A Full Back Slower Than Your Average Prop Ian Smith,2019-10-10 Listed as one of the five worst international selections ever and described in a book about Scottish rugby as a full back

slower than your average prop Ian Smith cheerfully won eight caps for Scotland in a career that saw him score every point for his team on his debut in an historic victory over South Africa and in so doing became the first Scottish full back to score a Test try and defeated a star studded England team to lift the Calcutta Cup at Murrayfield in the 1970 Five Nations One of eight international full backs to have come out of Heriot's FP Smith also played for a dashing innovative Edinburgh University side that revolutionised attacking back play But this book is so much more than a story of a fleeting Test career It is a window to another time when a player could appear as Smith did for his club's third XV and two weeks later make his international debut for his country And then eight Tests later return to his club where he was only considered good enough to play for the second XV

Everything Happens for a Reason Danny Care, 2024-11-07 An honest end of career autobiography from widely adored Harlequins and England rugby star Danny Care They say everything happens for a reason and I think my life is proof of that There have been a series of moments some of them tough setbacks that have proved over time to be pivotal to the person and player I am today There was the time when my dreams of a football career came to an abrupt end but opened the door for rugby in my life the ill judged sledging outing that may have cost me the opportunity to go on a Lions tour the times when my name made the headlines for the wrong reasons the choice I made to miss an England tour which led to meeting the love of my life on a party island halfway across the world and the devastating moment when Eddie Jones dropped me from the England squad and I thought my international career was over I sometimes wondered if it was meant to be but I kept on smiling and I worked hard as I kept my focus on playing the game that I love that I owe everything to And now a little older and a little wiser and with over 100 England caps three Six Nations championships and two Premiership titles to my name I want to tell you my story The highs and lows the good and the bad and everything in between

The Black Beret: the Life and Meaning of Che Guevara Marvin D. Resnick, 1970

Beyond the Line Ben Youngs, 2025-09-25 In his unique touching and honest memoir rugby union legend Ben Youngs bares it all for the first time Ben Youngs has had a dream career He was born into rugby royalty and has achieved incredible success with both his family club Leicester Tigers and the English men's national team for whom he is the most capped player of all time His is an on field legacy that any rugby player would envy But there's more to his story than meets the eye In this deeply intimate memoir the English rugby legend reveals how his remarkable record on the pitch masks what was at times a turbulent life off it There have been highs the 2019 World Cup final a record equalling eighteen match unbeaten streak under Eddie Jones finding friendship brotherhood and a home at Leicester Tigers But there have also been lows losing two family members to terminal illnesses within a year withdrawing from the Lions tour in 2017 falling out of love with rugby In *Beyond the Line* the five time Premiership champion and member of the 2013 winning Lions Test tour shares his full story with the public With remarkable candour wit and warmth he writes of how his relationship with rugby proved pivotal to his healing process and vividly recounts the raucous nights and spontaneous adventures that only those within the inner circle typically get to witness

Inspirational and open his story reveals not just the pressures of competition but also the camaraderie and wild experiences that come with a life in rugby Islands in the Sky David Gates,2013-09-09 The Falklands at the time of this story were a little known group of islands miles away from anywhere that most people hadn't even heard of Of course nearly everyone has now heard of them and most even have a good idea where they are Back in the late 60s and early 70s they were a sleepy spot on the map where nothing much happened They didn't bother anyone and no one bothered them For two hundred years nothing much had changed in that respect and the modern world had only just begun to impinge on the islanders way of life There was no TV and of course no internet Telephone communications to Home as the UK was called were limited to a few minutes per day when a particular satellite passed by and then only from a special room in Port Stanley its capital The author was pitched into a way of life that was completely unlike anything most Brits ever experience and this book describes his struggle to adapt to a new way of life at the same time as learning how to teach in extraordinary circumstances The things that happened to him were unusual often very funny in retrospect and his story gives the reader a unique insight to the Falklands at that time the place and its people The islands have of course changed dramatically since the war of 1982 and the advent of fishing licences tourism and latterly oil exploration have had a major impact not to mention the presence of thousands of military personnel The sovereignty row with Argentina rumbles on and the islanders future has a dark cloud looming over the horizon It is in the hands of politicians outside of their homeland This book depicts an altogether more innocent unspoilt and peaceful time **Ken Scotland** Ken Scotland,2020-10-08 Ken Scotland was born on 29 August 1936 within sight of Heriot's Goldenacre ground which he would go on to grace with great panache and skill several years later A prodigious talent at fly half while at school he was converted into a full back during the international trials of 1957 and was capped in that position against France at Colombes just a few weeks later scoring all of his country's points as the Scots recorded their first win on French soil since 1949 Having joined the army after leaving school Scotland then attended Cambridge University and it was from there that he was selected for the 1959 British Irish Lions tour to Australia and New Zealand During this epic four month tour he won plaudits far and wide as one of the superstars of the Lions team Using entries from the diary he kept during this tour Scotland brings to life one of the great Lions expeditions taking us right into the heart of the changing rooms hotels bars and in the heat of battle on the field Scotland played in five Tests for the Lions and won a total of twenty seven caps for his country before retiring in 1965 with a reputation as one of the finest players ever to play for Scotland well established He would continue to play club rugby for several years afterwards while enjoying a successful business career At eighty three he has finally decided to tell his life story Working with Allan Massie the doyen of Scottish rugby journalism he has created a rich and powerful testimony to his life and rugby career throwing new light on his own achievements as well as providing fresh insight the great players of his era It is as fascinating as it is evocative of a time and a game long past and a must read for rugby fans of all generations **Collier's** ,1921 Our Blood is Green Gavin

Rich, 2020-10-15 The leaping Springbok on the green jersey of South Africa is one of the most iconic emblems in world rugby. At the same time no symbol in world sport has ever done so much to divide and then unite a nation. Respected by opponents and supported passionately by South Africans the Springboks have been a powerhouse rugby nation for over a century yet the emblem that now sits alongside the Protea on the chests of the players was once a symbol of violent oppression in apartheid South Africa the epitome of the white man's dominance over people of colour in the Republic. Told in the words of Springboks past and present *Our Blood is Green* explores what it means to play for South Africa from schoolboy dreams to the sacrifices required to make it to the very top as well as the myriad difficulties the players have faced over the years from the horrors of apartheid through to the emerging rainbow nation in the 1990s and the multi cultural World Cup winning team of today. It is a fascinating powerful and poignant read that explores the unity of a brotherhood that fights to transcend race culture and class while simultaneously striving to become the best team on the planet. *Our Blood is Green* examines what it truly means to be a Springbok and it is told the only way it can be by the players themselves. *Unmasking Masculinity (Routledge Revivals)* David Jackson, 2015-08-11 In this detailed investigation of masculine gendered identity first published in 1990 David Jackson uses his own personal history to look at the specific ways in which men become masculine. In doing so he examines but also offers some positive challenges to the assumed qualities and values of growing up manly. Jackson looks closely at the psychological and social forces active in his own development relations with his father violence at school male banter and joking sporting activities boys comics and sexual relations. The title is a deliberate blend between life story and critical commentary that makes use of some areas of post structuralist theory to make visible the social and emotional processes that contribute to one man's life history. With an innovative theoretical approach this reissue will be of particular value to those interested in the social psychological and cultural forces that have gone into the historical shaping of men and masculinities. *Rugby: The Game of My Life* Rob Andrew, 2017-10-19 An excellent read. Rugby World. Rob Andrew is one of the key figures in modern rugby history an outstanding international who won three Grand Slams with England and toured twice with the British and Irish Lions he also played a central role in the game's professional revolution with his trailblazing work at Newcastle. During a long spell on Tyneside he led the team to a Premiership title at the first opportunity brought European action to the north east and gave the young Jonny Wilkinson his break in big time union by fast tracking him into the side straight out of school. What happened off the field was equally eventful. Rob produced *The Andrew Report* the most radical of blueprints for the future of English rugby and then over the course of a decade as one of Twickenham's top administrators found himself grappling with the extreme challenges of running a game repeatedly blown off course by the winds of change. He did not merely have a ringside seat as one of the world's major sports went through its greatest upheaval in a century more often than not he was in the ring itself. *Wadda Life* Derek Massey, 2025-05-28 *Wadda Life* captures Derek Massey's journey through diverse cultures risks and remarkable experiences in a continent that quickly became home

The Angel Trilogy: A Life Beyond Death K.L. Taylor, 2017-02-12 What makes the human mind and the human race such a wondrous thing is not the suffering that occurs in the world but the paths that the human mind takes when faced with that suffering There s always a choice I voiced Exactly that there is always a choice The Angel Trilogy tells the heart wrenching story of a young person caught on the wrong side of life Disconnected from his family Callum attempts to deal with his new life in the best way that he can But when life throws his family a series of curveballs Callum has a choice He must choose between the past and the future the crushing pain and the chance of hope Join Callum on his inspiring journey of self discovery as he rekindles his inner fire and learns the true meaning of love

Medicine and Other Topics Dr Alistair Tulloch, 2023-04-19 Medicine and Other Topics is the story of Scottish born GP AJ Tulloch from his two year RAF National Service in the 1950s which took him to Egypt through to his becoming a partner in a practice in Bicester Oxfordshire Along the way we learn of his interest in Structured Records Systems Geriatrics and Obstetrics A mix of political and social commentary from a retired doctor steeped in the traditions of the National Health Service this book comes at a time when the issues discussed could not be more relevant NHS underfunding tax cuts for the rich and Brexit have contributed to the crisis in health that Britons today face in Dr Tulloch s opinion Dr Tulloch offers a personal vivid warm hearted autobiography coupled with an examination of life in Britain past and present
