## **Sculpture In Britain 1530 1830:**

**Sculpture in Britain, 1530-1830** Margaret Dickens Whinney,1988      Sculpture in Britain Margaret Whinney,1992  
This comprehensive survey of sculpture in Britain from the Reformation to the accession of Queen Victoria aims to shed light on English taste in the period It examines the family tomb and the portrait bust the forms of sculpture most favoured in Britain at that time      **Sculpture in Britain, 1530 to 1830** Margaret Whinney,1953      **Sculpture in Britain, 1530 to 1830** Margaret Whinney,1988      **Sculpture in Britain 1530 To1830** Margaret Whinney,1995      **Sculpture In Britain 1530 To** Margaret Whinney,1830      Sculpture in Britain, 1530-1830 Margaret Dickens Whinney,1964      **Reading the Royal Monument in Eighteenth-Century Europe** Charlotte Chastel-Rousseau,2017-07-05 Reading the Royal Monument in Eighteenth Century Europe is the first in depth study of the major role played by royal monuments in the public space of expanding cities across eighteenth century Europe Using the royal public statues as the basis for its examination of modern European cities the book considers the development of urban landscapes from the creation of capital cities to the last embers of the Ancien R me and at how the royal politics of the arts affected the cityscapes of the time The focus of the book thereby intersects across a spectrum of disciplines including the social and architectural history of cities the politics of urban planning the history of monumental sculpture and the material culture of the eighteenth century      *British Sculpture and the Company Raj* Barbara S. Groseclose,1995 The British Raj a Sanskrit based word meaning dominion or empire which has taken on a wholly Victorian flavor as a result of popular films and books actually began in piecemeal fashion when the East India Company developed settlements in Madras Calcutta and Bombay during the seventeenth century As these small enclaves grew into cities the British tried hard to give them the look and feel of the country they had left behind Barbara Groseclose examines British public statuary and church monuments in India from the standpoint of its function in regard to the British themselves Arguing that doubts and anxieties as well as assumptions about their own place in Indian life bear strongly on the roles and achievements for which the British sought or received commemoration she analyzes the British self characterizations of victor administrator scholar and benefactor in sculptural imagery Her close scrutiny of these largely forgotten works of art reveals the crucial part they played in helping the British to explain and justify empire to themselves But the author s sense of the inherently ambivalent nature of the colonizer colonized relationship prevents this book from becoming simply a platform for the indictment of imperialists or for an insistence on the wholesale victimization of their subjects Rather Groseclose discerns in this art some of the complicated emotional undertones simultaneously shaping and destabilizing the attempted economic and intellectual domination of India BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved      **The Eighteenth Century** Pat Rogers,2020-01-08 The aim of this book originally published in 1978 is to make the reading of literary classics such as Gulliver s Travels Robinson Crusoe Tom Jones The Beggar s Opera and Tristram Shandy an even richer experience by giving them an intelligible place in history The

context is seen not as a vague backcloth but as a living fabric of ideas and events which animate Augustan literature. The authors cover the achievements of men like Hume, Walpole, Chippendale, Newton and Reynolds who are often merely names to the literary student and show how writers were affected by exciting developments in psychology, aesthetics, medicine and other fields. As a whole, the book shows this period to have been an active, questing and complex era whose literary masterpieces emanate from a rich and diverse culture.

*History of Restoration of Ancient Stone Sculptures* Janet Burnett Grossman, Jerry Podany, Marion True, 2003-12-25. The nineteen papers in this volume stem from a symposium that brought together academics, archaeologists, museum curators, conservators and a practicing marble sculptor to discuss varying approaches to restoration of ancient stone sculpture. Contributors and their subjects include Marion True and Jerry Podany on changing approaches to conservation; Seymour Howard on restoration and the antique model; Nancy H. Ramage's case study on the relationship between a restorer, Vincenzo Pacetti, and his patron, Luciano Bonaparte; Mette Moltesen on de-restoring and re-restoring in the Ny Carlsberg Glyptotek; Miranda Marvin on the Ludovisi collection; and Andreas Scholl on the history of restoration of ancient sculptures in the Altes Museum in Berlin. The book also features contributions by Elizabeth Bartman, Brigitte Bourgeois, Jane Fejfer, Angela Gallottini, Sascha Kansteiner, Giovanna Martellotti, Orietta Rossi, Pinelli, Peter Rockwell, Edmund Southworth, Samantha Sportun, and Markus Trunk. Charles Rhyne summarizes the themes, approaches, issues and questions raised by the symposium.

*London's Statues and Monuments* Peter Matthews, 2012-07-20. The streets and public spaces of London are rich with statues and monuments commemorating the city's great figures and events, from Nelson's Column in Trafalgar Square and Sir Christopher Wren's Great Fire Monument to the charming Peter Pan statue in Kensington Gardens. The range is glorious. Some commemorate events while others celebrate people, real or fictional. Some take the form of small reliefs while others are huge bronzes on pedestals larger than life-size. Executed in stone, bronze and a range of other materials, London's statues and monuments include work by some of the world's greatest sculptors and this book is a fully illustrated guide to the pieces and their stories, sometimes surprising and occasionally controversial but always fascinating.

*Art and Religion in Eighteenth-Century Europe* Nigel Aston, 2009-07-15. Eighteenth-century Europe witnessed monumental upheavals in both the Catholic and Protestant faiths and the repercussions rippled down to the churches' religious art forms. Nigel Aston now chronicles here the intertwining of cultural and institutional turmoil during this pivotal century. The sustained popularity of religious art in the face of competition from increasingly prevalent secular artworks lies at the heart of this study. Religious art staked out new spaces of display in state institutions, palaces and private collections; the book shows as well as taking advantage of patronage from monarchs such as Louis XIV and George III who funded religious art in an effort to enhance their monarchical prestige. Aston also explores the motivations and exhibition practices of private collectors and analyzes changing Catholic and Protestant attitudes toward art. The book also examines purchases made by corporate patrons such as charity hospitals and religious confraternities and considers

what this reveals about the changing religiosity of the era as well An in depth historical study Art and Religion in Eighteenth Century Europe will be essential for art history and religious studies scholars alike Rebranding Rule Kevin Sharpe,2013-07-23 In the climactic part of his three book series exploring the importance of public image in the Tudor and Stuart monarchies Kevin Sharpe employs a remarkable interdisciplinary approach that draws on literary studies and art history as well as political cultural and social history to show how this preoccupation with public representation met the challenge of dealing with the aftermath of Cromwell s interregnum and Charles II s restoration and how the irrevocably changed cultural landscape was navigated by the sometimes astute yet equally fallible Stuart monarchs and their successors

This companion volume to *Revisiting 1759* examines how the Conquest of Canada has been remembered, commemorated, interpreted and reinterpreted by groups in Canada, France, Great Britain, the United States and most of all in Quebec. It focuses particularly on how the public memory of the Conquest has been used for a variety of cultural, political and intellectual purposes. The essays contained in this volume investigate topics such as the legacy of 1759 in twentieth-century Quebec, the memorialization of General James Wolfe in a variety of national contexts and the re-imagination of the Plains of Abraham as a tourist destination.
