Softer Steps at Jason Jacques Gallery as an evolution towards the quieter side of trees and form In my early works there was often an overabundance of branches and thus competing lines within the form In simplest terms the sculptures were often busy While they fit the context of the pieces at the time my philosophies about what I was trying to express evolved As my work matured I found that texturing the details was becoming second nature and I began focusing more attention on the form I realized that my goal was to get people to walk with softer steps on this planet It was this statement that resonated with me so strongly that I then set out to have it reflected in the work Serritella aims to create work that beautifully flows with rhythm and grace Hidden within the overall form and the incredible level of realistic detail there is a subtle quietness A flow A rhythm A peace *The Art and Craft of Stonework* David Reed,2003 Given in memory of Travis Weedon by John and Yolanda Hall **Be a Creative Changemaker: A Kids' Art Activity Book** Paula Liz,2024-01-16 Be a Creative Changemaker A Kids Art Activity Book introduces kids to 25 amazing artists through their biographies and hands on activities inspired by their work
