Sacred Voices Essential Womens Wisdom Through The Ages:

Sacred Voices Mary Ford-Grabowsky, 2002-03-05 Moving chronologically through millennia of women's history from the earliest times to the present this unique collection contains writings from over 173 of the world's women sages and saints. Containing poetry, prayers, chants, meditations, and contemplative prose from all great religious traditions, this treasure trove gathers together for the first time the best of women's spiritual wisdom. Women's spiritual experience has been suppressed through much of modern history and is only now being recovered in its full richness. This anthology contains writings from hundreds of women from the past five millennia and a wide range of cultures. The collection encompasses all areas of women's sacred experience from the most radically mystical encounters with the divine including visions, locutions, and auditions to simply daily awareness of the holy in all things.

The Sacred Feminine Through The Ages Paula Marvelly, 2024-06-11 A fascinating history of women's belief, faith, and spirituality as told through the art and writing of 33 women of wisdom. This is an exploration of feminine spirituality from the beginning of time to the present day. These extraordinary women have expressed their experiences of the agony and ecstasy of pursuing spiritual enlightenment through their poetry and prose, which is beautiful, inspirational, and very moving. Paula Marvelly has selected powerful and evocative words of wisdom from women of widely differing ages and faiths, including but not limited to Jewish, Christian, Sufi, Hindu, Buddhist, or Taoist. The author reveals the common and overriding theme between them, which can be expressed as non-duality, not two but one. This is the experience of losing one's individuality and of becoming one with the universe. Whether you are interested in reviving lost and misunderstood women of history or you are looking to find new ways to understand the many ancient questions that generations before us have been asking, you will discover a wealth of wisdom and inspiration from these women of wisdom. Read the musings of the ancient priestess Enheduanna on her beloved goddess of the moon. Decode ancient Egyptian inscriptions to reveal Hatshepsut, a powerful female pharaoh whose rule was almost deleted from history. Revel in the immortal beauty of Sappho's poetry on the divine bounty of Mother Nature. Emily Dickinson's words on love or Virginia Woolf's prose on female expression. Uncover the cosmic life force with polymath Hildegard of Bingen. Dwell on the revelations of divine love with anchoress Julian of Norwich and so much more.

Women of Wisdom Paula Marvelly, 2012-01-01 An inspiring collection of writings from women visionaries and mystics from an array of religious faiths and traditions.

Fulbright Labyrinths Virginia Hall-Milhouse, 2011-11 In this provocative work, Virginia Milhouse demonstrates how autoethnography combines creative and analytical practices to help bring to consciousness some complex social and political agendas hidden in narratorial writings. It demonstrates how an arts-based qualitative research method, narrative inquiry, can be fused with a scientific-based quantitative method, DMIS-IDI, and complement, support, and/or correct each other. It also demonstrates how writing as a method of inquiry can be a viable way for researchers to learn about themselves and their research as well as features standards for evaluating creatively and analytically constructed text. Further, the author's

examination of the aesthetics of inner readiness and in betweenness will be very helpful to people doing this kind of self reflexive fieldwork The reader will also appreciate this author s recognition of the importance of combining qualitative and quantitative methodologies something not many writers can do with great success Also this book will be a real contribution to sojourners and others traveling or living abroad The work is very smart and is beautifully and clearly written The labyrinth quote at the beginning of her work is very fitting and certainly promises to illustrate those words The Goddess Pages Laurie Sue Brockway,2008 This book will serve to inspire millions and balance masculine and feminine for a more healthy and rewarding existence on earth Shelley Ackerman astrologer and founder of Karmic Relief Every woman could use some Goddess wisdom in her life From scoring your dream job to going after that hard earned raise to finding the right guy and keeping the romance alive the Divine Feminine is there to help you achieve the love success and happiness that you deserve Get ready to feel empowered you are about to meet thirty six of the most revered spiritual heroines from faiths and traditions around the world Use this book of goddesses to call upon each one for support guidance and inspiration in all areas of your life Evoke their unique energies and strengths through rituals meditations gatherings prayers blessings and many more fun and creative activities Celebrate your true beauty with Hathor Unleash your dark and wild side with Lilith Free yourself from unhealthy relationships with Persephone Take aim at your career goals with Artemis Own and explore your sensuality with Oshun The Goddess Pages a unique and empowering book of goddesses helps you connect with the strength and beauty of the Goddess and experience the divine within you **Becoming Flame** Isabel Anders,2010-04-01 As it is written Our God is a consuming fire Heb 12 29 so we also must kindle the divine fire in ourselves through tears and hard work Amma Syncretica fourth century What could be more natural and timely than Spiritual wisdom drawn from a woman s world word paintings expressed in the poetry of mother daughter dialogue Home and hearth lessons in eternal truth firmly grounded in day to day experience Small scenarios of inquiry and response deep questioning and fledgling faith that reverberate with quiet insight Dialogues that reflect modern levels of questioning knots of paradox that require a woman s patient attention and inner care to tease out true gentle wisdom A poetic exploration of the large and the small issues of women s life nested braided interwoven never fully unraveled in precise language that retains the mystery but awakens the soul Enter into the world of **Becoming Flame** Uncommon Mother Daughter Wisdom Dialogues with questions at the end for individual and group study

 Goddess characters are revered as feminist heroes in the popular media of many cultures However these goddess characters

often prove to be less promising and more regressive than most people initially perceive Goddesses in film television and fiction project worldviews and messages that reflect mostly patriarchal culture included essentialized gender assumptions in contrast to the feminist empowering levels many fans and critics observe Building on critiques of other skeptical scholars this feminist folkloristic approach deepens how our remythologizing of the ancient past reflects a contemporary worldview and rhetoric Structures of contemporary goddess myths often fit typical extremes as either vilified destructive dark and chaotic typical in film or television or romanticized positive even utopian typical in women s speculative fiction This goddess spectrum persistently essentializes gender stereotyping women as emotional intuitive sexual motherly beings good or bad precluded from complex potential and fuller natures Within apparent good over evil pop culture narrative frames these goddesses all suffer significantly However a few recent intersectional writers like N K Jemisin break through these dark reflections of contemporary power dynamics to offer complex characters who evince hopepunk They resist typical simplified reductionist absolutes to offer messages that resonate with potential for today s world Mythic narratives featuring goddesses often do but need not serve merely as ideological mirrors of our culture s still problematically reductionist approach to women and all humanity **Parabola** ,1976
