis Sister de Luna establishes that religiosidad popular the core theme for Hispanic theology is Christian and Catholic and traces its elements in Church catechisms of the sixteenth through the twentieth centuries She goes on to examine the relationship between theology of beauty catechesis and spirituality establishing that the three disciplines were integral to faith formation in the early church but were separated through the centuries An in depth analysis of six selected catechisms reveals that popular religion as a combination of faith and culture was evident at the beginning of Hispanic Catholicism in the sixteenth century The investigation notes the gradual elimination and eventual replacement of the cultural aspects in the catechetical texts in the nineteenth century The author

concludes that the reunification of the cultural spiritual symbols with the presentation of doctrine could revitalize catechesis and bring Christian evangelization to a renewed effectiveness **Summae theologiae partis I quaestiones 75-77** Saint Thomas (Aquinas),1914 The "Summa Theologica: 1.
