Sacred Worlds An Introduction To Geography And Religion:

Sacred Worlds Chris C. Park, 1994 Exploring the definitions of religion and its historical and ideological origins Chris Park looks at the ways in which religion its symbols rites beliefs and hopes has shaped and changed the world in which we live

The Geography of Religion Roger W. Stump, 2008-04-04 The only book of its kind this balanced and accessibly written text explores the geographical study of religion Roger W Stump presents a clear and meticulous examination of the intersection of religious belief and practice with the concepts of place and space He begins by analyzing the factors that have shaped the spatial distributions of religious groups including the seminal events that have fostered the organization of religions in diverse hearths and the subsequent processes of migration and conversion that have spread religious beliefs The author then assesses how major religions have diversified as they have become established in disparate places producing a variety of religious systems from a common tradition Stump explores the efforts of religious groups to control secular space at various scales relating their own uses of particular spaces and the meanings they attribute to space beyond the boundaries of their own communities Examining sacred space as a diverse but recurring theme in religious belief the book considers its role in religious forms of spatial behavior and as a source of conflict within and between religious groups Refreshingly jargon free and impartial this text provides a broad comparative view of religion as a focus of geographical inquiry

Geography of World Pilgrimages Lucrezia Lopez, 2023-07-01 This book points out how pilgrimage studies rely on interdisciplinary academic interests being always more determined by anthropological social cultural and economic factors The volume gathers interdisciplinary contributions revealing different approaches and academic interests when researching pilgrimage Finally the proposal introduces a comparative international breath to reflect upon such complex phenomenon that since Antiquity still impregnates the history of human being across the world As pilgrimage studies are closely related to mobility issues how the contemporary mobile world is altering and re signifying pilgrimage dynamics and meanings will also be discussed in detail The term pilgrimage evokes key concepts deriving from different fields all of them collected in the final glossary The primary audience of this work are academics and researchers from different fields involved in pilgrimage studies The work may also be useful in teaching advanced university courses

Handbook of the Geographies of Religion Lily Kong, Orlando Woods, Justin K.H. Tse, 2024-12-02 This international and interdisciplinary handbook offers a comprehensive and an in depth overview of contemporary research theory and practice in the geographies of religion in various parts of the world and with different populations The book showcases the major theoretical interventions in the field and the debates about the existential constitution of sacred space and what this means for secularization It outlines the most significant geographical themes related to these new developments with their implications for how to think about landscapes space bodies and worlds The book also discusses the future of the field especially in the realms of encounters and ethics economies and markets institutions and organisations movements and migrations and media and mediums It also offers views

from disciplines outside of geography including from sociology anthropology religious studies and media and communications which demonstrates the contributions of geographers of religion to wider intellectual conversations and debates

Re-imagining Religion and Belief Christopher Baker, Beth R. Crisp, Adam Dinham, 2018-08-29 The need to reimagine religion and belief is precipitated by their greater visibility in public life Meanwhile social policy responses often see them from a problem based rather than an asset based approach However with growing diversity of religion and belief in every sector comes the potential for new dialogues across previously impermeable policy and disciplinary silos This volume brings together leading international authors to critically consider these challenges within legal and policy frameworks including security and cohesion welfare law health and social care inequality cohesion extremism migration and abuse It challenges policy makers to re imagine religion and belief as an integral part of public life that contains resources practices forms of knowledge and experience that are essential to a coherent policy approach to diversity enhanced democracy and participation

The Encyclopedia of Christianity Erwin Fahlbusch, Geoffrey William Bromiley, 1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources

2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA **The Many Faces of Christianity**, 2025-08-28 Is the Russian invasion of Ukraine a Holy War This book offers insights into the complex ideology of the Russki Mir or Russian World which must be understood as Russian shaped world order or peace but above all a claim to the sacred The collected essays describe how Far Right politics in Europe and its resonances with the Russian World nod to the changing meaning of Christianity defying and transforming the categories of religion and politics and challenging common conceptions of the role of Christianity in European politics

Travel and Religion in Antiquity Philip A. Harland, 2011-03-15 Travel and Religion in Antiquity considers the importance of issues relating to travel for our understanding of religious and cultural life among Jews Christians and others in the ancient world particularly during the Hellenistic and Roman eras The volume is organized around five overlapping areas where religion and travel intersect travel related to honouring deities including travel to festivals oracles and healing sanctuaries travel to communicate the efficacy of a god or the superiority of a way of life including the diffusion of cults or movements travel to explore and encounter foreign peoples or cultures including descriptions of these cultures in ancient ethnographic materials migration and travel to engage

in an occupation or vocation With interdisciplinary contributions that cover a range of literary epigraphic and archeological materials the volume sheds light on the importance of movement in connection with religious life among Greeks Romans Nabateans and others including Judeans and followers of Jesus

Passionate Peace: Emotions and Religious

Coexistence in Later Sixteenth-Century Augsburg Sean Dunwoody, 2022-09-19 In an age characterized by religious conflict Protestant and Catholic Augsburgers remained largely at peace How did they do this This book argues that the answer is in the emotional practices Augsburgers learned and enacted in the home in marketplaces and other sites of civic interaction in the council house and in church Augsburg's continued peace depended on how Augsburgers felt as neighbors as citizens and believers and how they negotiated the countervailing demands of these commitments Drawing on police records municipal correspondence private memoranda internal administrative documents and other records revealing everyday behavior experience and thought Sean Dunwoody shows how Augsburgers negotiated the often conflicting feelings of being a good believer and being a good citizen and neighbor

Urban Religion Jörg Rüpke, 2020-02-24 So far religion has been seen as cause for dramatic developments in the history of cities it has contributed to the monumentalisation of centres and or has given importance to ex centric places Very recently anthropologists have been discovering religion in the contemporary global city But still awaiting historical investigation is the specific urban character of religious ideas practices and institutions and the role of urban space shaping this very religion in the course of history The time span from the Hellenistic age to Late Antiquity was crucial in the establishment of concepts and institutions of religion and witnessed extended waves of urbanisation Rome being central to this In addressing this problem this book fills a significant gap in the scholarship on urban religion across time Taking seriously the proposition that space is condition medium and outcome of social relations the development of urban religion in lived urban space and urban culture or urbanity offers a lens onto processes of religious change that have been neglected for the history of religion and for the study of urbanism The key thesis is that city space engineered the major changes that revolutionised religions This stimulating book makes use of archaeology and history to address religion as an essential component of urban life in both the past and the present With a strong basis in the ancient Mediterranean as well as an insightful view of modern urban life R pke emphasizes that the practice and performance of religion at the everyday level is as essential in the creation of an urban ethos as the grand temples and institutions promulgated by the elite Monica L Smith author of *Cities The First 6 000 Years* J rg R pke offers a characteristically original and learned series of reflections on some of the many ways in which the history of religions and the history of cities might be entangled *Urban Religion* offers no single overarching thesis but it is consistently thought provoking and suggests many intriguing lines of investigation for the future Greg Woolf Institute of Classical Studies London

Constructing the Divine Abode of Dizang Bodhisattva Nan Ouyang, 2025-08-21 This book explores how Mount Jiuhua became the seat of Dizang Bodhisattva and evolved into a renowned Buddhist mountain during the late imperial

period The uncoordinated yet collective efforts of various interested parties shaped the dynamic interplay between tangible elements mummies masters pilgrimage practices and intangible factors myths popular literature redefining and reinforcing the mountain s divine status By incorporating previously overlooked sources such as inscriptions amulets drama scripts and underworld passes this study highlights the critical role of rank and file religious practitioners in the sacred place making process

Spaces of Spirituality Nadia Bartolini,Sara MacKian,Steve Pile,2018-02-15 Spirituality is too often subsumed under the heading of religion and treated as much the same kind of thing Yet spirituality extends far beyond the spaces of religion The spiritual makes geography strange challenging the relationship between the known and the unknown between the real and the ideal and prompting exciting possibilities for charting the ineffable spaces of the divine which lie somehow beyond geography In setting itself that task this book pushes the boundaries of geographies of religion to bring into direct focus questions of spirituality By seeing religion through the lens of practice rather than as a set of beliefs geographies of religion can be interpreted much more widely bringing a whole range of other spiritual practices and spaces to light The book is split into three sections each contextualised with an editors introduction to explore the spaces of spiritual practice the spiritual production of space and spiritual transformations This book intends to open to up new questions and approaches through the theme of spirituality pushing the boundaries on current topics and introducing innovative new ideas including esoteric or radical spiritual practices This landmark book not only captures a significant moment in geographies of spirituality but acts as a catalyst for future work

Mission to the World Tormod Engelsviken,Ernst Harbakk,Rolv Olsen,Thor Strandenaes,2009-11-01 Women, Religion, and Space Karen M. Morin,Jeanne Kay Guelke,2007-06-01 This volume studies females who practice or interact with gender norms of Christianity Judaism and Islam in relation to the geography of place The book focuses on attempts by religious and secular authorities to control women s access to distinct spaces to show how religious women navigate harsh terrain and attain mobility within established institutions The writings are grouped under three sections Women and Colonial Regimes Religion and Women s Mobility and New Spaces for Religious Women Secular critical and comparative viewpoints are explored with much of the scholarship steeped in fieldwork i e an orthodox district in Jerusalem a shopping mall in Istanbul women travelers in Pakistan and Korean immigrant women in Los Angeles Contributors broaden notions of space to extend beyond architecture national borders external and internal boundaries and assorted identifying markers such as race or clothing In examining a new aspect of space geography these essays promote challenge irony and unexpected avenues of thought Multi cultural and international in scope this work makes a significant groundbreaking contribution to the field of geography

The Human Mosaic Mona Domosh,Roderick P. Neumann,Patricia L. Price,Terry G. Jordan-Bychkov,2009-02-15 The Human Mosaic has always been built around five themes In the new edition these themes modified to reflect changes both in the discipline and in the world are Region Mobility Globalization Nature culture and Cultural landscape These five themes are introduced and explained in the first chapter and

serve as the framework for the 11 topical chapters that follow Each theme is applied to a variety of geographical topics demography language ethnicity politics religion agriculture industry the city and types of culture

Current Research in Egyptology 2023 L. Dogaer,C.H.W. Fong,Elena Luise Hertel,M. Kilani,G.K.H. Lunden,2024-08-29 Collecting 22 selected papers from the twenty third Current Research in Egyptology conference topics include language and literature archaeology and material culture society and religion archival research intercultural relations reports on archaeological excavations and methodological issues regarding all periods of Ancient Egypt

Routledge Handbook of Religion and Ecology Willis Jenkins,Mary Evelyn Tucker,John Grim,2016-07-22 The moral values and interpretive systems of religions are crucially involved in how people imagine the challenges of sustainability and how societies mobilize to enhance ecosystem resilience and human well being The Routledge Handbook of Religion and Ecology provides the most comprehensive and authoritative overview of the field It encourages both appreciative and critical angles regarding religious traditions communities attitude and practices It presents contrasting ways of thinking about religion and about ecology and about ways of connecting the two terms Written by a team of leading international experts the Handbook discusses dynamics of change within religious traditions as well as their roles in responding to global challenges such as climate change water conservation food and population It explores the interpretations of indigenous traditions regarding modern environmental problems drawing on such concepts as lifeway and indigenous knowledge This volume uniquely intersects the field of religion and ecology with new directions within the humanities and the sciences This interdisciplinary volume is an essential reference for scholars and students across the social sciences and humanities and for all those looking to understand the significance of religion in environmental studies and policy

Secular Theories on Religion Tim Jensen,Mikael Rothstein,2000 Scholars of religious studies from Europe and North America explore what a secular or scientific study of religion should be like what methods it should apply what aims and what kind of scientific thinking should be pursued They also consider scholars as public intellectuals operating within and influenced by general societal developments The 18 essays provide a survey of current thinking in the field Distributed in the US by ISBS c Book News Inc

Communication and the Global Landscape of Faith Adrienne E. Hacker Daniels,2016-04-27 In light of more recent conversations about religion and its import as a factor in the global geopolitical and cultural spheres augmented by the contracting of relationship among people and nations Communication and the Global Landscape of Faith highlights geographical architectural and a partial issues as significant and edifying dimensions of the study of communication and religion Insights are gleaned through the prism of the philosophical built performative political and intercultural landscapes

An Invitation to Sociology of Religion Phil Zuckerman,2010-10-18 Written in lively prose this second edition introduces students to the major themes problems and goals of the sociological study of religions
