Justification, Volume 2 Michael Horton, 2018-11-27 The second of a two volume project delving into the doctrine of justification Michael Horton seeks not simply to recover a clear message of its role in modern Reformed theology but also to bring a fresh discovery of the gospel in a time when contemporary debates around justification have reignited The doctrine of justification stands at the center of our systematic reflection on the meaning of salvation and grace as well as our piety mission and life together And yet within mainline Protestant and evangelical theology it s often taken for granted or left to gather dust in favor of modern concerns and self renewal Volume 2 embarks on the theologically constructive task of investigating the biblical doctrine of justification in light of contemporary exegesis Taking up the topic from a variety of theological vantage points Horton engages with contemporary debates in biblical especially Pauline scholarship Part 1 draws out The Horizon of Justification from the Old Testament narratives of Adam and Israel Part 2 defines The Achievement of Justification in the blood of Christ and seeks to lay the groundwork for understanding its extent Part 3 focuses on The Gift of Righteousness delving into a clear articulation of what justification means its mechanism and the role of works on the day of judgement Part 4 proposes a way forward for Receiving Justification and understanding faith and justification within the broader framework of union with Christ Engaging and thorough Justification shows that the doctrine of justification finds its most ecumenically significant starting point and proper habitat in unity with Christ where the greatest consensus past and present is to be found among Orthodox Roman Catholic and Protestant theologies **New Testament Apocrypha, vol. 2** Tony Burke, 2020-07-21 A compilation of apocryphal Christian texts many translated into English for the first time with comprehensive introductions This second volume of New Testament Apocrypha continues the work of the first by making available to English readers more apocryphal texts Twenty nine texts are featured including The Adoration of the Magi and The Life of Mary Magdalene each carefully introduced copiously annotated and translated into English by eminent scholars These fascinating texts provide insights into the beliefs expressions and practices of a range of Christian communities from the early centuries through late antiquity and into the medieval period **A History of Biblical Interpretation, Vol. 2** Alan J. Sacra Scriptura James H. Charlesworth, Lee Martin McDonald, 2014-04-24 Many of the writings deemed apocryphal and pseudepigraphical were in circulation in the early centuries of Judaism and Christianity Their influences and impacts on the development of early communities and the development of Jewish and Christian thoughts have not yet been sufficiently examined While this judgment is especially true for the so called Christian Apocrypha it also applies for other writings that were not included in the Jewish and Christian Bibles and nor in other sacred collections of Scripture like Rabbinics and Patristics Most of these ancient writings functioned to some degree as sacred texts or scripture sacra scriptura in the communities in which they were produced and in others to which they circulated This volume focuses on how some of these forgotten voices were heard within numerous early religious communities helping to remove the distressing silence in many areas of the ancient world
