Sacred Birthing:

Sacred Birthing Sunni Karll, 2003 Sacred Birthing allows birth to step into the Sacred birth without trauma uplifts the life of your baby and the evolution of humanity

Pearls of Sacred Birthing Sunni Karll, 2020-05-21 Pearls is an introduction to all of Sacred Birthing These are the gems that take you on your journey to your baby's Softbirth What do we need most in pregnancy We need to dream who it is hiding in there and who this little one is asking to become We need to grow our love for this teeny being and learn more of who we are as we take care of him We need to know that no matter what our body knows exactly what to do to grow and birth and nurture this beloved one We need to remember that we already know everything if we just stop and go inside As we let go of the medical the warnings the doubts and the self doubts we step into trusting our self This is the book that I wish I had received when I was first pregnant It's the perfect Baby Shower Gift or BlessingWay Gift but even better the perfect Conception Gift for your best friend Let it inspire you to ask yourself deep questions about your baby's birth From Pearls The babies I helped with taught me that babies are far more than just the tiny body they present visually They taught me about the consciousness that enlivens the body If our desire is to give birth to a radiant being it means that the whole baby asks to be addressed It is not enough to simply receive the baby's physical body at birth and not respect the feeling nature and the spiritual being A baby's physical body is best received into gentle soft hands imposing nothing to make a baby cry The emotional feeling nature of a baby is supported when a baby is received with love trust and respect The spiritual body of the baby has needs too that ask to be supported When the act of giving birth takes spiritual needs into consideration then baby's life is lived at a higher octave Thus a baby chooses a gentle birth to attain his full entitlement of light And What is our true purpose when we consciously ask to conceive Why do we do our very best for our baby during pregnancy Why are we concerned about protecting our baby from any trauma at birth Our intention is that our baby is not wounded for it is not possible for a baby to be in the mode of openness and growth when in the mode of defensiveness and protection Thus a baby always chooses a gentle birth to retain his full entitlement of light

Sacred Birthing, Sunni Karll, 2020-07-20 Sacred Birthing Birthing A New Humanity book is my journey as a midwife and how I was shown that there was more to birthing babies than just that tiny beautiful baby It is really all about consciousness not only for the baby but also for the parents In the first edition published in 2003 I just had to write down all the stories realizations and understanding that was inside me Then I had to grow up and come of age As I grew What about the baby was always my question as I heard birth becoming more and more about medical procedures technology drugs and pain But I kept thinking what must it feel like to the baby We need to think about the pristine delicate sensitive baby who is experiencing her out of the belly life for the first time And so Soul Needs that which upholds a baby's radiance were honored and highlighted to enunciate this Babies Soul Needs turned everything around and placed the priorities correctly This makes it clear for its the baby's birth Not the moms We had our own birth This is our baby's birth and we are here to do all we can for their birth to be

its best Sacred Birthing Insights are the principles for parent s actions to support their baby s highest birth These bring parents into coherence with their baby s needs If we wish to go into a new direction new choices must be made in order to turn the corner away from the old loop and into new possibilities This can only be created when we jump out of the box of birth as it is Are we able to let go of all its outdated stories If it is true that there is a new kind of birth for the Master Souls coming then we wish to do all we can to implement the softest birth for our baby By refining our understanding of what each soul needs from us to anchor rightly into life we can offer what they need by the way we give birth Our goal is to honor and protect a baby s energetic excellence so that each is well born and a pristine newborn is received This is a stepping stone into that new paradigm of birth Instead of being birthed into pain what if a baby were born into rushes of bliss What if joy and gratitude were the feelings mom authentically expresses What if mom could sing out her baby as a gift to the Earth There are so many options of love that can cradle your baby on her journey What it takes is for us to shift the way we think and feel Our baby s highest birth will take our willingness and the absolute strength of intention Are we ready to trust that there is a delicious way to give birth that better supports this baby s life Are we willing to be in the place of not knowing how it will happen but trusting it will Our Wise Self and Guardians have been waiting for our request to determine our own higher paradigm of birth Then as we stand back expectantly nature will lead the way And when one of us and then another and another creates this higher paradigm of birth then the hundredth monkey jumps in and it s real for everyone It s already happening
