Sacred Tracks James Harpur, 2002 **The Sacred Journey** Charles Foster, 2010-12-27 When Yahweh became a man he was a homeless vagrant He walked through Palestine proclaiming that a mysterious kingdom had arrived He called people to follow him and that meant walking Charles Foster Humans are built to wander History is crisscrossed by their tracks Sometimes there are obvious reasons for it to get better food for themselves or their animals to escape weather wars or plague But sometimes they go at great expense and risk in the name of God seeking a place that feels sacred that speaks to the heart God himself seems to have a bias toward the nomad The road is a favored place a place of epiphany That s all very well if you are fit and free But what if you are paralyzed by responsibility or disease What if the only journey you can make is to the office the school or the bathroom Best selling English author and adventurer Charles Foster has wandered quite a bit and he knows what can be found and lost on a sacred journey He knows that pilgrimage involves doing something with whatever faith you have And faith like muscle likes being worked Exploring the history of pilgrimage across cultures and religions Foster uses tales of his own travels to examine the idea of approaching each day as a pilgrimage and he offers encouragement to anyone who wants to experience a sacred journey The result is an intoxicating highly readable blend of robust theology and lyrical anecdote an essential guidebook for every traveler in search of the truth about God himself and the world When Jesus said Follow me he meant us to hit the road with him The Sacred Journey will show you how The Ancient Practices There is a hunger in every human heart for connection primitive and raw to God To satisfy it many are beginning to explore traditional spiritual disciplines used for centuries everything from fixed hour prayer to fasting to sincere observance of the Sabbath Compelling and readable the Ancient Practices series is for every spiritual sojourner for every Christian seeker who wants more Pilgrimage Edward C. Nordic Italies Elettra Carbone, 2016-01-22 Because of its history art and natural and cultural landscapes Italy has been a popular destination for North European travellers since the age of the Grand Tour Yet literary images of Italy are not all linked to the tradition of the journey to this country and cannot be labelled as a manifestation of Northerners yearning for the Southern sun The corpus of critical literature which deals with Italy in Nordic literatures is very wide but also fragmentary While many scholars have written about this topic and chiefly on the relations between individual Scandinavian literatures or well known authors such as Henrik Ibsen Selma Lagerl f and Hans Christian Andersen and Italy few have emphasised their variety plurality and complexity With its comparative approach this study casts

a new light on a selection of nineteenth and twentieth century representations of Italy and presents some of these Nordic Italies Taking into account texts of different genres poetry drama and novel and focusing on theories of representation genre and space this book examines complex and heterogeneous literary representations that cannot be reduced to a single stereotype In these texts Italy emerges both as a set of physical spaces and as a series of metaphorical concepts How are these Italian spaces and identities constructed and what do they stand for What forms does the broad concept of Italianness take in these literary works How are the Italian settings and characters as well as the aspects of Italian politics history society culture and folklore that populate so many literary texts shaped and combined Is there a relationship between specific literary genres and the way in which Italy is represented These are only some of the questions addressed by this study which demonstrates how Nordic representations of Italy express much more than unanimous praise for the sun idyllic landscapes ruins and mandolin players

Routledge Handbook on Tourism in the Middle East and North Africa

Dallen Timothy, 2018-12-07 The Routledge Handbook on Tourism in the Middle East and North Africa examines the importance of tourism as a historical economic social environmental religious and political force in the Middle East and North Africa MENA It highlights the ecological and resource challenges related to water desert environments climate change and oil It provides an in depth analysis of the geopolitical conditions that have long determined the patterns of tourism demand and supply throughout the region and how these play out in the everyday lives of residents and destinations as they

attempt to grow tourism or ignore it entirely While cultural heritage remains the primary tourism asset for the region as a whole many new types of tourisms are emerging especially in the Arabian Gulf region where hyper development is closely associated with the increasingly prominent role of luxury real estate and shopping retail medical tourism cruises and transit tourism The growing phenomenon of an expatriate workforce and how its segregation from the citizenry creates a dual socio economic system in several countries is unmatched by other regions of the world Many indigenous people of MENA keep themselves apart from other dominant groups in the region although these social boundaries are becoming increasingly blurred as tourism being one socio economic force for change has inspired many nomadic peoples to settle into towns and villages and rely more on tourists for their livelihoods All of these issues and more shape the foundations of this book This Handbook is the first of its kind to examine tourism from a broad regional and inclusive perspective surveying a broad range of social cultural heritage ecological and political matters in a single volume With a wide range of contributors many of whom are natives of the Middle East and North Africa this Handbook is a vital resource for students and scholars interested in Tourism Middle East Studies and Geography

The Biblical Hero Elliott Rabin, 2020-03-01 Approaching the Bible in an original way comparing biblical heroes to heroes in world literature Elliott Rabin addresses a core biblical question What is the Bible telling us about what it means to be a hero Focusing on the lives of six major biblical characters Moses Samson David Esther Abraham and Jacob Rabin examines their resemblance to hero types found in and perhaps drawn from other literatures and analyzes why the Bible depicts its heroes less gloriously than do the texts of other cultures Moses founds the nation of Israel and is short tempered and weak armed Samson arrogant and unhinged can kill a thousand enemies with his bare hands David establishes a centralized unified triumphal government through pretense and self deception Esther saves her people but marries a murderous misogynist king Abraham s relationships are wracked with tension Jacob fathers twelve tribes and wins his inheritance through deceit In the end is God the real hero Or is God too removed from human constraints to even be called a hero Ultimately Rabin excavates how the Bible s unique perspective on heroism can address our own deep seated need for human
