**Back to the Present, Forward to the Past** International Association for the Study of Irish Literatures. Conference, 2006 The island of Ireland north and south has produced a great diversity of writing in both English and Irish for hundreds of years often using the memories embodied in its competing views of history as a fruitful source of literary inspiration Placing Irish literature in an international context these two volumes explore the connection between Irish history and literature in particular the Rebellion of 1798 in a more comprehensive diverse and multi faceted way than has often been the case in the past The fifty three authors bring their national and personal viewpoints as well as their critical judgements to bear on Irish literature in these stimulating articles The contributions also deal with topics such as Gothic literature ideology and identity as well as gender issues connections with the other arts regional Irish literature in particular that of the city of Limerick translations the works of Joyce and comparisons with the literature of other nations The contributors are all members of IASIL International Association for the Study of Irish Literatures Back to the Present Forward to the Past Irish Writing and

History since 1798 will be of interest to both literary scholars and professional historians but also to the general student of Irish writing and Irish culture

**Shades of Authority** Stephen James, 2007-10-01 What is the relationship between poetry and power Should poetry be considered a mode of authority or an impotent medium And why is it that the modern poets most commonly regarded as authoritative are precisely those whose works wrestle with a sense of artistic inadequacy Such questions lie at the heart of this study prompting fresh insights into three of the most important poets of recent decades Robert Lowell Geoffrey Hill and Seamus Heaney Through attentive close reading and the tracing of dominant motifs in each writer's works James shows how their responsiveness to matters of political and cultural import lends weight to the idea of poetry as authoritative utterance as a medium for speaking of and to the world in a persuasive memorable manner And yet as James demonstrates each poet is exercised by an awareness of his own cultural marginality even by a sense of the limitations and liabilities of language itself

**Haunted Heaney** Ian Hickey, 2021-07-29 Haunted Heaney Spectres and the Poetry looks at the ghosts and spectres present within the poetry of the Nobel Prize winning poet Seamus Heaney Covering Heaney's work from his first collection *Death of a Naturalist* to his final collection *Human Chain* this volume analyses Heaney's poetry through the lens of hauntology as presented by Jacques Derrida in *Specters of Marx* This book presents spectres and ghosts not in the conventional sense as purely supernatural physical manifestations haunting a place but instead as having a non physical presence In this sense past cultures societies texts poets and memories are examined as having a spectral influence on Heaney's writing His work is indebted to hauntedness as the past in all its forms sutures itself within the present of his thinking and writing and our reading of the poetry Topics for discussion include the Norse spectres in the early poetry British colonialism and its haunting influence on the poet a renewed look at the bog poems as being influenced by the spectral the classical influence of Virgil and Dante and a reading of *Route 110* that incorporates the major instances of Heaney's career into a singular poem The book also incorporates Heaney's prose work and interviews into the discussion and uses these works as a metacommentary to the poetry offering a deeper insight into the mind of one of Ireland's greatest writers

**The Poet's Mistake** Erica McAlpine, 2020-06-09 What our tendency to justify the mistakes in poems reveals about our faith in poetry and about how we read Keats mixed up Cortez and Balboa Heaney misremembered the name of one of Wordsworth's lakes Poetry even by the greats is rife with mistakes In *The Poet's Mistake* critic and poet Erica McAlpine gathers together for the first time numerous instances of these errors from well known historical gaffes to never before noticed grammatical incongruities misspellings and solecisms But unlike the many critics and other readers who consider such errors felicitous or essential to the work itself she makes a compelling case for calling a mistake a mistake arguing that denying the possibility of error does a disservice to poets and their poems Tracing the temptation to justify poets' errors from Aristotle through Freud McAlpine demonstrates that the study of poetry's mistakes is also a study of critical attitudes toward mistakes which are usually too generous and often at the expense of the poet's intentions Through remarkable close readings of Wordsworth

Keats Browning Clare Dickinson Crane Bishop Heaney Ashbery and others The Poet's Mistake shows that errors are an inevitable part of poetry's making and that our responses to them reveal a great deal about our faith in poetry and about how we read *The Poetics of Symbiosis* [?], 2009-02 **Odisea nº 8: Revista de estudios ingleses** María Elena Jaime de Pablos, 2015-11-10 Revista de Estudios Ingleses es un anuario dirigido y gestionado por miembros del Departamento de Filología Inglesa y Alemana de la Universidad de Almería con el propósito de ofrecer un foro de intercambio de producción científica en campos del conocimiento tan diversos como la lengua inglesa literatura en lengua inglesa didáctica del inglés traducción inglés para fines específicos y otros igualmente vinculados a los estudios ingleses
